*Regulations under "The Stock Act, 1893," restricting the Importation of Animal Manure into New Zealand.—Notice No. 945.*

PLUNKET, Governor.

ORDER IN COUNCIL.

At the Government buildings, at Wellington, this seventeenth day of March, 1905.

Present:

THE HONOURABLE SIR J. G. WARD PRESIDING IN COUNCIL.

IN pursuance and exercise of the powers conferred upon him by "The Stock Act, 1893," and its amendments, His Excellency the Governor of the Colony of New Zealand, acting by and with the advice and consent of the Executive Council of the said colony, doth hereby make the following regulations restricting the importation of animal manure, namely:—

REGULATIONS.

1. For the purposes of these regulations,—

"Animal manure" means manure composed of or containing any portion of the carcase of any stock as defined in "The Stock Act, 1893," and its amendments, and includes the bones, blood, and any other parts of such carcase in every case where the bones, blood, or other parts are suitable or intended for the purposes of manure, but does not include bone-char.

"Inspector" means an Inspector of Manure-sterilising appointed for the purposes of these regulations.

2. The introduction into the Colony of New Zealand from any country or place other than India and the Commonwealth of Australia of any animal manure is hereby absolutely prohibited.

3. The introduction into the Colony of New Zealand of animal manuare either from India or from the Commonwealth of Australia is hereby restricted by prohibiting the same unless the following conditions are faithfully complied with:—

(1) The owner or person in charge of the works at which animal manure in any form is manufactured or prepared for export to New Zealand shall, not less than twenty-one days before commencing operations, apply to the Inspector acting for New Zealand in the country in which the works are situated for a license to manufacture or prepare at the said works such manure for export to New Zealand. The application shall be in the form numbered 1 in the Schedule hereto, or to that effect.

(2) On receipt of the application the Inspector may visit the works, and may grant such license in the form numbered 2 in the Schedule hereto, upon being satisfied—

(*a*) That a separate building and plant suitable for the purpose are set apart solely for the grinding, conveying, screening, storage, etc., of animal manure after sterilisation.

(*b*) That the buildings, appliances, and surroundings generally are satisfactory.

(3) The license shall remain in force until cancelled by the Inspector, and he may cancel the same at any time if satisfied that the requirements of the last preceding clause of these regulations are not properly complied with or that the owner or person in charge of the works has in any way failed to faithfully comply with these regulations in any respect.

(4) Before commencing or resuming the manufacture or preparation of animal manure for export to New Zealand seven clear days' notice must be given to the Inspector by the licensee.

(5) No consignment of animal manure shall be landed in New Zealand unless the said consignment is accompanied by a declaration in the form numbered 3 in the Schedule hereto, to the following effect:—

(*a*) That any bones contained in the said consignment have been either (i) subjected to a temperature of at least 281 degrees Fahrenheit (equal to an indicated steam-pressure of fifty pounds per square inch) for not less than four hours, or (ii) crushed so that no part thereof exceeds two inches in length and afterwards subjected to a temperature of at least 267 degrees Fahrenheit (equal to an indicated steam-pressure of forty pounds per square inch) for not less than two hours.

(*b*) That all animal ingredients, other than bones, contained in the said consignment have been subjected to a temperature of at least 267 degrees Fahrenheit (equal to an indicated steam-pressure of forty pounds per square inch) for not less than two hours.

(*c*) That the licensed building and machinery used in the manufacture and treatment of the said consignment have not, since the issue of the license, been used in the manufacture or treatment of any animal manure that has not been sterilised as aforesaid.

(*d*) That the said consignment has not been in contact after sterilisation with any animal manure that has not been sterilised as aforesaid.

(*e*) That during its manufacture or treatment the said consignment and the works were at all times open to inspection by the Inspector, or any officer authorised in that behalf by the Inspector.

(*f*) That the bags in which the said consignment is contained have never previously been used for any purpose whatsoever.

(*g*) That each bag is branded with the name of the works where it was filled, and also with a full description of its contents.

(*h*) That all carts, trucks, barges, or other conveyances will be properly cleansed to the satisfaction of the Inspector before the said consignment is loaded therein.

(*i*) That no animal manure that has not been sterilised as aforesaid will be conveyed to the port of shipment or to the ship on the same cart, truck, barge, or other conveyance with the said consignment.

(6) The said declaration shall be signed by the owner or person in charge of the works where the said consignment was manufactured or prepared, and shall be delivered to the Inspector, or some officer authorised in that behalf by the Inspector, at least twenty-four hours before the said consignment leaves the works. The Inspector or his officer, upon being satisfied that the foregoing requirements of these regulations have been complied with, and that the hereinafter-mentioned fee has been paid, shall countersign the declaration, and forthwith return it to the owner or person in charge of the works, to be by him forwarded to New Zealand with the consignment to which it relates.

(7) There shall be payable for each ton or part of a ton (by weight) contained in the consignment to which the countersigned declaration relates a fee of two shillings and six pence if in Australia, or of two rupees if in India.

(8) The countersigned declaration shall be delivered to an Inspector of Stock at the New Zealand port of importation before the consignment is landed.

(9) No consignment of animal manure shall be landed in New Zealand unless the said consignment is accompanied by a declaration in the form numbered 4 in the Schedule hereto with respect to each ship by which it was conveyed during any part of the voyage.

(10) The last-mentioned declaration shall in the case of each ship be signed by the master of the ship, and shall be delivered to an Inspector of Stock at the New Zealand port of importation before the consignment is landed.

4 If any person introduces, or attempts to introduce, into New Zealand any animal manure contrary to these regulations, then and in such case, and irrespective of any other penalty to which he is thereby liable, any Inspector of Stock shall have and may exercise all such powers of seizure and disposal as are contained in clause 53 of the general regulations hereinafter referred to.

5. Any person sending, or causing to be sent, any order for any animal manure to be imported into New Zealand from India or Australia shall at the same time forward by post a notice in the form numbered 5 in the Schedule hereto to the Secretary for Agriculture at Wellington, and also cause the Inspector in India or Australia, as the case may be, to be immediately notified of the purport of such order.

6. Any person intending to introduce animal manure into New Zealand shall give the Inspector of Stock at the port of landing not less than forty-eight hours' notice of his intention. The notice shall be in the form numbered 6 in the Schedule hereto, or to that effect.

7. The Inspector of Stock at the port of landing may submit samples of the manure to any analyst duly appointed under "The Adulteration Prevention Act, 1880," or "The Fertilisers Act, 1904," for report, and may detain the manure for a reasonable time pending inquiry or the report of the analyst. If in the opinion of the analyst the manure has not been treated as prescribed by these regulations it shall be treated, dealt with, or disposed of as the Minister directs.

8. Any person importing animal manure into New Zealand may be required by any Inspector of Stock to thoroughly disinfect any conveyance or vehicle in which such animal manure has been conveyed after leaving the ship.

9 Any person committing in New Zealand a breach of these regulations shall, on conviction, be liable to a penalty of not less than five pounds nor more than five hundred pounds.

10. So much of the general regulations dated the thirtieth day of December, one thousand eight hundred and ninety-three, made under "The Stock Act, 1893," and published in the *New Zealand Gazette* of the fourth day of January, one thousand eight hundred and ninety-four, as is inconsistent with these regulations is hereby revoked or modified in so far as such inconsistency exists, but not further or otherwise.

11. The forms prescribed by these regulations can be obtained free of charge from the Secretary for Agriculture at Wellington, the Inspector of Stock at any New Zealand port or any Inspector of Manure-sterilising.

## EXAMINATIONS.

*The 2nd November 1905.*

*No. 727.*—With reference to rules 4 and 9 of the rules published with the Home Department Notification No. 529, dated the 8th September 1899, and to rules 2 and 6 published with the Resolution of the Government of Bengal, No. 364T.F., dated the 10th October 1894, it is hereby notified that the examination prescribed for filling up vacancies in the lower division of the Secretariat clerical service of the Government of India and attached offices and in the clerical establishments of the offices subordinate to the Government of Bengal will be held at Calcutta in the Senate House of the Calcutta University, commencing on Saturday, the 6th January 1906.

The examination at Allahabad and Lahore will be held at the same time at the places to be appointed by the Governments of the United Provinces and the Punjab, respectively. The hours of examination at Calcutta will be from 10 A.M. to 1 P.M. and from 1-30 P.M. to 4-30 P.M. daily.

The probable number of vacancies in the lower division of the Secretariat clerical service of the Government of India and attached offices to be competed for is ten. Of these, five will be reserved for candidates domiciled in the United Provinces, the Punjab, the Central Provinces, Rajpatna, Central India, and Baluchistan, provided that a sufficient number of such candidates duly qualified appear for the examinations to be held at Allahabad and Lahore. The remaining vacancies will be offered for competition among the candidates examined at Calcutta and such candidates temporarily resident, but not domiciled, in any of the provinces enumerated above, as may be permitted to present themselves for examination at Allahabad and Lahore.

The probable number of vacancies in the offices subordinate to the Government of Bengal is sixteen. These will be reserved for candidates examined at Calcutta, but five will be reserved for the special service of domiciled Europeans and Eurasians.

Candidates should pay the prescribed fee (Rs. 10) into the nearest treasury, and forward the treasury receipt to the Secretary to the Board of Examiners, Calcutta. Candidates paying their fees in Calcutta should pay them into the Bank of Bengal.

Application for permission to appear at the examination should be made to the Secretary to the Board of Examiners, Calcutta, between the date of this notification and the 15th December next (inclusive).

The attention of intending candidates is called to rule 8 of the rules* published with the Home Department notification of the 8th September 1899 and to rule 5 of the rules published with the Resolution of the Government of Bengal of the 10th October 1894 as amended by notification No. 877-T.F., dated the 17th October 1896, prescribing the particulars and documents† which should accompany the application for permission to appear at the examination.

* *Particulars and documents prescribed in rule 8 of the rules published with the Home Department notification of 8th September 1899.*

(1) Evidence that the candidate at the date of making his application is not less than 18 and not more than 24 years of age. The date of the candidate's birth must be stated.

(2) In case the candidate has been educated at school in which students' good-conduct registers are kept, the candidate's register for the last year of his attendance at school when a year has not elapsed since he left school. In other cases, a certificate that the candidate is of good moral character from the head of the institution in which he has last been educated, or from some respectable householder to whom he is well known in private life, and who is himself known to a district or subdivisional magistrate or to the head of some Government office,—this last fact being certified by the countersignature of the officer in question.

(3) If the candidate is employed under Government, a certificate by the head of the office or department to the effect that, in his opinion, there is no objection to the candidate appearing at the ensuing clerkship examination.

(4) A statement whether the candidate has appointed at any previous clerkship examination, and if so, in what year.

† *Particulars and documents prescribed in rule 5 of the rules published with the Resolution of the Bengal Government of the 10th October 1894, as amended by Notification No. 877T.F., dated the 17th October 1896.*

(1) The candidate's certificate of the Entrance or any higher University examination, or of Standard VI prescribed by the Code for European Schools.

(2) Evidence that the candidate at the date of making his application is not less than 18 and not more than 24 years of age. The date of the candidate's birth must be stated.

(3) In case the candidate has been educated at a school in which students' good-conduct registers are kept, and in case a year has not elapsed since he left school, a copy of the candidate's register for the last year of this attendance at school certified by the head master. In other cases, a certificate that the candidate is of good moral character from the head of the institution in which he has last been educated, or from some respectable householder to whom he is well known in private life, and who is himself known to a district or subdivisional magistrate or to the head of some Government office,—this last fact being certified by the countersignature of the officer in question.

*No. 2256L.S.-G., dated the 8th November 1905.*—It is hereby notified for general information that, in exercise of the power vested in the Local Government by section 139, clause 2 of the Bengal Local Self-Government Act, III of 1885, the Lieutenant-Governor confirms the by-laws set forth below, which have been framed by the District Board of Midnapore under clause 1 of the said section of the Act:—

**Midnapore.**

DEFINITION.

1. The words "Chairman" or "Vice-Chairman" used in these bye-laws shall mean the Chairman or Vice-Chairman of the District Board or of the Local Board or Union Committee under whose direct control the road concerned may be.

2. Road in these rules shall mean any road under the control and administration of the District Board, or of any Local Board, or any Union Committee, and shall include all bridges, culverts, and waterways, as well as the slopes, berms, side drains and all lands appertaining thereto, and being the property of, or vested in, or under the control of, the District Board, Local Board or Union Committee.

BY-LAWS.

1. Whoever encroaches or trespasses on a road by constructing any building, wall or fence thereon, or any projection overhanging any part thereon, or in any other manner, shall be liable to a fine not exceeding Rs. 22, and to a further fine not exceeding Rs. 2 for every day during which the offence is continued after the first conviction. If the Court shall think fit the daily fine may begin to run from a date fixed so as to give the owner reasonable time to remove the nuisance or obstruction.

2. Whoever tethers any beast on or in such a manner that it can stray over to any road shall be liable to a fine not exceeding Rs 2, and the owner of the beast so tethered shall be presumed to have tethered the beast unless the contrary is proved.

3. Any person stacking straw, jute, brick, ballast, or other materials, or erecting a stall or any temporary shed or exposing goods for sale on any road without the permission in writing of the Chairman or Vice-Chairman, or the District Engineer, as the case may be, shall be liable to a fine not exceeding Rs. 10 and to a further fine not exceeding Rs. 2 for every day during which the offence is continued after the first conviction. Such permission shall only be granted on condition that the person so using the road shall restore it to its former condition within a period to be prescribed by the authority granting the permission and any person failing so to restore the road within the period prescribed shall be liable to the punishment mentioned in this by-law.

4. Any person making or causing any obstruction in or to any waterway or drain or channel under the control and administration of the District or a Local Board or a Union Committee, without the permission in writing of the Chairman or Vice-Chairman or the District Engineer, as the case may be, shall be liable to a fine not exceeding Rs. 10 and to a further fine not exceeding Rs. 2 for every day during which the offence is continued after the first conviction.

5. Any person in possession of or having control over any tree, bamboos or hedges overhanging a road, may be required in writing by the Chairman or Vice-Chairman or by the District Engineer to trim such trees, bamboos, or hedges, up to such height as may be directed from the surface of the road. Whoever shall fail to comply with such requisition within the period therein prescribed shall be liable to a fine not exceeding Rs. 5 and to a further daily fine not exceeding Re. 1 after such conviction and until such requisition shall have been properly complied with.

6. No person shall, without the permission in writing of the Chairman or Vice-Chairman or the District Engineer, cut any part of a road or take earth therefrom, or shall make any embankment for purposes of irrigation or drainage or shall excavate a hole, pit or tank, or well on or within a road deep enough to damage any road, culvert or bridge. Whoever infringes this by-law shall be liable to a fine not exceeding Rs. 25, and shall also be liable to a further fine not exceeding Rs. 2 for every day after his conviction during which such offence is continued.

7. No person shall slaughter cattle, cast dead bodies, clean any carcass or dry any hides or burn bricks or train or break any horse on a district or village road or any lands appertaining to such road. Any person convicted of such an offence shall be liable to a fine not exceeding Rs. 10, and to a further daily fine not exceeding Rs. 2 every day during which the offence is continued after the first conviction.

8. Any person steeping jute or hemp or any other offensive matter in any roadside drain, stream, channel, water-course, tank, reservoir or well, which is either the property of the District Board or under its control and administration shall be liable to a fine not exceeding Rs. 10 and to a further fine not exceeding Rs. 2 every day during which the offence is continued after the conviction of the offender.

9. Any person who without the permission in writing of the Chairman or Vice-Chairman or the District Engineer, plants any trees or shrubs on any portion of a road shall be liable to a fine not exceeding Rs 5 for each tree or shrub planted, and such person shall remove the tree or shrub on the requisition of the District Board, Local Board, or Union Committee signed by the Chairman or Vice-Chairman or the District Engineer, and shall after conviction and until such removal be liable to pay a further fine not exceeding Re. 1 per day during the continuance of the offence after conviction.

10. Any person forcing his way or driving any animal or vehicle over a road, bridge, culvert, or canal while in course of construction or under repair and closed to traffic under the orders of the Chairman or Vice-Chairman or of the District Engineer shall be liable to a fine not exceeding Rs. 10.

11. Any person who is the owner or occupier of a tank, well or other excavation which is so situated as to be likely to cause injury or danger to persons using a road and who after due notice fails or neglects to fence in or duly protect such tank, well or other excavation in such manner as he may be directed by the Chairman or Vice-Chairman or by the District Engineer, shall be liable to a fine not exceeding Rs. 10 and to a fine not exceeding Re. 1 per day for the continuance of such failure or neglect after conviction.

12. The owner or occupier of a house or other building standing on the side of a road who fails or neglects to obey within 15 days a notice requiring him to—

(1) remove any spout or other thing intended for the conveyance and discharge of water which is likely to cause injury to the road or a nuisance or obstruction to the passing traffic; or

(2) alter it in such a manner as to prevent such injury, nuisance or obstruction, shall be liable to a fine not exceeding Rs. 5 and to a daily fine not exceeding Re. 1 until such requisition be complied with.

13. Any person in charge of a cart or cattle who leaves the cart or cattle on a road without a driver or without custody shall be liable to a fine of Rs. 2.

14. (*a*) Any person in charge of a cart shall load the cart in such a manner as to prevent the contents of the cart damaging the road.

(*b*) If the load of the cart projects beyond the length of the cart, the person in charge of the cart shall walk by the heads of the draft-cattle when passing another vehicle.

(*c*) If any of the contents of a cart shall fall on a road, they shall be removed at once by the person in charge of the cart.

(*d*) If any vehicle shall break down on a road, the driver shall remove it to the edge of the road without delay, and remove all materials which may have fallen therefrom off the surface of the road within a reasonable time and shall place the vehicle in such a position that it will not obstruct traffic.

For contravention of any of these by-laws the person in charge of the cart shall be liable to a fine not exceeding Rs. 5.

15. A carriage drawn by a horse or horses, whether it be a two or four wheeled carriage or waggon drawn by any other animals or motive power, shall between the hours of dusk and dawn, except on clear moon-light nights, when travelling on a road carry two conspicuous lights one on either side, and in the same circumstances every two-wheeled cart, elephant, camel, bicycle, tricycle, or multicycle shall carry one such light. Any person infringing this rule shall be liable to a fine not exceeding Rs. 5.

16. No elephant or camel shall be allowed to pass over a wooden bridge. Any such animal proceeding upon or remaining on a road shall on the approach of any person riding or driving on the road or leading a horse at once be removed by the person in charge of it to a reasonable distance therefrom. Any person infringing this rule shall be liable to a fine not exceeding Rs. 5.

17. Every elephant or camel proceeding on a road shall be provided with a bell, and any person owning, riding, driving, or in charge of an elephant or camel on a road shall, if he is not so provided, be liable to a fine not exceeding Rs 5.

18. Any person owning a tree, house, wall or other erection which has fallen or part of which has fallen on to a road shall remove the obstruction within a reasonable time, and if he fails to do so shall be liable to a fine not exceeding Rs. 5 and to a daily fine not exceeding Re. 1 for every day during which the offence is continued after conviction.

*No. 2260M.— The 7th November 1905.*—Whereas a Notification No. 2063T.—M., dated the 14th August 1905, was published at page 153, Part IB of the *Calcutta Gazette* of the 16th idem, declaring the intention of the Lieutenant-Governor to make the following rule for the guidance of Commissioners in making contributions from the Municipal Fund for the improvement of private tanks and wells, and whereas no valid objection has been raised to the proposal, it is hereby notified for general information that, in exercise of the power conferred on him by section 69B(*d*) of the Bengal Municipal Act, III of 1884, the Lieutenant-Governor confirms the said rule :—

(1) Contributions made by the Commissioners out of the Municipal Fund towards the re-excavation, repair, improvement or maintenance of any private tank or well shall, if the amount of the contribution exceeds one hundred rupees, be subject to confirmation by the District Magistrate, and shall in every case be subject to the condition that the water of such tank or well shall be available for use by the public for domestic purposes and for watering cattle.

*No. 2278L.S.-G.—The 10th November 1905.*—It is hereby notified that, under section 24 of the Bengal Local Self-Government Act, III of 1885, the Lieutenant-Governor is pleased to re-appoint the Magistrate of Gaya to be the Chairman of the District Board of Gaya.

*No. 2282L.S.-G.—The 10th November 1905.*—It is hereby notified that, under section 24 of the Bengal Local Self-Government Act, III of 1885, the Lieutenant-Governor is pleased to re-appoint the Magistrate of Shahabad to be the Chairman of the District Board of Shahabad.

Bankura.

*No. 2284L S.-G.—The 10th November 1905.*—It is hereby notified for general information that, in exercise of the power vested in the Local Government by section 139, clause 2 of the Bengal Local Self-Government Act, III of 1885, the Lieutenant-Governor confirms the by-laws set forth below, which have been framed by the District Board of Bankura under clause 1 of the said section of the Act:—

*Definition.*

"A reserved tank or well is a tank or well under the control and administration of the District Board, which the District Board has reserved by public notice for the supply of water for drinking and for culinary purposes. A notice-board on the edge of a tank or well containing the words 'reserved tank' or 'reserved well' or words to that effect shall be deemed to be sufficient notice for the purpose of this definition"

"All places from which water can flow directly into a reserved tank or well are included in the slopes of such tank or well."

*By-laws.*

1. No person shall draw water from a reserved tank or well except for drinking, culinary or household purposes save by express permission of the District or Local Board

2. No person shall bathe or wash his own body or any portion of his body or that of any other person or wash clothes in any reserved tank or upon the banks, slopes or sides of any reserved well or tank.

3. No person shall allow his cattle as defined in the Cattle-Trespass Act, I of 1871, or his ducks, geese or other birds to enter the water of any reserved tank or shall wash any such animal in or on the banks, slopes or sides of any reserved tank or well.

4. No person shall commit nuisance in or on the banks or slopes or sides of any reserved tank or well or throw any filthy substance into or in any way pollute the water thereof or allow the water of any sink, sewer or cess-pool or privy or any offensive matters belonging to him or being on his land to flow thereinto.

*Explanation.*—Steeping jute or bamboos in a reserved tank amounts to an offence under this by-law.

5. No person shall cut sod or grass or remove earth or grass from the sides or slopes of any reserved tank without express permission of the District or Local Board.

6. No person shall allow any trees, bamboos or other vegetation growing on land in his occupation to overhang any reserved tank or well so as to foul the water of such tank or well, or fail to cut or remove the same after reasonable notice.

7. No person shall cultivate the banks, slopes or sides of a reserved tank or well except in any manner approved by the District Board or Local Board or Union.

8. No person shall erect any hut or house upon the banks, slopes or sides of a reserved tank or well without the permission of the District or Local Board or Union.

9. No person shall catch fish in a reserved tank without the permission of the District or Local Board or Union and except at such times and in such manner as the District or Local Board or Union may approve.

10. The penalty for the breach of any of the above by-laws shall be a fine not exceeding Rs. 20 in the case of by-laws Nos. 5, 6 and 7, Rs. 25 in that of No. 1, and Rs. 50 in that of Nos 2, 3, 4, 8 and 9.

Hooghly Collectorate, the 8th November 1905

## Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government to the undermentioned estates situate in the district of Hooghly will be sold by public auction subject to the conditions specified below at the Hooghly Collectorate on the 18th December 1905, corresponding with 3rd Pous 1312 B.S.:—

*Conditions of Sale.*

*1st.*—The estate is to be sold to the highest bidder above the upset price, viz., Rs. 44. The purchaser of the estate will be registered as the proprietor of the estate, and the entire proprietary right of Government will be transferred to him subject to the payment of revenue fixed in perpetuity of Rs. 22 as per schedule given below.

*2nd.*—The sale is to be subject to existing leases and the rights conferred by the settlement proceedings and by the laws in force, and purchasers are to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

*3rd.*—If the amount of purchase-money does not exceed Rs. 100, the whole of the amount is to be paid down at once.

*4th.*—If the amount of purchase-money exceeds Rs. 100, one-fourth of the amount of bid is to be immediately deposited. If the balance be not paid by the noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by the noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate is to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement, as in the case of original sale.

## NOTICES TO MARINERS.

THE following Notices are published for general information.

W. A. INGLIS,
*Secretary, Marine Department.*

CALCUTTA, *the 30th October 1905.*

### INDIA, WEST.—BOMBAY COAST.

*Mangalore.—Wreck in the Steamer Anchorage.*

*No 426 (first publication).*—The Bombay Government has given notice (No. 90 of 1905) that a cargo boat partly laden with sleepers lies sunk in 5¼ fathoms in the Steamer Anchorage with the Lighthouse bearing N. E. She is standing upright and her mast is only 4 feet over the water.

*This notice affects Admiralty Chart, Mulki to Mount Dilli, No. 746: Also West Coast of Hindustan Pilot, 1898, page 145.*

### INDIA, WEST—SIND COAST.

*Karachi harbour.—Mooring buoys removed.*

*No 427 (first publication)*—With reference to Notice to Mariners No 140, dated 8th May 1905, issued by this office, the Bombay Government has given further notice (No. 91 of 1905) that the two Mooring buoys referred to have been removed and will not now be replaced.

*This Notice affects Admiralty Chart:—Karachi Harbour, No. 4, Also West Coast of Hindustan Pilot, 1898, page 303, and Supplement 1903 relating to that work, page 19.*

### STRAITS SETTLEMENTS—SINGAPORE.

*Mount Faber.—Time ball established.*

*No 428 (first publication).*—With reference to Notice to Mariners No. 180, dated 1st June 1905, issued by this office, the British Admiralty has given further notice (No 1026 of 1905) that a time ball has been established at the observatory on mount Faber, Singapore, and that it, as well as the other time signal, is dropped automatically by electricity from this observatory at $1^h\ 0^m\ 0^s$ Standard time of the 100th meridian or at $0^h\ 55^m\ 17^s\ 6$ mount Faber Observatory time, corresponding to $18^h\ 0^m\ 0^s$ Greenwich mean time.

Should the signal fail it is again hoisted, and the signal repeated in a similar manner to the time balls at fort Canning and pulo Brani.

An electric time bell for the use of shipping has been fitted in the office of the Wharf Superintendent, Tanjor Pagar Company. This time bell is in connection with the Observatory Standard clock, and rings automatically at every hour of Greenwich mean time.

Chronometer comparisons may be obtained by applying at the above-mentioned office.

Approximate position, mount Faber, lat. 1° 16′ 15″ N., long. 103° 49′ 24″ E.

*This Notice affects the following Admiralty Charts:—Singapore roads, No 1995; Keppel harbour, No. 2023: Also, List of Time Signals, 1904, page 22; China Sea Directory, vol. I., 1896, page 213; and Supplement, 1899, page 15.*

---

KOREA, SOUTH COAST.—Fusan harbour.

*Position of leading lights altered.*

*No. 432 (first publication).*—The British Admiralty has given notice (No. 1030 of 1905) that the positions of the leading lights on the north-western shore of Fusan harbour, Korea, have been altered, and they are now situated as follows:—

*a.* The rear light (*white fixed*), elevated 158 feet above high water, is situated with Sapyongu san △ bearing S. 28° W., distant 9 1/10 cables, and Uno se (Channel rock) lightbeacon S. 56° E.

*b.* The front light (*red fixed*), elevated 60 feet above high water, is situated 1 1/10 cables S. 53° E. from the rear light.

These lights are visible from a distance of 5 miles, and when in line bearing N. 53° W. lead up the harbour clear of the dangers on either hand.

A patch, with a depth of 9 fathoms over it, exists on the northern side of the entrance to the harbour, in a position from which the southern extreme of the Kokugan islets bears S. 85° E., distant $5\frac{1}{10}$ cables, and the northern extreme of the islet (127 feet) off Shindu kutsu N. 46° E.

Approximate position, Sapyongu san △, lat. 35° 7½′ N., long. 129° 1′E.

*(Variation 5° Westerly in 1905.)*

*This Notice affects the following Admiralty Chart:—Fusan harbour, No. 1259: Also, List, of Lights, part VI, 1905, No. 878; and Sailing Directions for Japan, etc., 1904, page 119.*

---

PACIFIC OCEAN.—PHILIPPINE ISLANDS.—SAMAR, WEST COAST.

*Katbalogan—Lutao reefs.—Amended position of buoy.*

*No. 433 (first publication).*—The British Admiralty has given notice (No. 1031 of 1905) that from copies of a United States chart recently received, it appears that the black can buoy marking the eastern end of Lutao reefs is situated with Anas point bearing N. 17° E., distant 11⅓ cables, and the Cemetery chapel S. 81° E., and not as now shown on some copies of Admiralty Chart No. 1622.

## RESOLUTION ON THE REPORTS ON INLAND EMIGRATION FOR THE YEAR ENDING THE 30TH JUNE 1905.

GENERAL DEPARTMENT—EMIGRATION.

*Calcutta, the 11th November 1905.*

RESOLUTION—No. 2854.

READ—

The Reports on Inland Emigration for the year ending the 30th June 1905, submitted by the Superintendents of Emigration, Calcutta, the Sonthal Parganas, Hazaribagh, Ranchi, Palamau, Manbhum and Singhbhum, and by the Travelling Superintendent of Emigration for Lower Bengal and the Central Provinces.

Read also—

The remarks of the Commissioners of the Bhagalpur and Chota Nagpur Divisions on the reports submitted by the Superintendents of Emigration in their respective Divisions.

Several amendments in the rules under Act VI of 1901 were made during the year under review with the object of modifying the depôt and transit regulations so as to render emigration to Assam less unpopular. It was

represented by the Hon'ble the Chief Commissioner that the rules which provided for supplying emigrants with cooked meals acted as a distinct obstacle to recruitment, and he urged that uncooked food should be offered and facilities given to the emigrants for cooking it themselves. The Lieutenant-Governor consulted the officers of the recruiting districts, and from their replies it appeared that the objection was well founded. Rules were accordingly introduced to give effect to the suggestions of the Assam Administration. It was further brought to notice that the rules relating to the clothing, housing, and transport of emigrants which were suitable for persons recruited by contractors under Chapter III of the Act were not only unnecessary in the case of sardari emigrants but tended to make their recruitment difficult. These rules were accordingly declared inapplicable in most cases to emigrants recruited under Chapter IV and sections 90 and 91 of Chapter V. Anti-cholera inoculation which had never been compulsory was found to have acted as a deterrent to emigration, while it had not produced any marked effect in preventing epidemics. With the concurrence of the Assam Administration it was abolished during the year. Rule 116 provided that emigrants on transit should be halted for eight hours at Naihati. It was suggested that if this rule were modified, a through train could be run from Asansol to Goalundo, and the journey to Assam appreciably shortened. The East Indian Railway accepted the proposal and the rules were modified so as to substitute a halt at Asansol for that at Naihati The opening of a railway line through Palamau rendered it easier for emigrants from that district to be taken to Daltonganj for registration. Sanction was accordingly given to the separation of the districts of Ranchi and Palamau for emigration purposes.

2. In the Resolution recorded on last year's reports, a reference was made to an abuse which had sprung up in the district of Manbhum of smuggling intending emigrants from that district to adjoining districts in respect of which prohibitive notifications under section 3 of the Act had not been issued, and of despatching them to Assam in accordance with the procedure allowed by section 92. The reports under review indicate that this abuse still continues. The result of measures taken to repress the smuggling of emigrants to Raniganj was that the number of prosecutions for fraudulent recruitment in the Sonthal Parganas rose from 11 to 24. The Deputy Commissioner of Manbhum states that the feature of the year was the spread of illicit recruitment in the protected areas with the extension of the free depôt system in the contiguous districts. While the Travelling Superintendent of Emigration expresses the opinion that the practice is not so extensive now as formerly, there can be no doubt that persons are taken from notified districts to depôts situated in places outsides these areas for despatch as free emigrants, and that in some cases they are passed through as being natives of tributary states. Various suggestions for stopping this practice were under consideration during the year. The most drastic remedy suggested was that prohibitive notifications under section 3 should be issued in respect of the districts adjoining Chota Nagpur, but as it was thought that this would act as an undue restraint upon recruitment, the proposal was not sanctioned. On the advice of the Superintendent of Emigration, Calcutta, a rule was framed prescribing that a register should be kept of all persons recruited under section 92, giving details from which they could be traced and laying down that no emigrants should be despatched from places of accommodation until the register had been inspected by an officer of the Government. The Lieutenant-Governor trusts that this will help to check the abuse.

3. The unsatisfactory condition of the Inland Labour Transport Fund rendered the reduction of establishments imperative. It was proposed by this Government that the post of Travelling Superintendent of Emigration should be abolished, but the Government of India directed that it should be maintained during the months in which emigration was active. The period of the appointment was, at the instance of the Chief Commissioner of the Central Provinces, eventually extended to nine months. The absence of cholera outbreaks at Chandpur, Naihati and Asansol rendered it possible to abolish altogether the cholera hospital at Chandpur and to reduce the establishments at

Naihati and Asansol. The cholera hospital at Madhupur being no longer required was also abolished.

4. Twenty-four thousand three hundred and eighty-four emigrants were despatched to the labour districts as against 22,322 in the previous year. Of these 3,150, or 13 per cent., were recruited by licensed recruiters under Chapter III of the Act; 8,108, or 33·2 per cent., by garden-sardars working under Chapter IV, 731, or 3 per cent., by specially employed sardars working under sections 90 and 91, and 12,395, or 50·8 per cent., under the provisions of section 92. The increase in the total number of emigrants does not call for notice, but there is a remarkable variation in the numbers recruited under the different methods authorized by the law. The figures of recruitment under Chapter III are less than half of what they were in the preceding year, while the number of persons recruited under section 92 is almost double. The decrease under the former head is attributed partly to a smaller demand for labour from licensed contractors, but it must obviously have been due principally to competition with free labour agents working under section 92. Recruitment under Chapter III in the Sonthal Parganas and Chota Nagpur is very limited, and in the latter division the contractors did little or nothing except in Manbhum, and even there the number of their recruiters is yearly becoming smaller. The chief centres of recruitment under section 92 are Raniganj, Midnapore, Kharagpur and Cuttack. Recruitment by garden-sardars was somewhat more active than in the previous year, especially in the Sonthal Parganas and in the Chota Nagpur Division, where 5,344 emigrants were recruited as against 4,330. The increased activity in recruitment was most noticeable in Hazaribagh where it is attributed to bad harvests.

By order of the Lieutenant-Governor of Bengal,

G. GORDON,

*Offg. Secretary to the Govt. of Bengal.*

## PRELIMINARY FORECAST OF THE WINTER RICE CROP OF BENGAL, 1905.

THE following forecast is published for general information.

R. W. CARLYLE,

*Offg. Chief Secy. to the Govt. of Bengal.*

*The 6th November 1905.*

## DEPARTMENT OF LAND RECORDS AND AGRICULTURE, BENGAL.

### PRELIMINARY FORECAST OF THE WINTER RICE CROP OF BENGAL, 1905.

*Character of the season.*—In April and May there was good rain all over the Province. But June was a very dry month, the fall being, excepting in North Bengal, very scanty indeed. The monsoon set in early in July over Bengal Proper. In Bihar it was delayed till about the middle of July. Orissa had very little rainfall in June, and in July deficient rainfall. In August Balasore suffered very much from drought. During the latter half of July and all through August to the middle of September rain was continuous and heavy in Bihar and in parts of East and North Bengal. The crop in the districts of Saran, Muzaffarpur, Darbhanga, Purnea, the Sonthal Parganas, Rajshahi, Rangpur, Bogra, Pabna, Mymensingh, Dacca, Backergunge and Tippera suffered more or less owing to excessive rainfall and consequent floods. In many places the newly-transplanted plants were washed away and fields had to be transplanted again. Damage from floods is also reported from Howrah and the 24-Parganas. On the other hand, in Orissa and in parts of Chota Nagpur the crop suffered from want of sufficient rainfall. The season on the whole was not very favourable for the growth of the crop.

*Area sown.*—Since the issue of the final forecast, 1904, the Collectors of Hooghly, Howrah, Jessore, Dacca, Mymensingh, Backergunge and Bhagalpur have revised the normal areas in their districts. The total *normal* area under winter rice now stands at 30,889,300 acres against 30,782,600 acres reported last year. The *actual* area under the crop this year is 29,908,000 acres against 30,217,900 acres of last year, which was since revised to 30,127,600 acres.

*Character of the crop.*—Out of forty-six districts (Howrah and Hooghly being now dealt with separately), the Sonthal Parganas and Darjeeling expect an outturn above 100 per cent., viz., 102 and 103 respectively. The eight districts, viz., Birbhum, Bankura, Jalpaiguri, Dacca, Patna, Gaya,

Bhagalpur and Hazaribagh expect a normal crop. On the other hand, Nadia anticipates a low outturn of 66 per cent. only. Howrah, Bogra, Noakhali Muzaffarpur, Monghyr, Cuttack, Angul, Puri, Ranchi and Palamau expect between 70 to 78 per cent. Fifteen districts expect a crop of 80 to 89 per cent., and the remaining nine between 90 to 99.

*Outturn.*—According to the estimates of District Officers, the outturn for the whole Province works out to 88 per cent. Considering the unseasonable character of the rainfall, I would not raise it to a higher figure.

N. D. BEATSON BELL,

*Offg. Director of the Dept. of Land Records and Agriculture, Bengal.*

CALCUTTA,
*The 12th October 1905.*

[On an average of the five years ending 1903-1904 the area under rice in the territory to which this forecast relates has represented some 51·9 per cent. of the total area under rice in British India.

They withered when the water dried up in July; (3) to abnormal flood in August and the current month which destroyed a considerable portion of the winter rice sown or transplanted, specially in the eastern part of the district. Some improvement in the prospect may, however, still take place if the floods subside quickly. |
| Pabna ... | Sadar ... ... | 564,480 | 405,800 | 355,200 | 330,000 | 330,000 | 95 | 100 | ... | ... | ... | In the Sadar subdivision an average crop showing a somewhat better outturn than that of last year is expected from the gradual rise of the flood water. In the Sirajganj subdivision the high flood has destroyed the crop. It may improve if the river subsides soon. |
| | Sirajganj ... ... | 612,480 | 459,500 | 210,800 | 225,000 | 22,000 | 95 | 80 | ... | ... | ... | |

The decrease in the normal area and area sown is due to the increase in the area under jute, and high floods may be attributed to the decrease in the outturn as compared with the past year. |

Hence the decrease in column 7. Again owing to unusual rise of river water this year, paddy sown on high fields has been, to a great extent, destroyed. Hence the decrease in column 9. On account of excessive rain and consequent high water at sowing and transplanting seasons, some damage has been done to the plants and some lands have remained fallow. The estimated area sown is therefore below the normal area, and the outturn also will probably be below the normal. | |

## PRELIMINARY FORECAST OF THE INDIGO CROP OF BENGAL, 1905.

THE following note is published for general information.

R. W. CARLYLE,

*Offg. Chief Secy. to the Govt. of Bengal.*

*The 6th November 1905.*

## DEPARTMENT OF LAND RECORDS AND AGRICULTURE, BENGAL.

### PRELIMINARY FORECAST OF THE INDIGO CROP OF BENGAL, 1905.

*Introductory.*—The most important indigo-growing districts in the Province are Champaran, Darbhanga, Muzaffarpur and Saran in the Patna Division and Purnea, Monghyr and Bhagalpur in the Bhagalpur Division.

*Character of the season.*—Owing to an unusually protracted cold weather, the sowings, which usually begin in February in Behar were later than usual. But the rainfall was generally favourable in April and May. June, however, was an exceptionally dry month, the monsoon being practically delayed in Bihar till about the middle of July. The plants suffered severely in consequence of the drought and *mahai* was also delayed. Then followed, during the latter half of July and all through August to the middle of September, heavy and continuous rain, causing floods and the loss of a considerable quantity of plant. The season on the whole was therefore unfavourable.

*Area sown.*—Owing to the state of the market the area under indigo is contracting so rapidly that the normal area under this crop has well nigh ceased to have any meaning. The area sown this year is reported to be 170,000 acres against 223,100 acres of last year (1904) and 249,700 acres of the preceding year (1903). During the year under report the decrease in area has been most marked in Champaran, Muzaffarpur, Darbhanga and also in Purnea. Among the minor districts there was no sowing at all in Rangpur and Midnapur and practically none in Cuttack.

*Outturn.*—Among the important districts Muzaffarpur only estimates an outturn of 25 per cent.; Champaran 27; Saran 30; while Darbhanga shows 66 per cent.; Purnea 63; Bhagalpur 69 and Monghyr 71.

The estimated outturn for Lower Bengal, including the minor Bihar districts, amounts to 64 per cent., and that for North Behar, including Monghyr, only 39 per cent. The average of the Province, according to the district officer's return, is 44 per cent. against 56 per cent. of last year.

The total yield of North Behar (including Monghyr) may, according to the district returns, amount to 13,332 Factory maunds and that of Lower Bengal, including the

minor Behar districts, to 6,586 Factory maunds, the total being 19,918 Factory maunds or say 20,000 Factory maunds (A Factory maund is about 75lbs.). The estimated outturn last year, according to official returns, was 33,040 Factory maunds. According to trade returns given by Messrs. Moran & Co., last year's total actual outturn was 36,500 Factory maunds.

Messrs. Moran & Co.'s estimate of the crop for the present year is 3,000 Factory maunds from Lower Bengal and 16,000 Factory maunds from *first cuttings* in Behar (*i.e.* Saran, Tirhoot, Champaran and Monghyr). The prospects for *khoonties* are reported to be very unfavourable.

N. D. BEATSON BELL,

*Offg. Director of Land Records and Agriculture, Bengal.*

CALCUTTA,

*The 30th September 1905.*

On an average of five years ending 1903-04, the area under indigo in the territory to which this forecast relates has represented some 38·1 per cent. of the total area under indigo in British India.

Since the year 1901 an Industrial Exhibition has been held in connection with the annual session of the Congress. Such Exhibitions were held at Calcutta 1901, Ahmedabad 1902, Madras 1903, and Bombay 1904; an agricultural side having been added to it at the last named place. It is proposed to hold the 5th Industrial and Agricultural Exhibition at Benares about the time the Congress meets here in December 1905.

2 Though the Exhibition is held under the auspices of the Congress its accounts are kept separate, and any surplus from the Exhibition funds is not devoted to the purposes of the Congress

3 The Exhibition is intended to give an idea of the present condition of Indian industries and agriculture and the possibilities of their future development.

4. It is true that commercial enterprise is not the sole requisite for national greatness, yet no one will deny that material progress is essential to the prosperity and well-being of the community, and the conviction is growing year by year that the manufacturer no less than the scholar, the mechanic no less than the teacher and the clerk has an honourable place in the State. It is being more and more realised that agriculture and other industrial pursuits offer a wide and useful field for brain as well as muscle, for minds of every calibre and for the application of the most advanced scientific knowledge.

5. The Exhibition will aim at bringing together specimens of the natural products of India and modern appliances by which Indian industries may be improved.

6. The Committee will be prepared to receive exhibits which will include and illustrate among others:—

1. The natural products of India.
2. Indigenous industries.
3. Industries introduced or modified by foreign influence.
4. Appliances relating to Indian agriculture and manufactures, whether such appliances are made in India or imported.
5. Medical and sanitary apparatus and appliances.
6. Indian Art.
7. Educational apparatus and appliances.

7. It is hoped that the holding of such Exhibitions may encourage some of our countrymen to follow in the steps of those who have devoted capital and skill and energy to the fostering of old and the initiation of new industries.

8. The Committee attaches special importance to the popularising of a knowledge of improved agricultural implements, appliances and methods, for it is believed that by the adoption of these India can produce far larger and better crops than are at present obtained.

9. Seeing that the scope of the Exhibition is national, the Committee confidently asks for generous assistance, both in the form of subscriptions to cover the heavy expenses of such an Exhibition, and in the hearty co-operation of all (especially by sending Exhibits), for there is no class of the community whose interests are not likely to be promoted by the Exhibition.

On behalf of the Exhibition Committee,

DURGA PRASAD,
KALIDAS MITRA,
GOSAIN BHAWANIPURI,
MOTI CHAND,

*Secretaries.*

## RULES AND REGULATIONS.

1. The Exhibition will be opened about December 1905, on a day to be notified hereafter. The Exhibits will be arranged in different Sections. An official catalogue of all Exhibits with the names and addresses of the Exhibitors and their Agent or Agents, if any, will be published by the Exhibition Committee, before the opening of the Exhibition. A specially qualified Committee will be appointed to examine the Exhibits, determine their relative merits and decide which of them deserve special recognition. The decision of the Jurors will be final Gold, Silver and Bronze medals and Certificates of merit will be awarded, according to their verdict. The names of the successful Exhibitors will be published, together with a description of the Exhibits for which the medals and certificates have been obtained.

A Loan Section will also be attached to the Exhibition. Works of Art and articles of special merit, including those of antiquarian interest, will be thankfully received for this section. All arrangements for the display of the exhibits lent for this section will be made by the Exhibition Authorities at their own expense.

2. Articles of indigenous Art or Manufacture, as well as natural, mineral, or agricultural products from any part of India, Burma, or Ceylon, and adjacent British Possessions, will, as a rule, be accepted for the Exhibition. Implements or machines of foreign manufacture, which, in the opinion of the Exhibition Authorities, are likely to promote or develop Indian industries, will also be accepted.

3. No explosives or any substance which, in the opinion of the Exhibition Authorities, is noxious or dangerous will be admitted.

4. Intending Exhibitors should refer to the printed lists, attached herewith, of the Sections and Sub-sections into which it is intended to divide the Exhibits. The section list is meant only to serve for general guidance, and will not prevent Exhibitors from sending articles not specifically enumerated therein. Such articles will, however, be admitted at the discretion of the Exhibition Authorities.

5. Intending Exhibitors are requested to send in to the Secretary, as soon as possible, a list of their proposed exhibits, in the printed form sent herewith. These lists should reach the Secretary, *at the latest by the 15th of November 1905.*

6. Applications for space in the Exhibition Building specifying the space that will be required, should be made in the form sent herewith and should be accompanied by a fee of Rs 2.

7. Exhibitors are requested to mention in their application, whether they intend to practically illustrate the process of their manufacture, and if so, to describe the nature of the demonstration. No steam power will be available or allowed.

8. The Exhibition Authorities will inform the applicants whether they are registered as Exhibitors, and a number will be allotted to them under which all articles should be sent. *In all communications this number should be quoted.*

9. Each registered Exhibitor will be allowed a covered space of 15 square feet or more according to the nature of the Exhibit and the space available in the Exhibition building.

Additional space (if available) beyond that allotted by the Committee may be obtained subject to a charge ranging between 2 annas and 2 rupees a square foot, according to the nature of the Exhibit

10. The Exhibition Authorities will have absolute discretion as regards the acceptance or rejection of Exhibits, and the allotment of space, covered or uncovered.

11. Exhibits must be sent so as to reach Benares not sooner than six weeks, and not later than three weeks before the opening of the Exhibition. (The exact date to be notified hereafter.) They may be sent by "Railway Parcel" or "Goods," or may be delivered personally between the hours of 10 A.M. and 4 P.M., at such place or places, and to such person or persons, as will be notified hereafter. Receipts will be given for the articles so delivered.

12. All packages received or delivered must bear a label on the upper covering specifying the name and number of the Exhibitor, and addressed to the Secretary. They must contain inside a list in duplicate with all particulars required under rule 19 in regard to the Exhibits in the package. This list will be compared with the previous list submitted by the Exhibitor along with his application, and a formal receipt will be given to the Exhibitor for the articles found in safe order.

13. Exhibitors who fail to send their goods, and appropriate the space allotted to them by the time prescribed under rule 11, unless with special permission from the Exhibition Authorities, shall forfeit all right to exhibit, and shall not receive any refund of the payments made by them. No refund will be given for occupying less space than that applied and paid for and allotted; and the unoccupied space will be disposed of as the Exhibition Authorities deem fit.

14. Exhibitors may forward or deliver their articles personally or through authorized agents.

15. Every facility will be afforded to Exhibitors or their agents in connection with the transport, display, sale, and care of their Exhibits.

16. Exhibitors must bear all expenses incidental to the transport and the delivery of their Exhibits, as well as their removal after the Exhibition is closed. Goods or parcels sent "unpaid" will be refused. If the Exhibitors require for the display of their Exhibits any *special* arrangement or construction, stands, cases, tables, shelves, &c., they must carry out this at their own cost, in accordance with plans approved by the Exhibition Authorities.

17. Assistants, servants, or other attendants, necessary to any Exhibitor for service at his stalls, may be granted a free pass (not transferable) to the Exhibition at the discretion of the Secretary. All such attendants shall obey the orders of the Exhibition Authorities and the supervising staff appointed by them.

18. All reasonable precautions will be taken to guard the premises of the Exhibition, and secure the safety of the Exhibits. The Exhibition Authorities, however, do not at all hold themselves responsible for any damage or loss, howsoever occurring. Exhibitors wishing to insure their articles may apply to the Secretary, who will arrange for the same on payment of the necessary charges. All valuable Exhibits, such as jewellery, gold and silver plate, must be forwarded under the charge of an attendant.

19. Every Exhibit must bear a label showing the section, the name or description of the article, its price, the place of its production or manufacture, the names of the manufacturer and the Exhibitor, and also mentioning if it is for sale.

20. Exhibits may be sold during the continuance of the Exhibition. No articles shall, however, be removed whilst the Exhibition continues. Exhibitors must arrange to have all their articles removed within ten days after the close of the Exhibition. If they fail to do so the Exhibits will be removed and stored at the risk and expense of the owners, and will be handed over to them on payment of all expenses incurred.

21. Exhibitors who are unable to attend personally or send agents in charge of the Exhibits may make special arrangements with the Secretary for the exhibition of their goods, subject to the provisions of the foregoing rules.

22. The Exhibition Authorities reserve the right to remove the Exhibits of any person who does not conform to their Regulations.

23. No article exhibited may be copied, photographed, drawn, or reproduced in any manner, without the special permission of the Exhibitor and the Exhibition Authorities. General photographs may, however, be taken with the permission of the Exhibition Authorities.

24. Persons willing to sent Exhibits for the Loan Section should write, giving all the necessary particulars to the Secretary, who will inform them as to the acceptance of their offer and make with them all the necessary arrangements.

25. All persons who become Exhibitors shall, by so doing, be held to signify their assent to, and acceptance of all the foregoing Rules and Regulations, and also such other Regulations as the Exhibition Authorities may hereafter issue.

### POLITICAL DEPARTMENT.

THE following notification is republished for general information and ance.

R. W. CARLYLE,
*Offg. Chief Secy. to the Govt. of Bengal.*

### MILITARY SECRETARY'S OFFICE.

### NOTIFICATION.

*Viceroy's Camp, the 14th November, 1905.*

*No. 232-Camp.*—His Excellency the Viceroy and Governor-General will arrive at Calcutta on Wednesday, the 22nd November, at 8-36 A.M. (9 A.M. Calcutta time). The arrival at Calcutta will be public.

On arrival at the Howrah Railway Station, His Excellency will be received by the Commissioner of the Burdwan Division, one of the Secretaries to the Government of Bengal, the General Officer Commanding the Presidency Brigade with the Brigade Staff, the Chairman of the Corporation of Calcutta, the Commissioner of Police for the Town of Calcutta, the Sheriff of Calcutta, and the Magistrate of Howrah, and at Government House by His Honour the Lieutenant-Governor of Bengal and Staff, His Excellency the Commander-in-Chief and Staff, the Chief Justice of Bengal, the Bishop of Calcutta, Members of His Excellency's Executive and Legislative Councils, Judges of the High Court, Secretaries and Deputy Secretaries to the Government of India and all other principal Civil and Military Officers.

Consular Officers and other Representatives of Foreign Governments at Calcutta and all non-official gentlemen are invited to be present upon the Grand Staircase.

A Guard of Honour of the East Indian Railway Volunteers will be drawn up on the platform of the Howrah Railway Station, and a Guard of Honour of Native troops, with Band and Colours, outside the station.

The route taken will be by the Hooghly Bridge, Strand Road, Fairlie Place, Dalhousie Square, North, and Old Court House Street, to Government House through the North-East Entrance.

The line of route will be lined throughout by troops under the orders of the General Officer Commanding the Presidency Brigade.

The Body Guard and the Calcutta Light Horse will form His Excellency's escort.

A Royal salute will be fired from the ramparts of Fort William as the cortége appears upon the Hooghly Bridge.

A Guard of Honour of British Infantry and of the Calcutta Volunteer Rifles will be drawn up in front of the Grand Staircase of Government House.

## NOTIFICATION.

*Annual Examination of Pleaders in Surveying.*

1. The next Survey examination for pleaders will be held in February 1906.

2. Applications for admission to appear at the examination should in the first place be submitted to the District Judge in whose Court or in Courts subordinate to whom the pleader ordinarily practises. The District Judge will require evidence from all applicants that they have undergone some training in practical surveying. He will not countersign the application of a candidate who fails to satisfy him on this point; nor will such a candidate be permitted to appear at the examination.

3. Candidates whose applications have been countersigned by the District Judge must submit their applications to the Director of Public Instruction, and these must be received on or before the 15th December 1905. After this date no more applications will be received.

4. The application should state the centre at which the candidate intends to appear, and all particulars as to the length of time the applicant has practised in the Court and the full address, &c., necessary to secure that letters will reach the applicant.

5. Each application should be accompanied by the prescribed fee of Rs. 30,* which will in no case be refunded.

6. Only pleaders practising in one of the Courts of the Province of Bengal will be eligible for the examination.

7. The examination will be held at four centres, viz., Dacca, Patna, Cuttack, and Sibpur.

8. The subjects for examination are noted below:—

(1) Paper on General Elementary Surveying, including Theodolite and Levelling.
(2) Practical examination in the field in—
  (*a*) Chain, and chain and compass surveying.
  (*b*) Plane-tabling.
  (*c*) Plotting.
  (*d*) Levelling.
  (*e*) Use of Theodolite and the permanent and temporary adjustment of instruments.

9. Candidates are required to secure 40 per cent. of the marks in the paper on surveying and 50 per cent. in the practical portion of the examination.

10. The rules regarding the Pleaders' Survey examination were published in the *Calcutta Gazette* of the 28th September 1904.

11. The programme for the examination will be published in the *Calcutta Gazette*.

A. PEDLER,
*Director of Public Instruction, Bengal.*

*The 15th November 1905.*

* The fee must be deposited in the Bank or local treasury, and the receipt for the same should accompany the application. On no account cash or money-order will be received.

## PRISMATIC COMPASS AND CHAIN SURVEYING.

1. The map will afterwards be plotted by the candidate on a scale of not less than 1 inch to 100 feet.

2. The candidate will inspect his task and decide whether chain or prismatic compass survey is the more suitable, as he may use whichever he likes.

3. If he selects to conduct a chain survey, he must, as an additional check, record the bearings of all lines.

4. The field-book will be given up on the completion of the task.

5. No pages may be torn out of the field-book.

### PLANE-TABLE TEST.

The candidate may be directed to run a circuit with the plane-table and to fill in selected details in the interior both by direct measurement and the method of intersection; the scale of the work should be as large as possible.

### LEVELLING TEST.

The candidate may be directed to run a line of levels between two field stations and to check his work.

### PLOTTING TESTS.

The candidate will have his field-book of the chain and compass survey and his level-book returned to him for plotting. Detailed instructions will be given at the time of the examination.

### USE OF THEODOLITE AND ADJUSTMENT OF INSTRUMENTS.

The candidate will be required to read horizontal and vertical angles, observe the three angles of one triangle and make the usual adjustments, temporary and permanent, of a level and theodolite.

A. PEDLER,

*The 3rd November 1905.* *Director of Public Instruction, Bengal.*

## INSTRUCTIONS FOR CARRYING OUT THE PRACTICAL TESTS.

A candidate having communication with any one except his own coolies is liable to summary expulsion from the examination.

2. Each candidate will conduct a separate survey test with the assistance of three coolies only. No candidate will be allowed to bring his own coolies.

3. Each candidate will be provided with an Index map on which the extent of his task is shown and other necessary instructions will be noted.

4. Each candidate will be provided with—

| | |
|---|---|
| A Prismatic Compass ... ... | These must be returned intact on the completion of the task. |
| A Plane-table with Index Rule ... | |
| A Level and Levelling Staff ... | |
| A 100 feet or 66 feet chain and 10 arrows | |
| An offset rod* ... ... ... | |
| 6 Flags ... ... ... | |
| 10 Pegs for each task ... ... | |
| 1 Field-book ... ... ... | |
| 1 Level-book ... ... ... | |

* If a candidate prefer to use a tape instead of an offset rod, he may do so, but he must supply it himself.

5. The time allowed for each task is left to the discretion of the officer conducting the examination.

A. PEDLER,
*Director of Public Instruction, Bengal.*

[Enclosure to Railway Board's Circular No. R.T. $\frac{127}{1}$, dated the 25th October 1905.]

**Amendments in Appendix B to Part II of the General Rules for open lines of railway in British India, which were promulgated with the Government of India, Public Works Department, Circular No. 6 Railway, dated the 12th March 1895, as revised by the Government of India, Public Works Department, Circulars Nos. 2 Railway and IV Railway, dated, respectively, the 16th January and 4th March 1902.**

IN rule 1, Class 6, *Ammunition Class*, *after* the words "Division 1 comprises exclusively safety cartridges, safety fuzes for blasting" *omit* the words "Fuzes for shells, and tubes friction for guns, provided there be no more than five fuzes or 25 tubes in one package and that the package be a hermetically-sealed metal cylinder."

For rule 2 *substitute* the following, namely:

"2. The following general rules shall be observed with respect to the packing of explosives for conveyance:

(*1*) Unless the context otherwise requires,—

the expression "outer package" means a box, barrel, case or cylinder, of wood, metal or other solid material, of such strength, construction and character that it will not be broken or accidently opened, nor become defective or insecure whilst being conveyed, and will not allow any explosive to escape;

the expression "inner package" means a substantial case, bag, canister or other receptacle, made and closed so as to prevent any explosive from escaping;

the expression "authorized explosive" means exclusively an explosive included in a List of Authorized Explosives prepared by the Chief Inspector of Explosives with the Government of India, and published annually in the *Gazette of India*, and in force for the time being;

the expression "propellant" means an authorized explosive of class 3, adapted and intended exclusively for use as a propelling charge in cannon or small arms; and

the expression "special authority" means a written authority granted by the Chief Inspector of Explosives, to which may be attached such conditions as may, in the opinion of the Chief Inspector of Explosives, be necessary to meet the special requirements of the case.

(*2*) The interior of every package shall be free from grit and otherwise clean.

(*3*) Save as hereinafter provided, there shall not be any iron or steel in the construction of any package unless the same is covered with suitable material so as effectually to prevent the exposure of such iron or steel.

(*4*) Every package when actually used for the packing of one explosive shall not be used for the packing of any other explosive or any other article or substance:

Provided that this rule shall not prevent the packing of inner packages containing a propellant in an outer package with inner packages containing gunpowder or another propellant:

Provided also that this rule shall not prevent the packing of any article which is not of an inflammable or explosive nature, or liable to cause fire or explosion, in the same package as an explosive of the 1st Division of the 6th Ammunition Class.

(*5*) Subject to the foregoing provisions, the following shall be the method of packing authorized explosives of the various classes, respectively, and the maximum amounts which may be in any one package:—

| CLASS. | Method of packing. | Amount in any one outer package. | Amount in any one inner package. |
|---|---|---|---|
| Class 1 ... ... | When the quantity in any one consignment does not exceed 5 lbs. in amount, a single outer package; otherwise | | |
| | A double package, the inner and outer packages being as above defined. | 100 lbs. Provided that where gunpowder and propellant are packed together the amount shall not exceed— 50 lbs. | 100 lbs. 25 lbs. |

| Class. | Method of packing. | Amount in any one outer package. | Amount in any one inner package. |
|---|---|---|---|
| Class 2 ... ... | As for Class 1 ... ... ... | 50 lbs. | 50 lbs. |
| Class 3, Division 1, other than propellants. | As for Class 1, provided that either the outer or inner package shall be thoroughly water-proof, and both shall be without metal in the construction thereof. | 50 lbs. | 5 lbs. |
| Class 3, Division 1, propellants. | As for Class 1 ... ... ... ... | 50 lbs. | 50 lbs. |
| Class 3, Division 2, other than Picric Acid and Wet Guncotton. | As for Class 1 ... ... ... ... | 50 lbs. | 50 lbs. |
| Picric Acid ... ... | As for Class 1 ... ... ... ... | Unlimited | Unlimited. |
| Guncotton so wetted with water as to be absolutely uninflammable. | As for Class 1, provided that the inner or outer package, or both of them, shall be of such a nature and so closed as to prevent any material loss of moisture during conveyance. | Unlimited | Unlimited. |
| Class 4 ... ... | As for Class 1 ... ... ... ... | 50 lbs. | 50 lbs. |
| Class 5 ... ... | Packed in water. A treble package, the innermost package being a bag permeable to water, enclosed in a case containing sufficient water to ensure the explosive being kept constantly wet; and the outer package containing sufficient water constantly to surround the case. Both the case and the outer package shall be of such construction as will not allow water to escape.<br><br>If the explosive is of such character that it cannot be packed in a thoroughly wet condition, it shall be packed in accordance with conditions set forth in a special authority. | 200 lbs. | 25 lbs. |
| Class 6, Division 1, other than Pin-fire cartridges for pistols. | A single outer package:<br>Provided that the above general rule (3) shall not apply to explosives of this Division:<br><br>Provided also that bulleted cartridges of a calibre exceeding 0·5 inch and belonging to this Division shall be packed in such a manner that the point of any bullet cannot come in contact with the cap of another cartridge. | Unlimited | ..... |
| Pin-fire cartridges for pistols. | (*a*) Not exceeding 50 in number in any one consignment:—So packed in a single package that the bases lie alternately in opposite directions. The bases and pins shall be so fitted into perforations in millboard or other suitable material as to prevent the firing of any one of the said cartridges by an explosion in any other of the said cartridges. | 50 in number. | ..... |
| | (*b*) Exceeding 50 in number:—In an inner and outer package, the cartridges being packed in inner packages with millboard as above required. | 2,500 in number. | 50 in number. |
| Class 6, Division 2 ... | Explosives made up into cartridges or charges for cannon, shells, torpedoes, mines, blasting or other like purposes, shall be packed in such manner and in such quantity as is required for the same explosive when not so made up: provided that, where a double package is required, the enclosing case of such cartridges or charges may, if it satisfies the conditions required for an inner package, be held to be such inner package. | ..... | ..... |
| | Other ammunition of this Division:—A single outer package. | 100 lbs | ..... |
| Class 6, Division 3, other than Detonators and Electric Detonators. | As for Class 1 ... ... ... ... | 50 lbs | 2 lbs. or 10 in number, whichever be the greater. |
| | Provided that bulleted cartridges of a calibre exceeding 0·5 inch and belonging to this Division shall be packed in such a manner that the point of any bullet cannot come in contact with the cap of another cartridge. | | |

| Class. | Method of packing. | Amount in any one outer package. | Amount in any one inner package. |
|---|---|---|---|
| Detonators ... ... | (*a*) Not exceeding 1,000 in any one consignment:—As for Class 1, provided that the detonators and the spaces between the same and between the sides of the inner package and the said detonators shall all be filled as far as practicable, with fine sawdust or other similar material; a layer of felt or other soft yielding material shall be placed between both ends of all the detonators and the interior of the inner package in which the same are placed, in such manner and so secured that both ends of the detonators will rest upon the said cotton wool or other material; every inner package, if of metal, to be lined throughout with paper or other soft material; and | 1,000 in number. | 100 in number. |
| | (*b*) Exceeding 1,000 detonators :— | | |
| | The detonators shall be packed in inner packages with sawdust and cotton wool as above described. Such inner packages shall be placed inside a substantial case of wood or metal made and closed so as to prevent any of the inner packages escaping therefrom, and such case shall be placed inside an outer package in such manner and so secured as to leave a clear space of not less than three inches between the case and every part of the interior of the said outer package, notwithstanding that such clear space may, if preferred, be filled with sawdust, straw, or other similar material, or may contain a light framework or battens of wood to keep the case aforesaid in position in the outer package; and | 10,000 in number. | 100 in number |
| | (*c*) where the number of detonators exceeds 5,000, such outer package shall be provided with handles or other contrivance by means of which it can be safely and conveniently carried. | | |
| Electric Detonators ... | As for class I, provided that where the number in any outer package exceeds 3,000, such outer package shall be provided with handles or other contrivance, by means of which it can be safely and conveniently carried. | 5,000 in number. | 100 in number. |
| Class 7, Division 1 ... | Double package, the inner package being hermetically closed, and contained in an outer package as above defined. | 20 lbs. ... | 1 lb. |
| Class 7, Division 2 ... | Single outer package, provided that the above general rule (3) shall not apply to explosives of this Division. | 100 lbs. ... | ..... |

(6) Nothing in this rule shall be deemed to prohibit the use of an additional package, whether inner or outer, provided that such additional package shall not be of such character as shall have been prohibited in writing by the Chief Inspector of Explosives.

(7) An explosive which is not an authorized explosive shall be packed in such manner as may be directed by a special authority with reference to such explosive

(8) On the outermost package there shall be affixed in conspicuous characters, by means of a brand or securely attached label or other mark, the word "Explosive," the name of the explosive, the number of the class and division to which it belongs, and the name of the manufacturer or sender.

In the case of explosives of classes 3 and 4, there shall be added the date of manufacture or issue from the factory, or such sign indicating such date as may be approved by the Chief Inspector of Explosives.

Provided that in the case of cartridges or charges for cannon, shells, mines, blasting or other like purpose, which do not contain their own means of ignition, the marking shall be as for the explosive when not so made up.

Provided also that in the case of explosives of class 6, Division I (Safety Fuzes excepted), there shall be added the words "Not liable to explode in bulk."

Provided also that in the case of Pin-fire cartridges for pistols there shall be added the words "Pin-fire cartridges."

Provided also that in the case of Safety Fuzes or Gunpowder the word "Explosive" and the number of the class and division may be omitted.

Provided also that, where an outer package contains more than one explosive, the marking above required shall be affixed separately in respect of each explosive so contained.

(9) To meet special cases exemption may be granted by special authority from the observance of any one or more of the conditions imposed by this rule."

*Preliminary Rule 1.*

In the list of Explosives in class 3—*Nitro-compound class*, Division 2, for "Picrates," substitute—

Picrates,*
Picric Acid,*

and add the following foot-note—

* NOTE.—(*a*) Picric acid mixed with not less than half its own weight of water shall be exempt from being deemed to be an explosive.

(*b*) Picric acid which does not fall within the exemption (*a*) when the quantity does not exceed two thousand pounds in any one ship, boat, carriage, building or place, shall be exempt from being deemed to be an explosive; provided that such picric acid is so kept and conveyed as not to be liable, whether under the action of fire or otherwise, to come in contact with any substance specified in the schedule hereto, or with any fire or light capable of igniting such picric acid.

Provided also that such picric acid when dry is so packed in a substantial barrel or case that the contents cannot escape; and that no metal other than aluminium, or an alloy containing not less than ninety per centum of aluminium, is used in the construction of any package containing such picric acid, and that each barrel or case is legibly marked "Picric Acid."

Picric acid when not subject to the above exemptions must be packed and marked as laid down in rule 2 of these rules.

Picrates and mixture of picric acid with any other substance (for whatever purpose used or manufactured) shall be deemed to be explosives subject to the following exception:—

(*a*) A picrate mixed with not less than half its own weight of water shall be exempt from being deemed to be an explosive.

*Schedule.*

Any of the following metals or metallic oxides, namely, lead, oxide of lead, oxide of iron, potash, baryta, lime, soda, oxide of zinc, oxide of copper; and any compound of such metal or oxide (other than a metallic sulphate); or any chlorate, nitrate, or other oxidizing agent; or any other substance declared by a notification of the Government of India to be capable of forming with picric acid a dangerous compound.

Provided that this schedule shall not be deemed to include any metal or oxide unavoidably formed on any metal used in the construction of any ship, boat or carriage, or contained in any paint, where the packages containing picric acid are protected from direct contact with such metal or paint.

Hooghly Collectorate. Chinsura, the 20th October 1905.

K. N. MITRA, *for* Collector, Hooghly.

## Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates, situated in the district of Hooghly, will be put up to sale at the Hooghly Collectorate on the 18th December 1905, corresponding with 3rd Pous 1312 (B.S.)

The purchasers will be subject to the following conditions of sale:—

*Conditions of Sale.*

*1st.*—The estate to be sold to the highest bidder above the upset price which will be fixed by the Collector at the time of sale. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him, subject to the revenue fixed in perpetuity.

*2nd.*—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

*3rd.*—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

*4th.*—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government) and the estate to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement as in the case of original sale.

# THE INDIAN LAW REPORTS.

*Published in FOUR SERIES, viz.:*

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta, or

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

# PART IV.

# Bills of the Bengal Council.

## GOVERNMENT OF BENGAL.

## LEGISLATIVE DEPARTMENT.

THE following Bills were introduced in the Council of the Lieutenant-Governor of Bengal, on the 18th November, 1905, and are hereby published for information, together with the Statements of Objects and Reasons:—

## THE CHOTA NAGPUR TENANCY (AMENDMENT) BILL, 1905.

A

# BILL

*further to amend the Chota Nagpur Landlord and Tenant Procedure Act.*

WHEREAS it is expedient further to amend the Chota Nagpur Landlord and Tenant Procedure Act, in the manner hereinafter appearing: It is hereby enacted as follows:— Ben. Act I of 1879.

Short title.

1. This Act may be called the Chota Nagpur Tenancy (Amendment) Act, 1905.

Amendment of Bengal Act I of 1879, section 164.

2. The words "and of all particulars recorded in such entries" shall be inserted after the words "the nature and incidents of such tenancies" in section 164 of the Chota Nagpur Landlord and Tenant Procedure Act, as amended by section 47 of the Chota Nagpur Tenancy (Amendment) Act, 1903, and shall be deemed to have been so inserted from the date on which the latter Act came into force. Ben. Act I of 1879. Ben. Act V of 1903.

## STATEMENT OF OBJECTS AND REASONS.

THE object of this Bill is to make a purely formal and verbal amendment in section 164 of the Chota Nagpur Landlord and Tenant Procedure Act (Bengal Act I of 1879), which was introduced by the Chota Nagpur Tenancy (Amendment) Act, 1903 (Bengal Act V of 1903). The intention of section 164 was to make all entries in records-of-rights relating to Mundari Khunt-Kattidari tenancies conclusive evidence; but it has been represented to the Government that the words used in the section are not wide enough to give full effect to that intention, and it is considered desirable to legislate so as to remove all doubt on the subject.

## THE BENGAL LAND-REGISTRATION (AMENDMENT) BILL, 1905.

A

# BILL

*To amend the Land-Registration Act, 1876.*

WHEREAS it is expedient to amend the Land Registration Act, 1876; it is hereby enacted as follows:— Ben. Act VII of 1876.

Short title and commencement.

**1.** (*1*) This Act may be called the Bengal Land Registration (Amendment) Act, 1905; and

(*2*) It shall come into force on such date as the Local Government may, by notification in the Calcutta Gazette, appoint in this behalf.

Amendment of Bengal Act VII of 1876, section 3, clauses (*2*), (*6*) and (*7*).

**2.** (*1*) To sub-clause (*c*) of clause (*2*) of section 3 of the Land Registration Act, 1876, the following words shall be added, namely:— Ben. Act VII of 1876.

"or on any other register prescribed for the purpose by rule made under this Act"

(*2*) To clause (*6*) of the same section the words "or as a trustee or executor" shall be added.

(*3*) In clause (*7*) of the same section after the word "mauza" the following shall be inserted, namely:—

"means the area defined, surveyed and recorded as a distinct and separate village in—

(*a*) the general land-revenue survey which has been made of the Province of Bengal, or

(*b*) any survey made by the Government which may be notified in the Calcutta Gazette as defining mauzas for the purposes of this clause in any specified area;

and, where a survey has not been made by or under the authority of the Government."

Amendment of section 13.

**3.** (*1*) In section 13 of the said Act, after the word "such," where it first occurs, the following words shall be inserted, namely:—

"or that, in consequence of the preparation of a record-of-rights, or for any other reason, the circumstances of any district or part of a district are so altered."

(*2*) In the same section, after the words "to prepare" the words "or re-write or maintain" shall be inserted.

Amendment of section 15.

**4.** In section 15 of the said Act, for the words "and a separate alphabetical arrangement, for each local division" the following words shall be substituted, namely:—

"for each local division, and shall be so arranged as the Board may direct."

New sections 19A and 19B.

**5.** After section 19 of the said Act the following shall be inserted, namely:—

"19A. Notwithstanding anything contained in other sections of this Act, the Board may from time to time, by written order, direct, in respect of all or any districts,— Power of Board to issue orders as to record of matters required to be entered in Register A or Part I of Register D.

(*a*) that all matters required by this Act to be entered in Register A and Part I of Register D, respectively, shall be entered in a combined register to be prescribed by the Board, instead of in Registers A and D, or

(*b*) that all matters required by this Act to be entered in Register A shall be entered in Part I of Register D instead of in Register A, or

(*c*) that all matters required by this Act to be entered in Part I of Register D shall be entered in Register A instead of in Register D.

*Explanation.*—An order issued under this section may merely direct the entry of matters in some register other than that prescribed for the purpose by other sections of the Act. It may not direct the non-record of matters which are required by the Act to be recorded.

"19B. All provisions of this Act (other than section 19A) as to the maintenance of registers, as to the entry of matters in any particular register or in any particular part of any register, and as to other matters relating to registers, shall be read subject to any orders issued by the Board under section 19A and for the time being in force."

Act to be read subject to orders so issued.

Amendment of section 24.

6. In section 24 of the said Act, for the words "the alphabetical arrangement mentioned in section fifteen" the words "the arrangement directed under section fifteen" shall be substituted.

Addition to section 30.

7. To section 30 of the said Act the following shall be added, namely:—

(*e*) Whenever any minor or beneficiary whose name has been recorded in any register along with that of a guardian or manager lawfully assumes direct charge of his estate, he shall forthwith give notice to the Collector and apply for correction of the register by removal therefrom of the name of such guardian or manager."

Amendment of section 31.

8. In section 31 of the said Act, after the words "any information required by the Collector" the following words shall be inserted, namely:—

"or under clause (*e*) of the said section to give notice of his having assumed direct charge of an estate."

Amendment of section 53.

9. In section 53 of the said Act,

(*a*) after the word "witnesses" the words "and any applicant or his agent" shall be inserted; and

(*b*) for the words "in the case of a Civil Court" the words "in respect of witnesses" shall be substituted.

New section 53A.

10. After section 53 of the said Act the following shall be inserted, namely:—

"53A. The Collector shall record in writing with his own hand in English the substance of the evidence of every person examined by him in any inquiry held under this Act."

Record of evidence in inquiries.

Amendment of section 64.

11. Before the proviso in section 64 of the said Act the following shall be inserted, namely:—

"(*3*) in the case of a fee-simple waste-land lot which is revenue-free and for which no rents are received or receivable, two-and-a-half *per centum* on one-fifteenth part of the value, such value being taken to be—

(*a*) in the case of a transfer by sale, the purchase-money, and

(*b*) in any other case, the value determined by the Collector."

Addition to section 70.

12. To section 70 of the said Act the following shall be added, namely:—

"Notwithstanding anything hereinbefore contained, no application under this section or under section 10 or section 11 of the Bengal Land-revenue Sales Act, 1859, shall be received unless it is accompanied by a fee of two rupees." [*Cf.* Ben. Act III of 1862, s. 3.] XI of 1859.

New section 74A.

13. After section 74 of the said Act the following shall be inserted, namely:—

"74A. Notwithstanding anything contained in the foregoing sections, if the Collector becomes aware, otherwise than after receipt of an application under section 72, that any separate account opened under section 10 or section 11 of the Bengal Land-revenue Sales Act, 1859, or under section 70 or section 72 of this Act in respect of any estate does not represent existing facts, he may, after service of a notice on the recorded proprietor, and after hearing any objection which may be preferred, close the account."

Power of Collector to close a separate account otherwise than upon application.

XI of 1859.

Amendment of section 77.

14. In section 77 of the said Act, before the word "concerned" in the second place in which it occurs, the words "who is" shall be inserted.

Repeals

15. (1) The following portions of the said Act are repealed throughout Bengal, namely:—

(a) the second paragraph of section 5;

(b) in section 23, the words "and a note referring to such entry shall be made in the place in the general register in which such estate or property would have appeared according to the alphabetical arrangement mentioned in section five"; and

(c) section 25.

(2) When any order has been issued under any clause of section 19A of the said Act (as amended by this Act), in respect of any district, the following portions of the said Act shall be deemed to be repealed in that district, namely:—

clause (e) of section 7 and clause (e) of section 8.

(3) When any order has been issued under clause (a) or clause (b) of the said section 19A in respect of any district, the following portions of the said Act shall be deemed to be repealed in that district, namely:—

(i) in clause (b) of section 8, the words "and the number which the estate bears in Part I of the general register of revenue-paying lands for its own district";

(ii) in clause (a) of section 18, the words "the number it bears on the general register of revenue-paying lands"; and

(iii) in clause (d) of the said section 18, the words "in each Part of the general register of revenue-paying lands and."

(4) The following portions of the Bengal Land-revenue Sales (Amendment) Act, 1862, are hereby repealed, namely:—

Ben. Act III of 1862.

(i) in section 3, the words and figures "sections 10 and 11," and

(ii) clause 1 of the Schedule.

---

## STATEMENT OF OBJECTS AND REASONS.

THE procedure prescribed in the Land Registration Act, 1876, for the maintenance of registers has been found in practice to be too minute and detailed; and this regulation of detail stands in the way of the introduction of such improvements as experience has shown to be useful and advisable. It is therefore proposed to amend the Act so as to give a greater latitude in regard to the form in which some of these registers may be kept, by empowering the Board of Revenue to introduce such changes as may from time to time prove desirable. It is not proposed to make any alteration in regard to the information or particulars which are required by the Act to be recorded, the sole object of the present proposals being to

take power to make the record of these details in a manner different from that at present prescribed in the Act.

2. The opportunity is taken to make some further amendments in the Act which experience has shown to be desirable.

3. The proposed changes in the law are explained in detail in the accompanying notes.

NOTES ON CLAUSES.

*Clause 2.*—Sub-clause (*1*).—The amendment is consequential upon the proposed amendment of section 13.

Sub-clause (*2*).—The provisions of the Act which relate to "Managers" should extend to executors or trustees.

Sub-clause (*3*).—The existing definition of the term "mauza" contained in section 3 of the Act is imperfect when used in reference to areas in which a survey has been made by or under the authority of the Government. The proposed addition gives a more comprehensive definition for such areas.

*Clause 3.*—Section 13 of the Act applies only to the first preparation of the register of revenue-free properties. It is desirable to extend the scope of the section so as to meet the case of new circumstances arising, such as a settlement and record-of-rights being made, in which case it may be convenient to prepare a special register in a new form, so as to take advantage of such proceedings.

*Clause 4.*—Similarly, it is proposed to take power to adopt in the Mauzawar Register any arrangement other than the alphabetical arrangement of mauzas. In the districts newly surveyed, a geographical arrangement following the order of the numbers given to the mauzas in an index map has been adopted, and this should be legalised.

*Clause 5.*—This clause introduces a new section (19A) to empower the Board to issue orders as to the record of matters required by the Act to be entered in Register A or in Part I of Register D. The section will enable the Board to prescribe a new combined register, or to amalgamate Register A with Part I of Register D, or to amalgamate Part I of Register D with Register A. An *Explanation* is added in order to make it perfectly clear that the new section may not be used so as to leave unrecorded matters which the Act directs to be recorded.

The object of the new section 19B is to facilitate the construction of references in the Act to any register which may be abolished by orders issued under section 19A

*Clause 6.*—This clause makes a formal amendment which is consequential upon the amendment made by clause 4.

*Clause 7.*—In order that the registers may be correctly kept up to date, it is necessary that a minor or beneficiary, on assuming direct charge, should register himself separately.

*Clause 8.*—The amendment is consequential upon the addition to section 30 in clause 7.

*Clause 9.*—This amendment will specifically empower the Collector to enforce the attendance of applicants or their agents when conducting any inquiry under the Act.

*Clause 10.*—It is desirable that the inquiring officer should himself make a summary record of the evidence given before him.

*Clause 11.*—This amendment adds a clause to section 64 of the Act to provide for the levy of a fee on the registration of a transfer of a fee-simple waste-land lot which is held free of revenue and for which no rent is receivable. Clause (*2*) of the section, which deals with revenue-free lands, does not cover the case, because it is limited to lands on account of which rents are receivable.

*Clause 12.*—The payment of fees is provided for by section 3 of the Bengal Land-Revenue Sales (Amendment) Act, 1862 (Bengal Act III of 1862), in the case of applications under section 10 or section 11 of the Bengal Land-revenue Sales Act, 1859 (XI of 1859), for the opening of separate accounts for the payment of land revenue. No fees are, however, prescribed by the existing law in the case of similar applications made under section 70 of the Land Registration Act, 1876. The keeping of such accounts causes much trouble, and there is no valid reason why a fee should not be levied in the latter case as in the former. It is proposed, therefore, by clause 12 of the Bill, to enact a provision prescribing a uniform fee of two rupees in all cases.

*Clause 13.*—This clause introduces a section to empower the Collector to close a separate account of his own motion, whether opened under section 10 or section 11 of the Bengal Land-Revenue Sales Act, 1859, or under section 70 or section 72 of the Land Registration Act, 1876.

*Clause 14.*—This clause amends section 77 so as to make it clear that notices of mutations need give particulars in respect only of proprietors and managers who are concerned in the change, and not of the whole body of proprietors and managers of the estate.

*Clause 15.*—Sub-clause (*1*) repeals certain portions of the Act which prescribe that entries in certain registers shall be made in consecutive, alphabetical or chronological order.

Sub-clauses (*2*) and (*3*) repeal, in districts for which orders are issued under the new section 19A, certain portions of the Act which would be inconsistent with such orders.

Sub-clause (4) repeals the provisions contained in section 3 of the Bengal Land-revenue Sales (Amendment) Act, 1862 (Bengal Act III of 1862), and clause 1 of the schedule thereto relating to the payment of fees in case of applications under section 10 or section 11 of the Bengal Land-revenue Sales Act, 1859 (XI of 1859), for the opening of separate accounts.

## THE CALCUTTA POLICE (SUPERANNUATION FUND) BILL, 1905.

A

# BILL

*To abolish the Calcutta Police Superannuation Fund.*

WHEREAS it is expedient to abolish the Calcutta Police Superannuation Fund; It is hereby enacted as follows:—

Short title.

1. This Act may be called the Calcutta Police (Superannuation Fund) Act, 1905.

Repeal of enactments.

2. The enactments specified in the first column of the Schedule, are hereby repealed, to the extent mentioned in the third column thereof.

Transfer and application of Calcutta Police Superannuation Fund.

3. All sums standing to the credit of the Calcutta Police Superannuation Fund shall vest in His Majesty, to be applied, under rules made by the Local Government in this behalf, towards the grant of pensions or gratuities to members of the Police force of the town or suburbs of Calcutta.

| 1 | 2 | 3 |
|---|---|---|
| Number and year. | Short title. | Extent of repeal. |
| | *Acts of the Bengal Council.* | |
| II of 1866 ... | The Calcutta Suburban Police Act, 1886. | So much of section 10 as has not been repealed. |

| I of 1890 ... | The Calcutta and Suburban Police (Superannuation Fund) Act, 1890. | So much as has not been repealed. |

## STATEMENT OF OBJECTS AND REASONS.

THE object of this Bill is to abolish the "Calcutta and Suburban Police Superannuation Fund," constituted by Bengal Act I of 1890, it being considered undesirable that deductions of any kind should be made from the pay of the lower ranks of the Police force. The payment of pensions and gratuities will, on the abolition of the Fund, be taken over by the Government, as in the case of the District Police, and any balance of the Fund outstanding will vest in the Government to be applied in that behalf.

# THE BENGAL COURT OF WARDS (AMENDMENT) BILL, 1905.

A

# BILL

*To amend the Court of Wards Act, 1879.*

WHEREAS it is expedient to amend the Court of Wards Act, 1879; Ben. Act IX of 1879.

And whereas the previous sanction of the Governor General has been obtained, under section 5 of the Indian Councils Act, 1892, to the provisions of this Act which affect Acts passed by the Governor General of India in Council; 55 & 56 Vict., c. 14.

It is hereby enacted as follows:—

Short title. 1. This Act may be called the Bengal Court of Wards (Amendment) Act, 1905.

Partial repeal of section 9 of Bengal Act IX of 1879. 2. The following portions of section 9 of the Court of Wards Act, 1879 [as amended by the Court of Wards Act (Bengal) Amendment Act, 1892], are hereby repealed, namely:— Ben. Act IX of 1879 IV of 1892.

(*1*) the word "or" at the end of clause (*e*),

(*2*) clause (*f*), and

(*3*) the proviso.

Insertion of new sections 10A to 10E. 3. After section 10 of the said Court of Wards Act, 1879, the following shall be inserted, namely:— Ben. Act IX of 1879.

"**10A.** (*1*) Whenever the Court of Wards assumes charge of any person or property under section 7 or section 10, it shall publish in the local official Gazette and in such other manner as it may from time to time deem fit, a notice in English and also in the vernacular, calling upon all persons having claims against the ward or his immoveable property to submit the same in writing to the Court within six months from the date of the publication of the notice aforesaid. [*Cf.* Act XXIV of 1899, s. 12.]

Notice to claimants.

(*2*) Every such claim (other than a claim on the part of the Government) not submitted to the Court in compliance with the provisions of sub-section (*1*), shall, save in the case provided for by section 10E, sub-section (*2*), clause (*c*), be deemed for all purposes and on all occasions, whether during the continuance of the management or afterwards, to have been duly discharged:

Provided that, if the Court is satisfied that the claimant was unable to comply with the provisions of sub-section (*1*), it may receive his claim at any time after the date of the expiry of the period aforesaid; but any claim so received shall, notwithstanding any law, contract, decree or award to the contrary, cease to carry interest from the date of the expiry of the period aforesaid.

"**10B.** (*1*) Every claimant submitting his claim in compliance with the provisions of section 10A, sub-section (*1*), shall furnish, along with his written statement of claim, full particulars thereof, and shall, at the same time, produce all documents (including entries in books of account) on which he relies to support his claim, together with a true copy of every such document: [*Cf.* Act XXIV of 1899, s. 13.]

Claimants to furnish full particulars and documents.

(*2*) The Court shall, after marking, for the purpose of identification, every original document so produced and verifying the correctness of the copy, retain the copy and return the original to the claimant.

(*3*) If any document, which is in the possession or under the control of the claimant, is not produced by him as required by sub-section (*1*), the document shall not be admissible in evidence against the ward, whether during the continuance of the management or afterwards, in any suit brought by the claimant or by any person claiming under him.

"10C. If, a Civil Court has directed any process of execution to issue against any immoveable property of a ward or the rents thereof or any crops standing thereon, the Court of Wards may, at any time within one year after it assumed charge of such property apply to the Civil Court to stay proceedings in the matter of such process; and the Civil Court may, on such terms regarding interest or compensation for delay as may appear to it to be just and reasonable, stay such proceedings accordingly. [*Cf.* Act XXIV of 1899, s. 14.]

Stay of proceedings of Civil Courts.

"10D. (*1*) On receipt of all claims submitted in compliance with the provisions of sections 10A and 10B, the Court shall proceed to investigate such claims and shall decide which of them are to be wholly or partly admitted or wholly or partly rejected, as the case may be, and shall communicate its decision in writing to each claimant concerned. [*Cf.* Act XIV of 1899, s. 15.]

Adjudication of claims.

(*2*) When the Court has admitted any claim under sub-section (*1*), it may make to the claimant a proposal in writing for the reduction of the claim, or of the rate of interest to be paid in future, or of both; and, if such proposal, or any modification of it, is accepted by the claimant and his acceptance is finally recorded and attested by the Court, it shall be conclusively binding upon the claimant:

Provided that, if when the superintendence of the property by the Court is relinquished or otherwise terminates, any portion of the claim reduced as aforesaid is still unsatisfied, the claimant shall be entitled to recover a sum bearing the same proportion to the original claim admitted under sub-section (*1*) as the unsatisfied portion bears to the reduced claim.

(*3*) Subject to the provisions of sub-section (*2*), nothing in this section shall be construed to bar the institution of a suit in a Civil Court for the recovery of a claim against a ward or his property which has been submitted to and received by the Court of Wards:

Provided that no decision of the Court of Wards under this section shall be proved in any such suit as against the defendant.

"10E. (*1*) The Court of Wards may, after making an investigation under section 10D, when it appears to the Court that the estate is involved beyond all hope of extrication, or for any other sufficient reason, by order published in the Calcutta Gazette, declare that it will, on a date to be fixed by the order, relinquish charge of the property and person (or of the property as the case may be) of the ward. [*Cf.* Act XXIV of 1899, s. 16.]

Relinquishment of inextricably involved estates.

(*2*) On the date so fixed—

(*a*) such charge shall terminate;

(*b*) the owner of the said property shall be restored to the possession thereof, subject to any contracts entered into by the Court of Wards for the preservation or benefit of such property; and

(*c*) the claims referred to in section 10A, sub-section (*2*), shall revive.

(*3*) In calculating the periods of limitation applicable to suits to recover and enforce debts and liabilities revived under this section, the time during which such charge has continued shall be excluded."

Insertion of new section 13A in Bengal Act IX of 1879.

4. After section 13 of the said Act the following shall be inserted, namely:—

"13A. If, when any disqualified proprietor dies, or ceases to be disqualified within the meaning of this Act, there remain undischarged any debts or liabilities which were incurred by, or are due from, such proprietor, or which are a charge upon his property or any part thereof, [*Cf.* Act IV of 1892, s. 5; Act XXIV of 1899, s. 34, proviso (i); U. P. Act III of 1899, s. 41, second proviso, and s. 42 (*1*); Mad. Act I of 1902, s. 57; Punjab Act II of 1903, s. 45.]

Power of Court to retain charge of property of disqualified proprietor until discharge of debts.

then, notwithstanding anything contained in the foregoing sections, the Court may either withdraw from the charge of such property or retain such charge until all such debts and liabilities, together with all interest due thereon, have been discharged:

Provided that, after the death of a proprietor, the Court shall not retain charge on account of any debt or liability which has been declared by a competent Civil Court not to be binding on his representative."

Partial repeal of section 56.

5. The words from "or to a proprietor" to the end of section 56 of the same Act [as amended by the Court of Wards Act (Bengal) Amendment Act, 1892] are hereby repealed.

Insertion of new section 59A

6. After section 59 of the said Court of Wards Act, 1879, the following shall be inserted, namely:— Ben. Act IX of 1879.

"59A. Every person employed by the Court under this Act shall, for the purposes of the Indian Penal Code, be deemed to be a public servant." [*Cf.* Ben. Act II of 1904, s. 7.]

Persons employed by Court to be "public servants."

XLV of 1860.

Insertion of new section 60B.

7. After section 60A of the said Act [as amended by the Court of Wards Act (Bengal) Amendment Act, 1892], the following shall be inserted, namely:— IV of 1892.

"60B. For the purposes of Part VII and sections 60 and 60A,—

(*a*) a person whose property is under the charge of the Court of Wards by virtue of the second clause of section 11 shall be deemed to be a "ward," but only so far as regards such property; and

Certain persons to be deemed to be wards.

(*b*) a co-owner whose estate or tenure is managed by the Court of Wards in pursuance of a direction given under section 95 of the Bengal Tenancy Act, 1885, shall be deemed to be a "ward," but only so far as regards such estate or tenure." VIII of 1885.

Repeal of section 62.

8. Section 62 of the said Court of Wards Act, 1879, is hereby repealed. Ben. Act IX of 1879.

## STATEMENT OF OBJECTS AND REASONS.

1. THE object of this Bill is to make various amendments in the Court of Wards Act, 1879 (Ben. Act IX of 1879), for the following purposes, namely:—

(1) to facilitate the investment of Trust Funds in loans to Wards Estates;

(2) to provide for the prompt ascertainment of the liabilities of wards' properties and speedy adjudication of claims against them;

(3) to remove all doubt as to whether employés of the Court of Wards are public servants; and

(4) to declare that persons whose property is managed by the Court under the second clause of section 11 of the Court of Wards Act, 1879 (Ben. Act IX of 1879), and co-owners whose estate or tenure is managed by the Court under section 95 of the Bengal Tenancy Act, 1885 (VIII of 1885), are "wards" for the purposes of Part VII, and sections 60 and 60A of the Court of Wards Act, 1879 (Ben. Act IX of 1879), so far as regards such property, estate or tenure.

2. The proposed changes in the law are explained in the accompanying notes.

### NOTES ON CLAUSES.

*Clause 2.*—The partial repeal of section 9 is consequential upon the insertion of the proposed new section 13A.

*Clause 5.*—At present the Court of Wards runs considerable danger when it borrows on the understanding that it will retain charge of the estate until repayment of the loan. New claims against the ward may at any time be put in, perhaps raising the total debts beyond the value of the estate. It is proposed that creditors shall be required to register all debts within a period of six months from the assumption of charge of a ward's property, that they shall furnish particulars and documents in support of their claims; that debts not so registered shall, save when the Court relinquishes charge as provided in the proposed new section 10E., become extinguished; and that, when claims have been received within the period specified, the Court of Wards shall investigate them and decide which of them are to be

admitted wholly or partly or are to be wholly or partly rejected. It is proposed also that all proceedings in the Civil Courts shall, if necessary, be stayed during the first year of management. It will be open to the Court of Wards, when admitting a claim, to make a proposal in writing for its reduction; an acceptance of such a proposal will be binding on the claimant; if he refuses it, he will be able to sue for the claim in a Civil Court if it was registered within the prescribed period. The Court of Wards will thus know the total liabilities of the estate before borrowing, and, where the estate is inextricably involved, will be able to relinquish charge. By these provisions Trustees will be afforded greater security.

*Clause 4.*—The proposed new section 13A has been inserted in connection with the proposal for the investment of surplus money from Trust Funds by way of loans granted to Wards Estates. It will give power to the Court of Wards to retain charge of estates under its management, even after the death of the proprietors concerned, till all the debts and liabilities of those estates are cleared in full. Under section 9 of the Act, the Court of Wards exercises such power only in regard to the estates of persons disqualified from managing their own estates under the provisions of clause (*c*) of section 6 of the Act. It is now proposed to extend this power so as to cover proprietors of the other classes mentioned in section 6. The provision will apply to all debts and liabilities.

*Clause 5.*—The partial repeal of section 56 is consequential upon the proposed enactment of the new section 60B.

*Clause 6.*—will solve the question as to whether employés of the Court of Wards are public servants.

*Clause 7.*—The proposed new section is intended to prevent proprietors whose property is under charge of the Court under the second clause of section 11 of the Court of Wards Act, or co owners whose estates or tenures are managed by the Court under section 95 of the Bengal Tenancy Act, 1885 (VIII of 1885), from alienating or creating any charge over such property, estate or tenure, and declares them to be "wards" for the purposes of Part VII of the Act, so far as regards such property, estate or tenure.

*Clause 8.*—The repeal of section 62 is consequential upon the proposed enactment of the new section 60B.

## QUESTIONS AND ANSWERS.

### THE CIRCULAR ABOUT STUDENTS.

The Hon'ble BABU AMBIKA CHARAN MAZUMDAR said :—

Referring to the recent circular about the students, I would ask for the following informations, viz.:—

(*a*) Were there any cases in the mufassal, prior to the issuing of the circular, where students had been charged with any breach of the peace either in connection with the *Swadeshi* movement or the anti-partition agitation? If so, will the Government be pleased to lay on the table a statement of such cases with their results?

(*b*) Did Government consult any educationists, such as Sir Guru Doss Banerjea, Dr. P. C. Roy, the Rev. Mr. Wann, the Very Rev. Father Lafont, etc., before issuing the circular? If so, did they approve or disapprove of any such repressive measure?

(*c*) Will the Government be pleased to state whether working for the *Swadeshi* movement by any class of people can simply by reason of their number constitute an unlawful assembly within the meaning of section 17 of Act V of 1861? And if the acts of persons so working are unaccompanied by any use or show of force, violence or disturbance, could such acts furnish any lawful basis for appointment of special Police officers under the said section?

(*d*) Will the Government be pleased to state whether it considers the singing by any class of people of any song to be an offence unless such song is either obscene, libellous or seditious?

(*e*) Will the Government be pleased to explain how the teachers can be legitimately held responsible for anything done by the students outside their schools and beyond the school hours? And will the Government be pleased to consider whether the employment of teachers and professors as special Police officers is not likely to lower the prestige, dignity and efficiency of the educational service and thereby materially affect the education of the country?

(*f*) Will the Government be pleased to state why the circular has not been made applicable to Calcutta, where the student community are more actively working for the *Swadeshi* movement than probably anywhere else?

(*g*) Has the attention of Government been drawn to the state of things at Rangpur? If so, will the Government be pleased to state what was the precise offence committed by the students there and under what law or authority has the Magistrate there fined nearly 200 boys with Rupees five (Rs. 5) each? To what department is such fine, if realised, to be credited?

(*h*) Having regard to the actual views of Government as recently explained by His Honour the Lieutenant-Governor, and in view of the fact that the circular has actually been misconstrued and misapplied in some cases, will the Government be pleased, in the interests of public peace and tranquillity, to withdraw the circular altogether, leaving such matters entirely in the hands of the Educational Department without any intervention either by the police or by the Magistrates?

The Hon'ble MR. CARLYLE replied :—

"(*a*) There were a few cases reported to Government in which students have actually been guilty of a breach of the peace in connection either with the *Swadeshi* movement or the anti partition agitation. Government, before

issuing the circular, had also received information that in many parts of the mufassal a state of things existed under which students by picketing and other devices had coerced a large number of people into abstaining from buying what they pleased and tradesmen from importing or selling what they pleased. Government is not prepared to lay on the table the confidential reports it has received on the subject.

(*b*) Government issued the circular in consultation with its advisers in the Educational Department.

(*c*) Government is not prepared to express an opinion regarding cases vaguely and hypothetically put. But it is obvious that the assembly of any class of people in large numbers to put pressure on any section of the community may easily lead to a state of things which would end, unless properly controlled, in a serious breach of the peace.

(*d*) Songs, though neither obscene, libellous, nor seditious, may be sung in such a way or under such circumstances as to give reasonable offence and endanger the public peace.

(*e*) Government cannot accept the view that teachers are not responsible to exercise an influence ever their pupils for good outside their school. In the opinion of Government, the employment of teachers and professors as special police officers is not likely to lower the prestige, dignity, and efficiency of the Educational Service. It is a service which may be exacted from all members of the communnity, from the highest to the lowest.

(*f*) Government is in a position in Calcutta to take immediate steps to suppress nuisances. The circular has been communicated to the Commissioner of Police, who has been instructed, if necessary, to take steps in accordance with the spirit of the instructions contained in that circular.

(*g*) The Hon'ble Member is well aware that Rangpur does not belong to this Province.

(*h*) The Lieutenant-Governor is not prepared to withdraw the circular. There is now no excuse for any misunderstanding of the circular. It is for the District Magistrate to see that the liberty and peace of the community are not interfered with by any section thereof; and the circular simply advises him to secure the assistance of the educational authorities in dealing with students and school-boys."

GOVERNMENT OFFICERS AND THE SWADESHI MOVEMENT AND ANTI-PARTITION AGITATION.

The Hon'ble BABU AMBIKA CHARAN MAZUMDAR asked:—

Does the Government approve of any of its servants inciting people either against the *Swadeshi* movement or against the agitation against the partition of Bengal? If not, will the Government inquire whether there are not officers who are actually doing so, or in case the Government is not willing to make such an inquiry, will it be pleased to issue a circular forbidding all public servants from working against either of these movements and enjoining them to an attitude of perfect neutrality?

The Hon'ble MR. CARLYLE replied:—

"Government has no reason to believe that any of its officers are taking any improper action against the *Swadeshi* movement, or against the agitation in connection with the partition of Bengal; and there is no occasion for an inquiry or for the issue of a circular."

BUDGET FOR THE WESTERN PROVINCE OF BENGAL

The Hon'ble ASIF KADR SAIYID WASIF ALI MIRZA of Murshidabad said:—

Owing to the recent partition of Bengal and the creation of the new Province of Eastern Bengal and Assam, is it not necessary to prepare a new Budget for the Western Province of Bengal for the year 1905-1906?

If so, will the Government be pleased to state when such a Budget would be prepared and laid before the Council?

The Hon'ble MR. SHIRRES replied:—

"The Provincial Budget is merely a consolidation of the district budgets, and the districts which have been transferred to the new Province have taken their budget allotments with them. It will not be necessary to prepare a new budget for 1905-1906."

RAMPUR BOALIA WATER-WORKS AND RANGPUR DRAINAGE WORKS.

The Hon'ble MR. CHAUDHURI asked:—

Will the Government be pleased to state how much out of the provisions made for the water-works of Rampur Boalia and the drainage works of Rangpur in the budget for 1905-1906 has been appropriated to the works referred to?

Is it not the case that the Sanitary Engineer submitted his report on the said water-works and the drainage works in June last, and if no money has been allotted yet for the works referred to above, will the Government state its reasons for the non-appropriation of the budget grants for the purposes referred to?

The Hon'ble MR. SHIRRES replied:—

"The places referred to are now included in the Province of Eastern Bengal and Assam, and all papers referring to them have been transferred to the Government of that Province."

THE BOARD OF REVENUE.

The Hon'ble MR. CHAUDHURI asked:—

It is stated in the Lieutenant-Governor's letter of the 6th April, 1904, regarding the partition of Bengal that the Lieutenant-Governor was then maturing a scheme, in consultation with the Board of Revenue, for associating its members more closely with himself in the administration of the Province. If any such scheme has been matured, will the Government be pleased to publish it for public information?

The Hon'ble MR. CARLYLE replied:—

"The Lieutenant-Governor has matured a scheme in consultation with the Board of Revenue for associating the Members of the Board more closely with himself in the administration of the Province.

He does not propose to publish any information as to the details of the scheme which introduces no changes of principle into the administration of the Province."

THE DIRECTOR OF PUBLIC INSTRUCTION.

The Hon'ble MR. CHAUDHURI asked:—

Is the Government in a position to state whether a member of the Indian Civil Service is to succeed Mr. Alexander Pedler on the latter's retirement from the office of the Director of Public Instruction in Bengal?

Is the office of the Director of Public Instruction to be abolished and an Educational Secretary appointed in his place to discharge his duties?

Is the Government aware that a scheme for the conversion of the Educational Department into an executive department of the Bengal Government was contemplated by Sir George Campbell and then abandoned, having been called into question in Parliament? Having regard to this fact, does the Government intend to revive a similar scheme?

The Hon'ble MR. GORDON replied:—

"The answer to the first question is that the Hon'ble Member is referred to the answer given by the Secretary of State for India to Mr. Hugh Law's question on the 3rd August, in which it was stated that he was aware that the Government of Bengal did propose to appoint a member of the Indian Civil Service to succeed Mr. Pedler temporarily as Director of Public Instruction in March next. An officer of the Education Department has been already selected for appointment as Inspector of Schools, so that at the end of two years he may be fully acquainted with the details of the administration of the Department and qualified for the Directorship.

The answer to the other questions is that Government does not intend to abolish the office of the Director of Public Instruction and appoint an Educational Secretary in his place, or to convert the Educational Department into an Executive Department of the Bengal Government."

CIRCULAR PROVIDING FOR THE PUNISHMENT OF SCHOOL-BOYS TAKING PART IN POLITICS.

The Hon'ble MR CHAUDHURI asked:—

(*a*) Is it a fact that the circular issued by the Chief Secretary to the Government of Bengal, providing for the punishment of school-boys for taking part in politics or in the *Swadeshi* movement and for the enrolment of teachers as special constables as a safeguard against school-boy disturbances, was forwarded to all the District Magistrates in Northern and Eastern Bengal about three days before the said districts of Bengal were proposed to be severed from the Bengal Administration?

Was the same circular forwarded by the same officer at about the same time to the District Magistrates of the remaining portion of Bengal?

(*b*) If there be any districts in Bengal where the circular has not been forwarded, will the Government be pleased to name them?

(*c*) Which are the districts where the Government anticipated or was informed that different sections of the people were likely to come into conflict, and did the Government ascertain how far the information, if any, was based upon facts?

(*d*) Since the issue of the circular to mufassal Magistrates, is it not a fact that the Director of Public Instruction and the Commissioner of the Presidency Division in Bengal were deputed to consult some leading educationalists in Calcutta as to the policy of the circular and that they unanimously condemned it?

The HON'BLE MR. CARLYLE replied:—

"The circular referred to in the question was issued to all districts of Northern and Eastern Bengal shortly before the partition with the consent of the Government of Assam. It was issued about the same time to a few District Magistrates in other parts of Bengal. The Government is not prepared to give any information as to the districts in Bengal to which the circular has not been forwarded, nor as regards the information it obtained before the issue of the circular It is not correct that the Director of Public Instruction and the Commissioner of the Presidency Division in Bengal were deputed to consult some leading educationists as to the policy of the circular, and that they condemned it."

## THE CHOTA NAGPUR TENANCY (AMENDMENT) BILL, 1905.

The Hon'ble MR. SLACKE moved for leave to introduce a Bill further to amend the Chota Nagpur Landlord and Tenant Procedure Act. He said:—

"I would ask, Sir, for leave to introduce this Bill which is one to amend the wording of section 164 of Bengal Act I of 1879, known as the Chota Nagpur Landlord and Tenant Procedure Act. The section in question was introduced into the Act by Bengal Act V of 1903. It was taken from section 25 of Bengal Act II of 1869, the Chota Nagpur Tenures Act, locally

known as the Bhuinhari Act, the intention being to thereby leave all questions relating to these peculiar Mundari khuntkatti tenancies to the jurisdiction of the Settlement Officer and the Commissioner, and that the record so prepared should be final and conclusive as regards existing facts. This section provides that the entries relating to Mundari khunt-kattidari tenancies made in a record-of-rights when finally published under section 103A, sub-section (2) of the Bengal Tenancy Act, 1885, or amended under section 162 of the Chota Nagpur Landlord and Tenant Procedure Act, shall be conclusive evidence of the nature and incidents of such tenancies. One of the entries to be made in the record-of-rights is the name of the person who is the Mundari khunt-kattidar in respect of the tenancy.

"In the course of the proceedings now being carried out in the district of Ranchi for the preparation of a record-of-rights the question was raised by the Settlement Officer as to whether the wording of section 164 of the Act was such as to warrant all the entries made in the record-of-rights in regard to a certain Mundari khunt-kattidari tenancy being taken as conclusive of the facts to which they related. The Settlement Officer raised the question because he had to decide and record in regard to tenancies of this class who was the holder in each case, *i.e.*, the real Mundari khunt-kattidar. I would point out to the Council, as I did before when dealing with the Bill which eventually became Bengal Act V of 1903, that the privileges and incidents connected with a Mundari khunt-kattidari tenancy are not inherent in the land itself, as in the case of land known as sir or zirat, but depend on who is the person in possession. A person who claims the right to hold certain land as a Mundari khunt-kattidar must prove for one thing, that he is the lineal male descendant of the Mundari who originally got the land as a Mundari khunt-katti tenancy. If he fails to do this he cannot be recorded as holding the land under such a tenancy and the land could no longer be regarded as an existing Mundari khunt-kattidari tenancy. The matter was referred to the legal advisers of Government, who considered that the question as to who is the actual or rightful tenant was not covered by the wording of the section, which is therefore defective, and fails to embody the intentions of the Government, and consequently requires to be amended in the manner proposed by the Bill I am now asking for leave to introduce.

"As proof of my assertion that the section in question fails to embody the intention of the framers of it, I would first refer to what the Select Committee said in their Report on the Bill which eventually became Bengal Act V of 1903. In that Report the Select Committee said in paragraph (36) with regard to this section: 'We have also considered it essential to provide that the entries in the record-of-rights shall be final and conclusive, so that confidence may thereby be restored to the minds of these people.'

"Subsequently, in a communication to the Government of India with reference to the sanction of the Governor General in Council to the passing of Bengal Act V of 1903, it was stated as follows:—'The Lieutenant Governor feels convinced that it would be a grave mistake to withhold in the case of the proceedings in respect of khunt-katti tenures the finality which was accorded in the case of those relating to bhuinhari lands.' I would therefore now, Sir, ask that this Bill may be introduced into this Council."

The Motion was put and agreed to.

The Hon'ble MR SLACKE introduced the Bill and moved that it be read in Council.

The Motion was put and agreed to, and Secretary accordingly read the title of the Bill.

The Hon'ble MR. SLACKE also applied to the President to suspend the Rules of Business to admit of the Bill being taken into consideration and passed at the present meeting.

He said:—"I would now, Sir, ask you to suspend the Rules Relating to Business in this Council so that the Bill may be taken into consideration at this meeting and passed.

"I will endeavour to give the reasons which compel me to make this request.

"For generations the Mundaris in Ranchi—the race is aboriginal—have been in a state of unrest owing to their inability to protect what they believe to be their rights in the land. On different occasions they have rebelled believing that they would be able to get by force what they considered to be their right. To remedy this state of affairs the Bhuinhari Act of 1869 and the Chota Nagpur Landlord and Tenant Procedure Act of 1879 were passed; but subsequent events, culminating very recently in another uprising of this clan, showed that further measures were required to put an end to the legitimate grievances of these Mundaris. Government accordingly determined to have a record-of-rights prepared for this district, and the inquiries thereby originated showed that these aborigines had no confidence or trust in the Courts, owing chiefly to their mental inferiority as compared with the Aryans opposed to them. These people were therefore made to understand that Government would as far as possible deal with their claims by special inquiry on the spot, so that there should be no doubt in the future in regard to those that were recognized. Accordingly Bengal Act V of 1903 was passed, and a part of that Act deals with the subject of Mundari khunt-katti tenancies. The Settlement Officer began operations in the most disturbed portion of the Ranchi district, and his labours have been extremely beneficial, for the Mundaris of the large tract known as the Mankipatti have become quiet believing that now their rights as entered in the record-of-rights are final and conclusive and admit of no contradiction. This, as I have already said, is a belief which it was the intention of Government these aborigines should hold, but unfortunately it is not a belief that is warranted by the existing wording of section 164.

"No decision has yet been given by a Civil Court on the point, but the opinions of the legal advisers of Government show that in all probability such decision would be to the effect that the belief engendered by Government in the minds of these aborigines was a false one.

"I have known these people for many years and for the last four years have been in close touch with the record-of-rights proceedings now going on. If any such decision were given by a Civil Court, the result to the peace of the district would be in the very highest degree disastrous. What is being done has had the effect of restoring to some extent confidence in the minds of these arborigines who unfortunately have been made most suspicious by past events. A decision that the entries in the record-of-rights were not final and conclusive in regard to these peculiar tenancies would be viewed by these arborigines as another breach of faith on the part of Government and would retard for years the hope of restoring confidence in their minds.

"To me, knowingwhat I do of this people and their past history, it seems absolutely essential that this amendment should be passed as quickly as possible in order that the disturbances of the past may not be renewed and that the work of pacification now being carried out may not be rendered nugatory. With these remarks I would ask that this Bill may now be considered by the Council."

The Hon'ble THE PRESIDENT said:—"I consider that the reasons given by the Hon'ble Mr. Slacke are adequate, and I therefore suspend the rules with the view that the Bill be now taken into consideration."

The Hon'ble MR. SLACKE moved that the Bill be taken into consideration.

He said:—"I have no further remarks to make, except this, that the matter is of a non-contentious description, and it merely provides that the wording of the section shall be in the terms of the intention which was held by Government when section 164 of Bengal Act V of 1903 was passed."

The Motion was put and agreed to.

The Hon'ble MR. SLACKE then moved that the Bill be passed.

The Motion was put and agreed to.

## THE BENGAL LAND REGISTRATION (AMENDMENT) BILL, 1905.

The Hon'ble MR. HARE moved for leave to introduce a Bill to amend the Land Registration Act, 1876. He said:—

"I feel that possibly some apology will be necessary for troubling the Council with this Bill to amend the Bengal Land Registration Act, 1876.

"The main object of the Bill is, as stated in the Statement of Objects and Reasons, to give greater latitude to the Board in the matter of the registers to be maintained to carry into effect the intentions of the Land Registration Act. The Act as it stands prescribes with far too great detail and rigidity the manner in which registrations are to be made.

"It is often alleged that the legislation of the Indian Councils leaves too much latitude to Government in the matter of making rules. But this is a very clear instance of the extreme unwisdom in attempting to prescribe in too great detail how the intentions of an Act are to be accomplished.

"The Land Registration Act was framed for the purpose of obtaining a record of the interests of the proprietors of estates in Bengal and of maintaining this record corrected up to date. This was a huge undertaking when we remember that there are nearly 191,000 estates to which this Act applies and over 1,617,000 interests are recorded, taking the figures of last year, when also over 77,000 mutations were recorded. It was extremely unlikely that the best possible method for carrying out this difficult task would be hit upon in the first instance, or that no improvements of system could be suggested as the result of experiences.

"The method which was adopted was to start a register called Register A of the interests as they were when the Act was passed. To register the corrections, a second register called D was opened in which the orders for making changes as they occurred were posted in order of date, cross-references being made to the original entries in Register A. This worked very well at first, but as change followed upon change it became exceedingly difficult to ascertain the interests extant at the moment of inquiry. On each occasion the Register A had to be referred to and the corrections had to be followed down in all their ramifications. Where change had followed on change this work was most laborious, and it had to be repeated at every occasion of reference and great delay resulted. References to ascertain the interests in an estate are continually being made, and in many case an answer to the inquiry is urgently required. No doubt when matters got very bad the original Register A was written up afresh and a fresh start made only to become involved and complicated again in course of no long time.

"A reform was then introduced under which Register D was kept estate by estate in tauzi number ordér. The interests at the time of writing it up in the new form were posted under the estate number, and as each correction was ordered it took the form of 'in lieu of entry so and so, enter entries so and so.' The entry to be altered was then neatly scored through by a red line and the new entries posted up with cross-references between them and the old entries and a reference to the order directing the change. Blank pages were left under each estate for this purpose. This gave at any moment an easily readable statement of the interests as corrected up to date. Being in tauzi number order any estate could be easily found.

"It is obviously easy to put into this new register all the informations previously contained in Register A and thus to do away altogether with a bulky and superfluous register. Nor is this the only advantage. Register A is under the Act arranged alphabetically, and a serial number is given in this register to each estate in the order in which it is written up. But new estates are continually being formed and named and these have to come in at the end of the register until such time as it is re-written when they are put into their alphabetical position and the whole series re-numbered. Thus the Register A number is frequently changed, and as this number is quoted in all references to the estate, continual mistakes arise from misquoting these varying numbers, and all the numerous and bulky registers in the tauzi accounts and in the Road Cess Department and other registers have to be continually corrected in regard to this A number.

"This procedure is prescribed by Act and so could not be at once changed when it was found to be unnecessary and an enormous amount of labour has been involved and the record-rooms have been cumbered with a great bulk of registers which could have been avoided. It is to obviate this labour and the complication entailed by the present system that this Bill is proposed which will also give the Board power to take up any new and suitable devices which may be found expedient to carry out in the simplest and most economical manner the intentions of the Act. We do not propose to prescribe the forms we now advise, but to leave ourselves power to adopt any more expeditious and simple plan if such can be discovered. Some of the other registers such as Register C of mauzas will be simplified and made more convenient and brought into conformity with the registers of the record-of-rights.

"The power contained in section 13 of the Land Registration Act in regard to lakhiraj estates was also found to be too curtailed. In Orissa we would have liked to be able to adopt the registers prepared by the Settlement Department, but we were advised that this was not possible without a modification of the Act, and so now power is taken to enable us on a future occasion to adopt such registers. This is done by section 3 of the Act

"These are the two principal objects of the Bill, but there are one or two more points which may be referred to. But I do not propose to ask you to follow me through all the sections of the Bill, since this is done in the Statement of Objects and Reasons, and many of the clauses are of a purely technical nature.

"The amendment of the definition of 'mauza' in the Act may be noticed. It follows actual custom and practice, and the object is to make more precise and definite the description of the position of the lands of an estate. By referring them to a survey record where there has been a revenue survey it is possible to have the boundaries relaid at any time and no doubt can arise as to the site intended.

"In clause 7 it is required that a minor who comes of age and a beneficiary when they take direct charge shall have themselves registered. This is usually done, but the Act at present does not specifically require it.

"In clause 9 power is taken to compel attendance of applicants or their agents, which is often necessary in order to complete an inquiry and is just as necessary as the power to compel the attendance of witnesses. It may be argued that a party may be a witness and as such can therefore be compelled to attend, but it is perhaps better to be explicit on the point.

"Clauses 11 and 12 fix fees for registrations in cases not hitherto provided for.

"Clause 13 gives a Collector power to close a separate account in all cases in which it is found that it no longer represents the present condition of affairs.

"Clause 14 merely makes it clear that the present interpretation of the Act in section 77 is correct. It has been argued that the Act requires in the case of every change the publication not only of the changes effected, but also of all the other items recorded in regard to the estate. These often run to hundreds of items, and their publication would be very laborious and would serve no useful purpose. With these remarks I would ask leave to introduce this Bill to amend the Land Registration Act, 1876."

The Motion was put and agreed to.

The Hon'ble MR. HARE introduced the Bill and moved that it be read in Council.

The Motion was put and agreed to, and Secretary accordingly read the title of the Bill.

## THE CALCUTTA POLICE (SUPERANNUATION FUND) BILL, 1905.

The Hon'ble MR. CARLYLE moved for leave to introduce a Bill to abolish the Calcutta Police Superanuation Fund.

He said:—"This is in no sense a contentious matter, and I do not think I need make any remarks except to say that we want to introduce exactly the same system as prevails in the District Police in which no deductions are at present made on account of pensions or gratuities. We want to extend that system to Calcutta."

The Motion was put and agreed to.

The Hon'ble Mr. Carlyle introduced the Bill and moved that it be read in Council.

The Motion was put and agreed to, and Secretary accordingly read the title of the Bill.

## THE BENGAL COURT OF WARDS (AMENDMENT) BILL, 1905.

The Hon'ble MR. HARE moved for leave to introduce a Bill to amend the Court of Wards Act, 1879. He said;—

"Your Honour—In introducing the Bill it is necessary to say only a few words as to the objects and reasons for the amendments which it is proposed to make in the Bengal Court of Wards Act, 1879. The proposal to amend the existing Act arose out of a wish to utilize the funds of certain charitable trusts in loans to the Court of Wards. In consequence of the reduction of the rate of interest on Government securities in which the funds of most of the charitable trusts have been invested, the incomes of these trusts have in many cases been seriously reduced, and it has become a matter of importance that, if possible, a safe investment which would yield a larger return on their capital should be open to them. The Court of Wards on the other hand are constantly in need of money which they can rarely borrow at less than 6 *per cent.*, and it is desirable that they should be able to borrow from the Trust Funds when these have money to lend.

"This at present can only be safely done in cases in which the estate for which the money is borrowed is one of which the proprietor has been declared disqualified under section 6 *e*) of the Act. In that case under section 9 (*f*) the estate may be retained under the Court's management so long as the loan has not been repaid. In other cases the death of the heir or some other change of circumstances may take the estate out of the control of the Court, and the party who advanced the loan would be only in the position of an ordinary creditor who had advanced money on a mortgage on the estate. Such a loan might be in fact safe and be ultimately recoverable, but the trustees could in default of payment of interest and capital only recover by a suit. They would have to expend much money and engage on a difficult business for which they were quite unsuited, and the trust might be seriously crippled.

"And this difficulty not only affects trusts, but also is a great detriment to private capitalists and banks who are in a position to lend money to the Court. It very seriously detracts from the borrowing power of the Court and increases the interest which it has to pay. It thus becomes much more difficult for the Court to rescue from ruin estates which are badly involved, in all cases in which it cannot give an assurance that the estate will be retained until the loans raised to repay the debts and liabilities due by it are discharged.

"There are thus very strong reasons for the amendment of the Act to enable the Court of Wards to retain the management of the estate until the monies borrowed by it have been repaid. In the Court of Wards Act of the Central Provinces (XXIV of 1899), section 31, proviso 1, the United Provinces Act III of 1899), sections 41 (2) and 42 (1), the Madras Act (I of 1902), section 57 and the Punjab Act (II of 1903), section 45, provisions are made to secure this object, and a Bill to amend the Bombay Court of Wards Act in section 40 (1) contains a similar provision.

"The Bengal Act clearly should also secure the same power to the Court of Wards in Bengal. This is proposed to be secured by clauses 2 and 4 of the Bill.

"There is next to be noticed another difficulty which the Court of Wards have to meet. Before the Court can give any such guarantee as I have just mentioned, it is necessary that they should feel very certain of their grounds

for believing that they can redeem the loans they may thus raise. For this it is necessary that the circumstances of the estate should be accurately known. It often happens that in the case of very involved estates the proprietors do not call in the Court's aid until the very last moment when it is certain that no other measure can possibly save them. It is then in the time available exceedingly difficult to secure that the liabilities of the estate have been accurately stated, and on the other hand the assets are often grossly exaggerated. Perhaps a decree has been passed, and unless money can be raised without delay the estate will be sold. But to make a full examination into all the circumstances of an estate some time is necessary and statutory powers are necessary to compel disclosure of all claims against the estate. To ascertain the real as distinguished from the book assets some time and some experience as to the real collections which can be made in the mufassal from the raiyats is absolutely necessary. It is not that debts are wilfully concealed or assets wilfully and knowingly exaggerated. But it often happens that the unsecured debts more especially are not accurately known to the proprietor, and an incurable optimism often leads the proprietor to really believe that his position is much better than it really is; and if after the Court has raised a loan it is found that claims which it has not provided for have to be met, or that the assets are less than it had reason to anticipate, the position of the Court is very seriously compromised. This is not, I am sorry to say, an imaginary danger, and the present difficulty of accurately ascertaining the circumstances of an estate and of framing a satisfactory scheme for its redemption without great danger of its being found to be unworkable is very real, and the uncertainty which the Court experience in this respect is a constant source of grave anxiety.

"It has happened that the management of the Court has been completely paralysed by the attachment by a Civil Court of an entire balance to the credit of an estate in the Government Treasury.

"To meet these difficulties section 3 of the Bill has been framed on the basis of sections 12—16 of the Central Provinces Act (XXIV of 1899). In a series of additions to the present Act, viz., 10A to 10E, it is provided that a notice shall issue to claimants to submit their claims (clause 10A) and to furnish proof of them (clause 10B). The Civil Courts are empowered to stay the execution of their decrees during what may be termed the period of inquiry of one year on such conditions as may appear to them to be fair and equitable (clause 10C).

"The claims will then be examined and adjudicated on [clause 10D(*1*)] subject to the right of a creditor to sue [clause 10D(*3*)].

"Clause 10D (*2*) provides that any compromise duly accepted by a creditor in regard to his debt shall be binding on him. It might perhaps be thought that such compromises would not ordinarily be effected, but it frequently is the case that a creditor will gladly accept much less than his lawful claim when he recognises that if left to recover without the help of the Court there is little chance of his recovering anything at all. If the Court do not interfere, the payment of the secured debts by sales in the Civil Courts will often swallow up the whole of the assets, leaving nothing for the unsecured debtors. In other cases the trouble and the certain expense to the creditors of suing for their claims may make them ready to forego a portion of their claims when they recognise that only on this condition is it possible for the Court of Wards to take up the management. It is necessary that such arrangements with the creditors shall be binding, and I have in fact had to deal with creditors who have attempted to repudiate their engagements on the strength of which alone the Court had taken up the estate and borrowed money to pay the debts.

"Finally, in clause 10E provision is made for surrendering the estate, if it is found that it is impossible to redeem it.

"Both in the interests of proprietors whose estates will be more easily redeemed and of creditors who will be the better able to recover their claims, these amendments will be beneficial. The position of the Court of Wards will be greatly strengthened, and it will be able to deal with difficult cases with much greater confidence and assurance.

"The remaining clauses of the Bill call for only a few words. The object of clause 5 of the Bill is to make it unnecessary to sue in the name and under the signature of a disqualified proprietor. If a proprietor is disqualified he clearly ought not to be allowed, much less required, to take any part in the conduct of suits in connection with his estate. In practice difficulty is often experienced in getting him to take the necessary action. The same difficulty has occurred in the case of proprietors of estates or tenures managed by the Court of Wards in pursuance of an order of the District Judge under section 95 of the Bengal Tenancy Act, and clause 5 covers their case also.

"Clause 6 decides a point which is at present doubtful, and declares all employés of the Court of Wards to be public servants within the meaning of the Indian Penal Code.

"Clause 7 is framed to prevent co-proprietors who consent to their share of their estates being managed by the Court along with the shares of disqualified proprietors, and co-owners whose estates or tenures are managed by the Court of Wards under section 95 of the Bengal Tenancy Act from alienating or creating any charge upon such property during such management. With these remarks I beg leave to introduce the Bill."

The Motion was put and agreed to.

The Hon'ble MR. CHAUDHURI said:—"With your Honour's leave I would venture to remark that it would be very convenient to all Members concerned if Bills of this nature were circulated amongst Members at least a week before their introduction."

The Hon'ble THE PRESIDENT said:—Undoubtedly the object of all the officers of the Council is to meet the convenience of Hon'ble Members; but nothing can be insisted on beyond what the Rules of Business require.

The Hon'ble MR. HARE introduced the Bill and moved that it be read in Council.

The Motion was put and agreed to, and Secretary accordingly read the title of the Bill.

The Council was then adjourned to Saturday, the 2nd December, 1905.

PACIFIC OCEAN—PHILIPPINES—KALAMION OR KULION ISLAND.

*Port Kulion—Beacons established.*

*No. 440 (first publication).*—The British Admiralty has given notice (No. 1046 of 1905) that three beacons have been erected to mark reefs situated in or near port Kulion, Kalamion or Kulion island.

Each beacon consists of a concrete base surmounted by a post carrying two square boards one above the other and at right angles. The boards are painted white with a black centre, the upper one being 15 feet above high water. They are situated as follows:—

(*a*) On the centre of the reef lying in the approach to port Kulion, with the summit of Inlulukit island bearing N. 30° W., distant one mile, and fort Kulion light S. 85° W.

(*b*) On the northern point of the reef on the eastern side of the entrance to the harbour, with fort Kulion light bearing N. 68° W., distant $2\frac{8}{10}$ cables.

(*c*) On the north-eastern edge of the reef extending from the western entrance point to the harbour, with Kulion light bearing S. 35° W., distant 150 yards.

Approximate position, fort Kulion, lat. 11° 54′ N., long. 120° 01′ E.

(*Variation 1° Easterly in 1905.*)

CHINA SEA—BORNEO—NORTH-WEST COAST.

*South Natuna islands—Reefs near.*

*No. 442 (first publication).*—The British Admiralty has given notice (No. 1049 of 1905) of the existence of the undermentioned reefs near the South Natuna islands, China sea:—

(*a*) A reef 4 cables long, in a N.W. and S.E. direction with a least depth of 8 feet over it and from 12 to 16 fathoms around, is situated to the westward of Sumpadi island in a position from which the north extreme of that island bears N. 64° E., distant one mile, and the south extreme of the island S. 64° E.

Approximate position, lat. 2° 35½′ N., long. 109° 9′ E.

(*b*) A reef 9 cables long, in a W.N.W. and E.S.E. direction and 3 cables wide with a least depth of 8 feet over it, is situated to the southward of Subi island, in a position from which Latu rock in line with Kordu (Kerdan) islet bears S. 54° E., distant 2½ miles.

Approximate position, lat. 2° 46½′ N., long. 108° 47′ E.

(*c*) The reef charted to the eastward of the northern end of Subi island has a least depth of 3½ fathoms over it, with 18 to 20 fathoms around, and is situated in a position from which Ria rock bears N. 76° W., distant $7\frac{9}{10}$ miles, and Tumbalo rock S. 30° W.

Approximate position, lat. 3° 1½′ N., long. 109° 0½′ E.

(*Variation 2° Easterly in 1905.*)

*This Notice affects the following Admiralty Chart:—South Natuna islands, No. 2104: Also China Sea Directory, vol. II, 1899, pages 82 and 83.*

## CHINA, EAST COAST—Wusung river.

*Shanghai—Intended alteration in system of weather signals.*

*No. 443 (first publication).*—The British Admiralty has given notice (No. 1059 of 1905) that, on the 1st January 1906, the flags of the International Code will be substituted for the Marryat Code in making the undermentioned weather signals at the Storm-signal station, Shanghai:—

I.—The 9-30 A.M. signal, indicating the direction and force of the wind at Gutzlaff at 9 A.M., will be made as follows:—

The direction by the flags N., S., E., W., and V. (variable) of the International Code, and the force by the numeral signals 0 to 11.

Letter U flag signifies calm, and a blue pennant that fog prevails.

This signal is lowered at 10 A.M. In case of any delay it will be hoisted from 11-30 to 1-50 A.M.

At 3-30 P.M. a similar signal shows the direction and force of the wind at Gutzlaff at 3 P.M. In case of delay it will be hoisted from 4-15 to 4-30 P.M.

II.—The signals indicating the probable direction and force of the wind on the coast, and at Shanghai within the next 24 hours, will be made as follows:—

Special Flags.

1 2 3 4 5

Flag No. 1 hoisted over any of the flags N., S., W., E., U., or V. of the International Code indicates the probable wind along the coast south of the 30th parallel.

Flag No 2 hoisted over any of the flags N., S., W., E., U., or V. indicates the probable wind along the coast north of the 30th parallel.

Flag No. 3 indicates that fair weather is probable at Shanghai.

Flag No 4 indicates that unsettled and threatening weather is probable at Shanghai.

Flag No. 5 indicates that rainy weather is probable at Shanghai.

III.—The 4 P.M. signal, indicating height of the standard barometer at Zi ka wei Observatory, will be made in the same manner as at present, except that numeral signals of the International Code will be used in the place of those of Marryat's Code.

Note.—Signals I and III are repeated at the storm-warning semaphore of the Imperial Maritime Customs near the Inner bar and from the Outer bar signal flagstaff near the Wusung lighthouse.

Approximate position, Shanghai storm-signal station, lat. 31° 14½′ N., long. 121° 28½′ E.

*This Notice affects China Sea Directory, vol. III, 1904, pages 422, 423 and 424.*

## COAST OF CHINA.

*Intended alteration in system of Typhoon and Storm signals.*

*No. 444 (first publication).*—The British Admiralty has given notice (No. 1060 of 1905) that, on the 1st January 1906, the undermentioned system of Typhoon and Storm-warning signals will be substituted for that now in use at the semaphores of the Imperial Maritime Customs at Canton, Amoy, Fuchau (Pagoda anchorage), Gutzlaff island, Wusung, Shanghai (Storm-signal station), Chifu, Chinkiang, Taku and Newchwang:—

The signals are made by means of shapes used as symbols having numbers corresponding to them as follows:—

1. 2. 3. 4. 5. 6.

These shapes are hoisted at the yard-arms of the signal mast and have the following general characteristics:—

| | |
|---|---|
| Typhoon and Continental depressions ... ... | 3 shapes at one yard-arm showing the position of the centre.<br>2 shapes at the other yard-arm showing the region threatened. |
| Gale signals ... ... | 2 shapes at one yard-arm showing the general direction of the wind.<br>1 shape at the other yard-arm showing the region threatened. |

CHINA SEA—GASPAR STRAIT.

*Billiton island, west coast.—Depth over Teree—Alterations in beacons and buoys.*

*No. 448 (first publication).*—The British Admiralty has given notice (No. 1070 of 1905), of the undermentioned alterations respecting the depths, beacons, and buoys on the west coast of Billiton island:—

1. The depth over Teree rock is now 3 feet, and the white conical buoy marking it has been replaced by an iron beacon surmounted by a black conical topmark.

   Approximate position, lat. 3° 9¼′ S., long. 107° 27½′ E.

2. The wooden beacon surmounted by a white ball, to the westward of Keringan island, has been replaced by an iron beacon surmounted by a black conical topmark erected in a depth of 3 feet.

   Approximate position, lat. 3° 1½′ S., long. 107° 29′ E

3. The wooden beacon surmounted by a black conical topmark to the south of Pulo Nado (Gala) has been replaced by an iron beacon surmounted by a white ball.

   Approximate position, lat. 3° 2′ S., long. 107° 27¾′ E.

   The shoal which this beacon marks dries at low water.

4. The wooden beacon surmounted by a black conical topmark to the southward of Pulo Nado (Gala) has been removed.

   Approximate position, lat. 3° 0¾′ S., long. 107° 27¾′ E.

5. The white conical buoy surmounted by a ball marking Jumangin shoal has been replaced by a black can buoy.

   Approximate position, lat. 2° 47′ S., long, 107° 31½′ E.

6. The white conical buoy, surmounted by a white ball marking Batu Tuku, has been replaced by a black can buoy.

   Approximate position, lat. 2° 46′ S., long. 107° 31′ E.

The positions given above refer to Chart No. 2137.

AUSTRALIA, SOUTH—SPENCER GULF—PORT PIRIE APPROACH.

*Cockle Spit.—East buoy replaced by the gauge beacon.*

*No. 449 (first publication).*—The British Admiralty has given notice (No. 1071 of 1905) that the red can buoy marking the eastern end of Cockle spit, Port Pirie approach, and situated at a distance of 1¾ miles S. 25° W. from Germein pier head, has been replaced by a pile beacon, carrying a clock-faced tide gauge. The gauge faces towards the north-westward, the height of the tide above low-water ordinary springs is indicated by a hand revolving clockwise over a clock-shaped dial marked from 0 to 12 feet. At night, weather permitting, this dial will be illuminated.

The least depth in port Pirie creek is now 15 feet at low-water springs, 15 feet must therefore be added to the number of feet shown on the gauge to obtain the depth in that creek at any time of tide.

Approximate position, lat. 33° 3¾′ S., long. 137° 58¾′ E.

## RESOLUTION REVIEWING THE DIVISIONAL REPORTS ON THE WORKING OF THE DISTRICT BOARDS IN BENGAL DURING THE YEAR 1904-1905.

MUNICIPAL DEPARTMENT—LOCAL SELF-GOVERNMENT.

*Calcutta, the 17th November 1905.*

RESOLUTION—No. 2447L S.-G.

READ—

The Reports from the Commissioners of Divisions on the working of the District Boards in Bengal during the year 1904-05.

Read also—

The Resolution reviewing the Divisional Reports on the working of the District Boards in Bengal during the year 1903-04.

The number of District Boards remained unchanged. A new Local Board was established in the reconstituted Barrackpur subdivision, but its effective existence dates from the commencement of the current year. The Union Committee at Binodepur, in Jessore, was abolished and a new one was established at Kotalpur in Bankura. The number of Local Boards is now 105 and of Union Committees 58.

2. *Constitution of District Boards.*—The constitution of the District Boards was practically the same as in the previous year. The number of meetings held was 625, a decrease of ten. The number of meetings which were adjourned or proved abortive for want of a quorum fell from 54 to 35, the lowest number yet recorded. The average attendance of members was the same as in 1903-04, a slight improvement in the attendance of official members being counterbalanced by a falling off on the part of non-officials. The Saran District Board held the largest number of meetings (30). All Boards held at least twelve meetings, except those of Hazaribagh (6), Palamau (8) and Manbhum (8),—all in the Chota Nagpur Division. The usual explanation is given that more meetings were not required. Distances are great in Chota Nagpur, and there are practically no railways. The number of meetings is thus necessarily smaller than in other parts of the Province; but the Lieutenant-Governor agrees with the Commissioner that six meetings in a year are not sufficient in a district of the size and importance of Hazaribagh.

3. *Constitution of Local Boards.*—The total number of members of the Local Boards remained the same. Nominated members were fewer by 23, while *ex-officio* members increased by thirteen and elected members by ten. The interest taken in the election of Local Board members has steadily declined; and almost each succeeding year has witnessed an increasing number of failures to elect representatives. In 1890-91 the total number of elected members was 472. In the year under review, although there was a very slight improvement over the previous year, there were only 363 elected members, whereas, if all the electors had exercised their rights, the number should have been 494. This lack of interest is, no doubt, due in part to the limited powers and small resources of the Local Boards; but it cannot be said that they have discharged their work in such a manner as to demonstrate their fitness to assume heavier responsibilities.

The number of meetings held was 1,233, of which 168 were adjourned, or proved abortive for want of a quorum. The attendance of officials was the same as in 1903-04 and that of non-officials rather worse, the total average attendance being 5·5 against 5·8. The average was highest (10·15) in the Sadar Local Board of Midnapore and lowest (2·4) in the Vishnupur Local Board in Bankura. The largest number of meetings (22) was held by the Kishorganj Local Board in Mymensingh. The Local Boards of Govindpur and Murshidbad Sadar held only three meetings each. Fourteen Local Boards held eight meetings or less.

4. *Elections.*—General elections were held during the year in the districts of Burdwan, Birbhum, Bankura, Hooghly, 24-Parganas, Khulna, Rajshahi and Dacca, and in three thanas of Midnapore. The elections were unsuccessful in four thanas in Burdwan and Bankura, two thanas in Birbhum, all the thanas in the Arambagh subdivision of Hooghly, one thana in Midnapore, five thanas in 24-Parganas, all the thanas in the Sadar subdivision, and some of the thanas in the Bagirhat subdivision, of Khulna and three thanas in Dacca. The failures were due to the lack of interest on the part of the electors, except in the Arambagh subdivision, where the notices were not properly served. It is clear that the public generally attach little importance to the elections.

5. *Powers of Local Boards.*—There was no material change in the powers' exercised by Local Boards.

6. *Union Committees.*—One Union at Binodepur in Jessore was abolished and one was formed at Kotalpur in Bankura. The total number, therefore, still stands at 58. The income of the Union Committees rose from Rs. 17,985 to Rs. 19,699. Their expenditure was Rs. 18,322, or about the same as in the previous year. Thirty Unions spent the whole, or nearly the whole, of the funds placed at their disposal. The best results are shown by the four Union Committees in Howrah and by two in the Noakhali district, all of which levied small sums by means of local taxation under section 118 of the Act. The total amount thus raised in these six Unions was Rs. 583. This sum, though small in itself, represents a distinct move in the right direction; and it exceeds considerably the aggregate taxation of all previous years since the Union Committees were first constituted. There is thus some ground for the hope that the spirit of self-help is growing, and that the people are beginning

to realize that taxation is a necessary preliminary to effective administration. The Unions in the Orissa Division remained in the state of suspended animation in which they have continued for the last few years; and the Memari and Keshabpur Unions in Burdwan and Jessore were equally inactive.

7. *Financial results.*—The District Boards began the year with an opening balance of Rs. 24,00,169. The total income amounted to Rs. 79,62,577 and the total expenditure to Rs. 81,39,279, leaving a closing balance of Rs. 22,23,466.

The following statements show the principal heads of income and expenditure during the last two years:—

## INCOME.

8. *Provincial Rates (Rs. 46,54,491).*—The receipts under this head increased by Rs. 1,75,510. The rise was shared by all Divisions, except Orissa, where there was a slight falling off, due to poor collections in Cuttack and Puri. In Khulna, Dacca, Noakhali, Gaya and Hazaribagh the gain was due mainly to revaluation. Improved collections accounted for a considerable increase in Mymensingh, Patna and Bhagalpur, and also in Ranchi, where a large outstanding balance was realized during the year. The short collections in Darbhanga were nominal, most of the outstanding balance having been paid immediately after the close of the year.

The road cess is the only source of the Boards' income which has shown a steady and continuous expansion. The increment in the year under review was more than double the average of the previous decade. It is not likely, however, that this rate of progress will be maintained, nor could its continuance be regarded as healthy. The cess is already levied at the maximum rate allowed by law, and any further increase must be due either to more accurate assessment or to higher rents. There is now little room for

improvement under the former head; and it is not in the public interest that there should be a general enhancement of the existing rates of rent.

9. *Interest (Rs. 43,683).*—The income under this head was almost the same as last year and calls for no remarks.

10. *Police (Rs. 4,90,126).*—The income from pounds shows a slight decline of Rs. 3,297. The state of matters described in the divisional reports is far from satisfactory. The number of pounds has been largely increased in recent years; but the revenue is inelastic or decreasing, the supervision is defective, and the pound buildings are often quite unsuitable. In the Dacca and Chittagong Divisions the number of pounds has risen during the last fourteen years by 49 and 42 per cent. respectively, but, in spite of this, the income shows a considerable decline. Similar results have occurred elsewhere also; and the only possible explanation is that adequate steps have not been taken to safeguard the revenue by duly advertizing the sales, by breaking up combinations amongst the farmers, and by managing pounds *khas* in cases where sufficient bids are not forthcoming—in short by taking measures similar to those which have been adopted so successfully in the case of excise shops. The large outstanding balances in many districts afford additional evidence of lax administration. In Howrah and Dacca, these balances actually exceeded the income for the year, and the arrears were also very large in the districts of Midnapore, Jalpaiguri, Shahabad, Puri and Manbhum. In many cases large irrecoverable demands have accumulated simply because prompt steps have not been taken to resell pounds in default. A most serious instance of mal-administration recently came to notice in the district of Dacca, where, owing to the neglect of the most elementary precautions, defalcations on a large scale went on for years before they were detected. It is clear that the whole system of pound administration requires careful examination. Commissioners of Divisions are requested to give this matter their best attention during the rest of the current year and to notice the result of their enquiries in their next annual report.

11. *Education (Rs. 78,246).*—The Educational receipts declined by Rs. 11,105. The decrease occurred mainly under the sub-head "Miscellaneous," and was due to the abolition of the Lower Primary Scholarship Examination and the consequent loss of fees.

12. *Medical (Rs. 60,620).*—Owing to a decrease of Rs. 8,426 under "Miscellaneous," the receipts were less than those of the previous year by Rs. 4,692. There was an increase of Rs. 3,329 under the head "Contributions," which includes both Government grants and subscriptions from the public. In some districts, *e.g.*, in Patna and Nadia, the subscriptions in aid of the Boards' dispensaries are, apparently, not entered in the accounts. Care should be taken to see that they are properly entered in future.

13. *Scientific and other Minor Departments (Rs. 18,144).*—There was a net decline of Rs. 2,440 under this head. There was a falling off in the income from public exhibitions and fairs, due mainly to the fact that the Nangalband Fair in Dacca was not held during the year, the fairs for the Bengali years 1309 and 1310 both falling within the financial year 1903-04.

The decrease under "Veterinary" is accounted for by the fact that in the previous year a donation of Rs. 2,183 was made by Babu Promotha Nath Roy Chowdhury of Sontosh for the construction of a veterinary hospital building at Mymensingh.

14. *Miscellaneous (Rs. 2,27,320).*—The income under this head increased by Rs. 31,990. These receipts are of a fluctuating character, and the variation does not call for any special remarks. The share of the surplus profits of the Howrah-Amta and Howrah-Sheakhala Light Railways received by the Howrah and Hooghly District Boards increased by Rs. 3,533 and Rs. 2,079, respectively, while the Patna District Board received for the first time a sum of Rs. 10,616 as its share of the surplus profits of the Bihar-Bakhtearpur Light Railway.

15. *Irrigation—Minor Works and Navigation (Rs. 19,946).*—Only three District Boards have any receipts under this head. There was an increase of Rs. 491 in the receipts from the Hallifax Canal in Jessore, but this was counterbalanced by a fall of Rs. 721 in the canal revenues in Chittagong.

16. *Civil Works (Rs. 8,42,042).*—The year under review was the first of the new Provincial Settlement, and it was found necessary to withdraw temporarily the Government subvention of five lakhs which had been given annually to the District Boards since 1901-02. The special grants for feeder roads aggregated only Rs. 78,000, against Rs. 2,71,717 in the previous year; but, on the other hand, grants amounting to Rs. 53,000 were given for the first time for the improvement of the water-supply. The receipts on account of tolls from ferries showed an increase of Rs. 38,137. The net result of these changes was a decrease of Rs. 5,80,399 in the Boards' income under "Civil Works."

The receipts from ferries rose in twenty-five districts and fell in sixteen. The largest gains occurred in Dacca and Saran, where they were due to large arrear collections; in Darbhanga, Monghyr and Muzaffarpur, owing to good collections and favourable settlements; and in Malda, owing to the transfer of nine Government ferries to the District Board in lieu of part of the fixed Government grant. The opening of the Bengal-Nagpur Railway has reduced the receipts in Bankura and Midnapore, while in Patna they have declined owing to competition with the Railway and Steamer Companies. The construction of new bridges on the sites of existing ferries has hitherto been hindered, not only by the cost of erecting them, but also by the resulting loss of the ferry revenue. This obstacle in the way of improving communications will to a great extent be removed, so far as the cost of construction is concerned, by a clause in the Bill to amend the Local Self-Government Act, III of 1885, which provides that a Board may levy tolls on a new bridge until the expenses of construction, and the interest thereon at 4 per cent., together with the capitalized cost of maintenance, have been recovered.

17. *Contribution (Rs. 10,30,197).*—The figure here given represents the amount shown in column 70 as the "Contribution from Provincial to Local." This head includes (1) the amount drawn during the year on account of the fixed grants, aggregating Rs. 10,01,881, which have been assigned to District Boards to establish an equilibrium between income and expenditure transferred to them from the Provincial accounts, and (2) the sums allotted for the improvement of communications in Government estates, which, in the year under review, amounted to Rs. 69,400. It may be explained that the contributions received by the District Boards are entered in five separate columns, and that the total amount, including the above, is Rs. 13,59,690. In column 26 under the main head "Education" is entered the income from educational endowments and sums received as subscriptions from the public for the maintenance of educational institutions. Column 34, under the main head "Medical," shows subscriptions from the public and contributions from Provincial revenues in aid of expenditure on the prevention of plague and for other medical purposes. Grants made for veterinary work are shown in column 40 (*a*) under the main head "Scientific and other Minor Departments." Column 65, under "Civil Works," indicates the contr butions made by Government or private individuals for the execution of particular works, and includes grants for the improvement of communications generally and for the construction of feeder roads.

18. *Loans (Rs. 25,000).*—The District Board of Dinajpur received a sum of Rs. 25,000 as a loan from Government for the construction of bridges.

19. *Deposits and Advances (Rs. 4,69,973).*—The receipts increased by Rs. 25,333 but the variations call for no remark.

## EXPENDITURE.

20. *Administration (Rs. 3,10,292).*—The cost of office establishment increased by Rs. 2,450, while contingencies were less by Rs. 4,168, the net decrease being Rs 1,104. The changes were unimportant.

21. *Police (Rs. 26,158).*—The decrease of Rs. 2,258 was shared by most districts and does not call for comment.

22. *Marine (Rs. 3,007).*—The expenditure decreased by Rs. 209. In Chittagong a monthly subsidy of Rs. 175 was paid for the first time to a private steamer service between Chittagong and Cox's Bazar, but in Noakhali the

aid formerly given to the Barisal-Noakhali steamer service was withdrawn. Endeavours are being made by the Noakhali District Board to promote a steamer service between the main land and the island of Sandwip.

23. *Education (Rs. 18,27,203).*—The total amount disbursed on education exceeded that of the previous year by Rs. 7,619. The expenditure on inspection increased by Rs. 10,644, on Training and Special Schools by Rs. 4,086, and on Scholarships by Rs. 7,113, while there was a decrease of Rs. 29,761 under "Miscellaneous." The value of the figures is seriously affected by the carelessness with which the returns are compiled by some of the District Boards. According to Appendix B no primary schools are maintained by the District Boards of the Patna and Bhagalpur Divisions, but in Form III Rs. 1,20,097 is entered as having been expended on their maintenance in the former Division and Rs. 52,080 in the latter. In the Chota Nagpur Division only one primary school with 42 pupils is shown in Appendix B, while the expenditure, according to Form III, is Rs. 18,354. The Lieutenant-Governor looks to Commissioners to see that such obviously absurd mistakes are not committed in future. The number of aided high schools shows an increase of three, and there were nineteen more middle schools. The number of upper primary schools receiving aid rose from 4,101 to 4,126, but there was a decrease of 446 lower primary schools and of 28,827 pupils in such schools. This decrease occurred in six Divisions, and was particularly noticeable in Bhagalpur and Chittagong, where it amounted to 16 and 10 per cent., respectively. The causes of these variations will be discussed in the Resolution on the Education Report. It is satisfactory to observe that the number of girls under instruction in primary schools increased by 8,073.

Eleven District Boards failed to spend on education the full amount assigned to them for this purpose from Provincial Revenues. In some districts the income from pounds and ferries has fallen off, while heavy charges have been incurred on medical relief which were not provided for in the Settlements. This does not, however, excuse the failure to spend the full amount in Dacca and Bhagalpur, where the pound and ferry income largely exceeded the receipts estimated in the Settlement. In future, when passing the budgets, Divisional Commissioners should take care that no portion of the funds assigned by Government for education is diverted to other objects.

24. *Special Schools.*—Technical schools are maintained by the District Boards of Burdwan, Midnapore, Rangpur, Pabna and Mymensingh, Industrial schools by the District Boards of Balasore, Ranchi and Hazaribagh, an Artisan school by the Tippera Board, and Sericultural schools at Rampur Boalia and Sabong by the Rajshahi and Midnapore Boards, respectively. A new Technical school, towards which the local Coronation Committee contributed Rs. 6,000, was opened at Khulna in February 1905, and the District Board Monghyr have resolved to devote Rs. 600 annually towards the upkeep of a Technical school in that district. On the other hand the Midnapore Technical School has not been very successful, and it is proposed to affiliate it with the neighbouring Collegiate school. The Malda Board have sanctioned the establishment of a weaving and dyeing school, and the construction of the building will shortly be taken in hand. In Hazaribagh an Industrial school was abolished, while two such schools were established in Manbhum. The seri-agricultural school at Sabong, which was established in the previous year, has not yet received much support, but the teacher also gives instruction in his special subjects to the students of the Sabong Middle English school. An experimental pottery class was opened in Nadia under a student who was trained at the Board's expense in the Bombay School of Art, but the work produced was not of good quality and the scheme has been abandoned. The other special schools mentioned above continue to do good work. Many of the Boards grant scholarships to students studying in the Sibpur College, the Bihar School of Engineering, and the Veterinary College at Belgachia.

Something is being done in most districts to develope technical and industrial education, but the results are meagre, and there is almost infinite room for expansion. The support received from the public in this direction is surprisingly small, considering the importance which they profess to attach to the development of native industries.

25. *Industrial development.*—The progress which has hitherto been made in the introduction of the fly-shuttle loom is somewhat discouraging. Only six of the Commissioners have referred to the subject in their reports for the year under review. In last year's Resolution reference was made to the invention in Darbhanga of an arrangement by which the fly-shuttle can be adapted to the ordinary country loom, thereby obviating the difficulty caused by the high price of the improved loom. The cost of altering a country loom in this way is said to be less than Rs. 7, while the outturn is almost equal to that of the ordinary fly-shuttle loom. If so, it is difficult to understand why the efforts of the Board to popularize the invention have met with such little success. Copies of the report on the subject received from Darbhanga will be circulated to other District Boards with a view to experiments being made elsewhere.

Some weavers in various parts of Midnapore are said to have adopted fly-shuttle looms, but only for the coarser kinds of cloth; they profess to find them unsuitable for weaving fine textures. In Manbhum a weaving school has been started at Raghunathpur, where the use of the fly-shuttle loom is taught. At Pokhuria in the same district the teaching class had to be closed temporarily for want of a house in which to set up the looms. A grant of Rs. 1,000 has recently been made by Government to provide for this and for the purchase of looms and accessories. Experiments will be made there with the adapted country loom, with the ordinary fly-shuttle loom, and with the fly-shuttle loom as used by the Japanese.

Useful industrial and agricultural exhibitions were held at Khulna, Rangpur and Monghyr, and at Brahmanbaria in Tippera. At Rangpur the working of the fly-shuttle loom was explained; experiments were made with agricultural implements brought from America, and a simple process of butter-making was demonstrated. An exhibition of the arts and industries of Bihar was held in connection with the Sonepur Fair, at which specimens of wood-carving, carpets, stoneware, glassware, muslins and ironware were shown. A cattle-show was held at Comilla, but proved a failure.

26. *Medical* (*Rs. 4,30,904*).—The expenditure under this head increased by Rs. 21,627. The outlay on hospitals and dispensaries rose by Rs. 31,746, but that on sanitation and vaccination showed a decrease of Rs. 7,628 and that under "Miscellaneous" of Rs. 2,820. The number of dispensaries maintained by the Boards rose from 194 to 200, and the number of aided dispensaries from 227 to 233. Three new dispensaries were opened in Burdwan, two each in Nadia and Mymensingh, and one each in Rangpur, Shahabad, Darbhanga and Bhagalpur. One aided dispensary in Birbhum and one in Jessore were brought under direct management, while in Gaya two dispensaries which were previously maintained by the Board were transferred to the aided class, and one, in Malda, to the Local Municipality. Four dispensaries were closed (in Backergunge, Monghyr, Purnea and Puri).

In several districts endeavours are being made to supplement the work of the regular dispensaries by other measures designed to bring medical relief more directly to the homes of the people. The system of supplying medicine chests to the village headmen, which has been tried in Backergunge, has not proved very successful. Greater success has attended the employment in Khulna and Birbhum of itinerant doctors whose duty it is to visit the local markets and travel from village to village. This system may with great advantage be tried in other districts. Steps should also be taken to increase the utility of dispensary doctors by arranging for them to visit on market days any *hats* that there may be within a reasonable distance of their dispensaries and also some of the larger villages in their neighbourhood. The floating dispensary in Faridpur has proved a great success, and the Lieutenant-Governor would be glad to see similar dispensaries introduced in other water districts. It is, of course, most important, in the case of these dispensaries, and also in that of itinerant doctors, that the places to be visited and the dates of each visit should be definitely fixed and notified beforehand.

27. *Sanitation.*—The expenditure shown in the accounts as incurred for sanitary purposes fell from Rs. 32,380 to Rs. 26,313. The sanitary work done by the Boards is of a somewhat varied character. It includes preventive measures against plague, cholera and other epidemic diseases,

sanitary arrangements at fairs and *melas*, anti-malarial operations, and experiments in village sanitation, such as the clearance of jungle, the excavation of road-side drains and the filling up of hollows containing stagnant water. During the past four years the Patna District Board has been working on a regular scheme for cleansing villages and rural towns by the removal of filth and rank vegetation, the filling up of ditches and the like. In pursuance of this scheme, the Sadar, Bihar and Dinapore Local Boards cleansed, in all, 215 insanitary villages at an aggregate cost of Rs. 1,267, while the Barh Local Board spent Rs. 633 in improving the drainage of two non-municipal towns. Other districts have followed the example of Patna, but without as yet much tangible result. The best work appears to have been done in the Contai subdivision of Midnapore, where a sum of Rs. 300, supplemented by local contributions of the same amount, was spent in cleaning up 20 villages. The Boards have hitherto had little money to spare for village sanitation nor have they the establishment required for local supervision.

28. *Veterinary charges* (*Rs. 28,302*).—According to the returns 33 District Boards incurred expenditure on veterinary work against 25 in the previous year; while the total charges increased by Rs. 5,016. The figures, however, cannot be relied upon; a sum of Rs. 4,480 was wrongly entered under other heads in the previous year, while in the year under review no expenditure under this head is shown in Noakhali, Patna and Dacca, though it is clear from the reports that money is being spent on veterinary objects. The Veterinary Assistants continued to prove their utility in combating outbreaks of cattle disease, and the public are learning to appreciate their services. In several districts work was hampered by the difficulty of obtaining qualified men. Steps are being taken to overcome this obstacle, and the Boards themselves are assisting by granting scholarships in the Veterinary College.

29. *Civil Works* (*Rs. 46,77,574*).—The total expenditure under this head was less by Rs. 1,94,718 than in 1903-04. This is more than accounted for by a falling off of Rs. 2,20,666 under "Communications—Original works." The decrease under that sub-head was most marked in Mymensingh (Rs. 58,713), Backergunge (Rs. 41,438), Muzaffarpur (Rs. 61,965) and Midnapore (Rs. 50,584). In some cases the result is ascribed to the temporary withdrawal of the Government grant for the improvement of communications; but while this is no doubt responsible for the decline in some districts, it can hardly have affected the total figures for the Province. The unspent balances of the grants of previous years amounted on the 1st April 1904 to more than four lakhs, and the special grants for feeder roads made during the last three months of 1903-04 exceeded two lakhs. The decrease seems rather to be due to the failure of some Boards to work up to their sanctioned programmes.

Details are given in the divisional reports of the chief works executed during the year. Several large bridges were constructed in Patna, Gaya, Shahabad and Saran; and important feeder roads were opened out in Patna, Muzaffarpur and Darbhanga. Good progress was made in Ranchi with the road from the district head-quarters to the new subdivisional station at Gumla.

30. *Water-supply and Water-works* (*Rs. 1,22,189*).—An offer was made during the year by Government to contribute one-third of the cost of all works for the improvement of the village water-supply, up to a maximum of Rs. 5,000 in any one district, or Rs 50,000 in the whole Province. This offer met with a ready response in some districts, but not in others. No applications at all were received from the Rajshahi and Patna Divisions. The limit of Rs. 5,000 for a district was eventually waived; and when all applications had been granted, the total amount of the Government contributions in Board districts was Rs. 53,026. Of this sum, no less than Rs. 33,184 was received by the districts in the Presidency Division, Nadia and Jessore getting Rs. 10,000 each and Khulna Rs. 7,300. In the 24-Parganas many of the contributions promised by the villagers have since been withdrawn, and the Board are now unable to spend the Government grant. In most cases, owing to the delay in obtaining promises of assistance from the public, the grants were made very late in the year, and are, therefore, being expended during the current year. This accounts for the fact that in

several districts the Boards were unable to spend the whole amount provided in their budgets for water-supply, but it is disappointing to find that the total expenditure was less by Rs. 13,096 than in the previous year. The above explanation moreover will not account for a decrease of Rs. 3,081 in the district of Birbhum or for one of Rs. 7,579 in the Patna Division, where the expenditure is lower than it has been in any year since 1896-97. The standard expenditure of Rs. 5,000 was attained only in seven districts, three of them being in the Dacca Division. Mymensingh as usual is easily first with an expenditure of Rs. 21,100, followed by Backergunge (Rs. 10,431) and Bhagalpur (Rs. 9,798). Even with the additional funds now placed at their disposal, it may be difficult for some Boards to spend Rs. 5,000 a year on water-supply, but the Lieutenant-Governor trusts that every effort will be made to attain to this standard.

31. *Drainage works.*—The re-excavation of the Khurda-khal in the 24-Parganas was completed, the expenditure during the year amounting to Rs. 1,927. The great Magrahat-Usti drainage project in the same district has been adopted by the Board and will be carried out under the Sanitary Drainage Act. It affects 290 square miles of country. The estimated cost of the scheme is Rs. 17,39,000, towards which Government has contributed Rs. 5,00,000. In Hooghly the excavation of the old river Kausiki, for which the late Babu Bama Charan Bhur offered a contribution of Rs. 30,000, is under consideration, and will probably be carried out with the assistance of Government and the District Board. No progress has been made with the scheme for the drainage of the Chalan Beel on the borders of Pabna and Rajshahi. The Drainage Commissioners who were appointed to consider the project are opposed to it, mainly on the score of expense. A smaller scheme for the drainage of the Cheroil Beel in Pabna has been drawn up, and this work will probably be carried out.

32. *Roads.*—Detailed information with regard to roads is contained in Appendix C. The length of metalled roads has increased by 75, and that of unmetalled roads by 132, miles. The length of village roads has decreased by 167 miles. The expenditure on the repairs of metalled roads was nearly eight lakhs; in the case of unmetalled roads it exceeded nine lakhs; while for village roads it was rather less than three lakhs. The average expenditure per mile on repairs was Rs. 288 for metalled, Rs. 37 for unmetalled, and Rs. 14 for village, roads. In the case of metalled roads the cost varied from Rs. 678 in the Chittagong Division to Rs. 116 in Chota Nagpur. In the case of unmetalled (including village) roads there is less variation; in seven Divisions the cost was between Rs. 20 and Rs. 27, but it rose to Rs. 40 in the Dacca, and to Rs. 52 in the Chittagong, Division. The expenditure on original works connected with metalled roads exceeded three lakhs, while over eleven lakhs was expended on unmetalled, and more than half a lakh on village, roads. The largest expenditure under the former head was incurred by the District Board of Rajshahi and, under the latter, by Rangpur.

33. *Railway Feeder Roads.*—The great progress which has been made in recent years in the extension of railways has completely altered the conditions which formerly existed in the matter of communication by road. Some of the old roads have been largely superseded by the railways, while many new ones have had to be made in order to connect the railway stations with the country behind them. The construction of these new roads has thrown a heavy burden on the resources of the District Boards, which, if unaided, they would have been quite unable to bear. In the years 1901-02 to 1903-04 an annual grant of five lakhs was given from Provincial Funds to augment the general income of the Boards, and special grants aggregating Rs. 4,78,000 were made for the construction of specified feeder roads. In the year under review a further sum of Rs. 78,000 was given for feeder roads. It was found impossible to renew the grant of five lakhs, but at the commencement of the year the Boards still had in hand an unspent balance of more than four lakhs from the grants previously made. The total expenditure on feeder roads during the year amounted to Rs. 3,43,000. The Howrah District Board spent Rs. 20,065 in constructing and improving eight feeder roads to the Bengal-Nagpur Railway and Rs. 3,540 on five roads leading to the Howrah-Amta Light Railway. The District Board of

the 24-Parganas expended Rs. 25,019 in improving and metalling two roads which serve as feeders to the Barasat-Basirhat Light Railway and completed, at a cost of Rs. 18,044, the road from Bawali to the Budge-Budge Railway station. In Monghyr Rs. 31,346 was spent on four feeder roads to the South Bihar Railway. In Khulna Rs. 14,822 was spent on metalling the Satkhira-Bhamra Road. A good deal of work was done in Palamau, Rangpur and Dinajpur.

34. *Miscellaneous Public Improvements.*—Excluding the Rajshahi Division, for which no details are given, the expenditure on road-side arboriculture was Rs. 42,602, or rather more than in the previous year. The outlay varied from Rs. 4,601 in Gaya and Rs 4,408 in Monghyr to Rs. 107 in Champaran and nothing at all in Chittagong. The Lieutenant-Governor has recently had under consideration the question of providing for the carrying out of this important work in a more regular and systematic way, and detailed instructions will be issued shortly. The rules as to working-plans will be revised and a short manual will be prepared for the guidance of the Boards. The divisional reports do not show what income was derived from road-side trees. This should be stated in future years. Full information should also be given as to the progress made in each district.

35. *Railways and Tramways.*—Four Light Railways constructed under the guarantee of District Boards are now in existence. The Howrah-Amta line has proved by far the most successful, and the Board's share of the surplus profits during the year amounted to Rs. 34,823. The Champadanga extension of this line has now been opened as far as Autpur. The Howrah-Seakhala line also shows an improvement on the results of the previous year, the Hooghly District Board receiving Rs. 3,706 as its share of the net profits. The Bakhtearpur-Bihar Light Railway, which was opened in July 1903, had a prosperous year, and was able to pay the Patna District Board Rs. 10,616 as its share of the profits. The Light Railway from Barasot to Basirhat in the 24-Parganas was opened for traffic on the 1st February 1905, and its extension to Taki is now under consideration. The Ranaghat-Krishnagar Light Railway in Nadia was acquired by Government in July 1904, and the Board have been relieved of future charges on account of the guaranteed interest, towards which Rs. 13,014 was paid during the year.

Undeterred by their previous experience, the Nadia District Board have undertaken a survey for a tramway from Krishnagar to Jalanghi *vid* Meherpur. The District Board of Khulna have abandoned the project of a Light Railway from Khulna to Bagirhat in view of the fact that the Alaipur Khal is to be re-opened; they are, however, anxious to arrange for the extension of the Baraset-Basirhat Light Railway from Basirhat to Satkhira. In Dacca no progress has been made with the scheme for a steam tramway from Dacca to Sealo. Projects for Light Railways are under consideration in Shahabad, Saran, Darbhanga and Monghyr.

A difficulty has sometimes been felt in permitting District Boards to guarantee or construct new lines, because, if the Board is unable to meet its liabilities, the responsibility is thrown back on Provincial, and, ultimately, on Imperial revenues. In order to meet this objection it is proposed to amend the law so as to empower the Boards to levy a special cess for the payment, either of guaranteed interest on capital or of interest due to Government for loans raised for the construction of tramways and light railways.

36. *Contributions (Rs. 63,745).*—The most important items classed under this head are payments for establishment in offices of account and control and refunds of the unexpended portions of Government grants for special works.

37. *Deposits and advances* (*Rs. 5,70,875*).—The charges declined by Rs. 53,288. The fluctuations are unimportant.

38. *Closing balance* (*Rs. 22,23,466*).—The actual closing balances of the Boards, excluding deposits, amounted to Rs. 20,28,608, against Rs. 21,88,434 at the end of 1903-04—a decrease of Rs. 1,59,826. The balances exceeded one lakh in Midnapore, Nadia, Backergange, Gaya and Darbhanga. These large balances are due to the failure of the Boards to work up to their sanctioned programmes, and efforts should be made to reduce them. In

Bankura, on the other hand, owing to short road-cess collections, there was no closing balance at all, while in Dinajpur it was only Rs. 8,291.

39. *Amendment of the Bengal Local Self-Government Act.*—Owing to the large number of additional amendments which have been found necessary, it has not been possible to proceed with the Bill to amend the Local Self-Government Act, 1885, which was introduced in Council in March 1904. The sanction of the Government of India to the inclusion of these further amendments has been applied for. Amongst other things it is proposed to provide for the imposition of the cess referred to in paragraph 35, the formal delegation to Commissioners of certain powers which are at present exercised by the Local Government in accordance with their recommendations, and the improvement of the position of Union Committees.

40. When the District Boards were formed in 1887 they inherited from their predecessors—the District Road Cess Committees—the work and the revenue of those bodies, the principal source of income being the road cess. At the same time, to enable them to meet the new duties which were imposed upon them, principally in connection with education, the entire receipts under he Cattle Trespass Act and the income from certain ferries were transferred to them from the provincial account, anv excess of expenditure over income being made good by a fixed grant from Government. It was believed that the revenue from pounds and ferries was susceptible of considerable improvement, and that, from the expansion of the income under those heads, the Boards would be able to provide for the medical needs of their districts and for other local requirements. These anticipations have only partially been fulfilled; and, while the gain from ferries has been substantial, the increase under pounds has been trifling. The road cess, it is true, has shown a steady expansion, the average annual increment during the last decade being Rs. 85,000, but this is not sufficient to meet the growing demand for improved communications, and especially for feeder roads. For several years the resources of the Boards were augmented by an annual grant of five lakhs from Provincial revenues, but it was found necessary to discontinue this grant in the year under review. The Government of India have now increased the provincial assignment by twelve and-a-half lakhs, in order to permit of an annual grant to District Boards of sums amounting in the aggregate to one-fourth of their receipts from road cess. A new and growing source of income has thus been placed at their disposal, and they will at last be in a position to make adequate provision for their various needs, not only in respect of roads and bridges, but also in other directions. They will be able to take up veterinary work, where they have not already done so, and to increase their expenditure on schools and hospitals and on water-supply and sanitation.

By order of the Lieutenant-Governor of Bengal,

E. A. GAIT,

*Offg. Secretary to the Govt. of Bengal.*

# RESOLUTION ON THE REPORT OF THE BOARD OF REVENUE ON THE WARDS' AND ATTACHED ESTATES FOR THE YEAR 1904-1905.

REVENUE DEPARTMENT—LAND REVENUE.

*Calcutta, the 21st November 1904.*

RESOLUTION—No. 3081.

READ—

The Report of the Board of Revenue on the Wards' and Attached Estates in the Lower Provinces for the year 1904-1905.

The Report was submitted this year by the Board of Revenue on the 5th September.

2. *Number of estates under management.*—In all 176 estates were under management during the year as against 154 in the previous year.

3. *Payment of revenue.*—The revenue and cesses due to Government were generally paid punctually, the total payments representing 96·3 per cent. of the demand as against 95·2 in the previous year.

4. The total collections of rent and cesses due to estates have declined, being 96·0 per cent. on the current demand as against 101·2 of the year 1903-1904.

5. *Balances.*—The total uncollected balance due to estates under management amounted to Rs. 70,83,361, or nearly 77 per cent. of the current demand of the estates, as against Rs. 52,04,066, or 66·3 per cent. in the previous year. The balances in most of the estates have increased. In the Chittagong Division it is explained that they could not be reduced below 25 per cent. of the current demand owing to laxity on the part of the tahsil staff. The Collector of Chittagong has reported that if considerable improvement is not made in the current year, it will be necessary to make a change in the collecting agency. The number of certificates filed during the year showed a large increase as compared with the previous year. The increase is found largely in the Patna, Bhagalpur and Chota Nagpur Divisions. There was also a large increase in the number of rent suits filed during the year. The Lieutenant-Governor agrees with the Board that this increase is not to be viewed with favour, as it is an indication of slackness on the part of the collecting agency in failing to realize amicably rent and cesses from the tenants.

6. *Reduction of debts.*—Altogether Rs. 47,34,774 were paid in liquidation of debts as against Rs. 40,34,569 in the previous year. The balance at the close of the year amounted to Rs. 1,77,50,515 as against Rs. 1,68,24,599 at the close of the previous year.

7. *Cost of management and expenditure on improvements.*—The total cost of management was 10·6 per cent. of the current demand as against 9·8 in the previous year. The increase was shared by all the divisions except Bhagalpur.

Two lakhs and-a half were spent on works of improvement, schools and dispensaries as against three lakhs and thirty thousand in the previous year.

8. *Tours of Managers.*—The Lieutenant-Governor expected that the present report would show an improvement in respect of tours of Managers of estates, but he is disappointed to find that, as in the previous year, several Managers have failed to spend the prescribed period of 90 days on tour, though he is satisfied that in some cases there were sufficient reasons for the short tours. His Honour, however, is glad to notice that the Board are attaching great importance to these tours, and that they have directed the Managers to pay more attention to this important portion of their work.

9. *Education of Wards.*—The arrangements made for the education of the wards in the case of estates administered under Act IX (B.C.) of 1879, which are detailed in paragraph 21 of the Board's report, show that careful attention continues to be paid to this important subject. As regards the compulsory education of the children of encumbered proprietors in Chota Nagpur, the Board have under consideration certain amendments of the Chota Nagpur Encumbered Estates Act, VI of 1876. It is reported that the Deputy Commissioner of Hazaribagh is engaged on the preparation of a scheme for the proper education of such boys. The Lieutenant-Governor desires that the Board will submit a report on the subject as soon as the scheme is ready for consideration and orders.

10. The thanks of the Lieutenant-Governor are due to the Board for their careful supervision and efficient administration of the estates under their charge during the year. The good services of the officers commended by them will be communicated to the Appointment Department of this office.

11. The following extracts from the Report are published for general information.

By order of the Lieutenant-Governor of Bengal,

R. W. CARLYLE,

*Offg. Chief Secy. to the Govt. of Bengal.*

*Extracts from a Report on the Wards' and Attached Estates in the Lower Provinces for the year 1904-1905.*

Number of estates under management.

4. The total number of estates under charge of the Court of Wards at the beginning of the year under report was 150. Of these, eight were released, while twenty-six new estates were brought under management during the year, making a total of 176 under management during the year and leaving 168 at the close of the year.

Rent and cesses due to superior landlords.

6. The payment on account of rent and cesses due to superior landlords amounted to 68·4 per cent. of the demand as against 65·8 per cent. in the previous year.

Collection of rent and cesses due to the estates.

7. The collection of rent and cesses due to the estates has fallen off, being 96 0 per cent. on the current demand as against 101·2 of the year 1903-1904.

*Presidency Division.*—The collections were lowest in this Division in the Bawali estate, being 68·0 per cent. of the current demand. The poor result was, as in the previous year, due to the number of joint-shareholders. Proceedings were filed under section 93 of the Bengal Tenancy Act, and the District Judge has, since the close of the year, ordered the appointment of a common Manager.

*Rajshahi Division.*—The falling off in collections in the Surkutia estate (86·6) is attributed to the illness of the Manager as well as to the failure of crops and to the fact that much of the Manager's time was occupied in the purchase of the Patichora property from the Pakour estate. The short collections in the Patichora estate for the period after its purchase by the Surkutia estate (64·3) have not been explained, but were evidently due to the change of proprietorship. The low percentage of collections in the Tajhat estate (83·2) was chiefly due to the fact that the executors of the estate stood in the way of the Court's management during the principal harvest season of the year.

*Dacca Division.*—The exceptionally short collection in the Bhawal estate (41·5) was mainly due to the opposition of the Rani.

*Patna Division.*—In Tikari (74·8) the fall in the percentage of collections is attributed to the general dislocation of the collecting machinery in the period preceding the release of the estate and the unwillingness of the tenantry to pay their dues to the outgoing management. The management of the Surajpura estate (68·8) was very indifferent during the past year. The rent-roll is in some confusion and the mufassal collecting staff is weak, while the establishment has been inadequately supervised. The Manager has since resigned and the new management will, it is hoped, improve the affairs of the estate. The cause of the short collections in the Tamkuhi estate (54 4) is given in the next paragraph. The Mahtha's estate (87·5) suffered from the disadvantages usually found in an involved estate during the first year of the Court's management. There was a falling off in both the Hatwa and Bettiah estates due to bad harvests, but the former collected more than 100 per cent. of the current demand.

*Bhagalpur Division.*—In the Khagra estate (82·7), the collecting staff gave some trouble owing to the change of management. A sum of nearly half a lakh due by one of the patnidars which was covered by the sale of the taluk was not adjusted during the year. The falling off in the Pakour joint estate (85·7) was due to damage to crops by frost, flood and untimely rainfall, to low market price of lac and to an attachment and subsequent sale of extensive properties on decrees obtained by Messrs Andrew, Yule & Co. in a foreclosure suit. The very high percentage of collections in the Ratan estate (279·6) is due to the fact that the demand, shown for the financial year under review, is only one-half of the actual demand, the remainder having been excluded as not due during the financial year.

*Chota Nagpur Division.*—The collections were generally satisfactory in all the districts. In Barrabhum the low percentage (89·1) was due to the impending release of the estate. The Pandra 2nd and 4th kismats estate (24·2) came under management during the year under report, and the collections were consequently very poor.

Agricultural improvements or experiments.

*Farms.*

14. The question of contribution from wards' estates for the maintenance of district and Divisional demonstration farms is under the consideration of the Board in connection with the development of the Agricultural Department. It is hoped that, as soon as the success of particular experiments in the large farms about to be established is assured, demonstrations of these results in the wards' estates may

open the eyes of raiyats to the advantages of seed selection and other improvements in cultivation. At present there is a want of continuity and aim in the various experiments conducted in wards' estates, and the Board welcome the prospect of the appointment of a trained itinerant agency to direct and control the agricultural operations which may be conducted from time to time under the Court of Wards' management.

Survey and record-of-rights.

15. *Burdwan Division.*—In the Nyagram estate, which was under survey and settlement under the Bengal Tenancy Act, attestation of records and draft publication were nearly completed during the year.

*Presidency Division.*—The properties in Backergunge appertaining to the Tagore and Bhukailas Nos. II and III estates are under survey and settlement. The work was finished in four mauzas and commenced in the remaining ones of pargana Patikara in Tippera appertaining to the Bhukailas estate No. I. In the Syudpur Trust estate survey and record-of-rights in respect of Dihis Siromani and Maheswarpasa were undertaken during the year.

*Rajshahi Division.*—The survey and settlement of the Malda portion of the Churaman estate was conducted under the supervision of the Collector of Malda. Objections under section 103A of the Bengal Tenancy Act have been disposed of and the completion of the settlement is pending for the disposal of suits under sections 105 and 106. In the Maldwar estate, which was released during the year, the settlement in Toke Barabari is expected to be finished shortly. The final publication of the record-of-rights of all the three mahals of the Majdiha estate which are under settlement has been made and the fair-rent suits in one of them have been disposed of. The survey and settlement of lot Koya appertaining to the Tajhat estate is going on. The question of the settlement of the whole estate is under consideration. In the Maldwar and Churaman estates 328 and 2,285 mutations were effected. Almost all the boundary pillars in the former estate were inspected. In the latter estate 208 boundary marks were inspected and found in proper condition.

*Dacca Division.*—There were 4,313 mutations recorded during the year in the Dakhin Shahbazpur estate. The prescribed registers were properly kept and the raiyats' rent-rolls were examined by the Manager during his inspection of the tahsil offices. Field-to-field inspection was made by the tahsildars. The other estates in Backergunge were under the district survey and settlement department. In about one-fourth of the main-land estates the record-of-rights has been completed, draft records were published in about one-eighth of the estates, and in the remaining portion the proceedings have reached the record-writing stage. In two villages of the Haturia estate final publication has been made, in about 115 villages draft records have been published, and in the remaining villages attestation work is going on. The villages in four thanas in the Madhabpasa estate have reached the stage of final publication, in a small number of villages in two other thanas the draft records have been published and the rest of the villages of the estate are at the stage of record-writing.

*Patna Division.*—The survey and settlement of the villages in Purnea appertaining to the Guzri estate have been completed. The settlement records have been brought into use in the Deo estate since the commencement of the present agricultural year, and the patwaries have been supplied with copies of khatians and the registers necessary for the maintenance of the records. The system of maintenance of records was further decentralized by delegation of larger powers to Circle Officers in the Hatwa Raj estate with the object of simplifying the record of mutations. The work of recording mutations in the Bettiah estate is at present very indifferently performed. Efforts are being made to improve it, and to induce the thikadars holding under the estate to report all mutations in the lands held by them. In the Narhan estate the appeals under sections 105 and 106 of the Bengal Tenancy Act were decided. Careful arrangements have been made to secure a proper record of mutations, but this will not be possible without a radical change in the policy hitherto obtaining, in accordance with which no mutation is recorded except on the application of the raiyat.

*Bhagalpur Division.*—The final publication of the record-of-rights was made in the Lugma estate during the year under report, and the attestation of one mauza of the Cleveland Memorial Trust estate was finished. In the Khagra estate cases under sections 105 and 106 of the Bengal Tenancy Act were disposed of and a few appeals remained pending at the end of the year. The survey and settlement of the Ghati and Pathrole estates have been completed. The resettlement of pargana Ambar appertaining to the Pakour separate estate is expected to be completed shortly.

*Orissa Division.*—The survey and settlement of both the estates in this Division (Dompara and Parikud) are under consideration.

*Chota Nagpur Division.*—In Ranchi survey and settlement have been completed in five estates and the work is going on in six others. The jamabandis of the five estates completed are being prepared according to the settlement papers. In the Chorea estate the record-of rights in respect of village Chorea is being prepared by a Deputy Collector. The amicable settlement of the 52 Sonthali villages of the Tundi estate in Manbhum was completed, but the Sonthal manjhis now decline to accept the rates and sign the *kabuliyats*. Two villages of the Pachete estate were surveyed and settled, and the preparation of the record-of-rights of three villages in the Burdwan district was completed. In the estates in Singhbhum some of the terms of the record-of-rights and the patta for the village headman sanctioned by the Board have been objected to by the Raja of Porahat and the proprietor of the Kera (L. N. Singh) encumbered estate.

20. The relations between the tenants and the managing agency appear to have been generally satisfactory throughout the province.

22. There was no change in the laws administered by the Wards Department. Certain amendments of the Court of Wards Act, IX (B.C.) of 1879, are under contemplation, and these have been separately submitted to Government. The Board have also under their consideration certain amendments of the Chota Nagpur Encumbered Estates Act, VI of 1876.

Laws.

24. Miss Cornelia Sorabji has held the appointment of Legal Adviser to the *pardanashin* ladies under the Court of Wards throughout the year.

General.

*Legal Adviser to pardanashin ladies under the Court of Wards.*

She has paid visits to the ladies of the Narhan, Tajhat, Tushbhandar, Churaman, Surkutia, Bhukailas, Panihati and Bawali estates. By the exercise of great tact she has succeeded in compromising litigation in no less than four cases and has been consulted by ladies on private matters in seven others. The Board hope that in future the District Officers will be able to make a more free use of her services, and that the ladies under the Court of Wards will feel that they have a friend whom they may consult at any time and who is always ready to explain their real wishes to the District Officers and to deliver and explain to the ladies at first hand the orders and directions of the Court of Wards.

The Board join with the District Officers in expressing their very high appreciation of the valuable services of Miss Sorabji.

54. The number of estates managed under Act VI of 1876 was 68 at the beginning of the year under report. In the course of the year sixteen estates were added and three restored to their proprietors the number at the close of the year being 81.

Number of estates.

58. The payments on account of debts due by these estates aggregated Rs. 4,49,848 during the year under report as against Rs. 3,51,615 in the previous year, the balance due at the close of the year having been Rs. 33,66,226.

Debts of estates.

*Hazaribagh.*—In one estate the debts were paid off in full and in another the scheme has not yet been sanctioned. In seven estates the payments reached or exceeded the provisions in the scheme. The deficiency of payment in the Dighi, Hosir II, and Morna estates is due to short collections. In the Dharguli estate the short payment was due to expenditure on repairs of *bunds* and *ahars* and non-receipt of compensation for lands acquired. In the Nowdiha estate it was due to heavy law expenses and the *sradh* ceremony of the proprietor's wife. In the Palganj estate the deficiency was mainly due to the fact that Rs. 30,000 due for compensation for lands acquired was not paid.

*Ranchi.*—No scheme has been sanctioned in one of the estates, and in fifteen estates the payments exceeded the provisions of the schemes. In three estates, payment was not made for want of funds. In the Siri estate the sale of a portion of the property provided in the scheme could not be effected during the year. In the Sahijina estate a large amount was kept in reserve to prevent the sale of the interests of the estate in a village owing to the default of a co-sharer. The Jingi estate should, according to the scheme, have been released in 1902-1903, but the Commissioner is enquiring whether it cannot be freed from debt without the sale of a portion of the property.

*Palamau.*—No scheme has been sanctioned in one of the estates, and the payment exceeded the provisions in the schemes in the case of seven others. The short payment in the Namoodag estate is due to the repayment of Land Improvement Loans to Government and to expenditure on a social ceremony. In the Garhwa estate the deficiency was on account of short collections in a village where there was an outbreak of plague. In the Jaipur and Deogan estates it was due to payment of arrear rents and cesses and of salaries of ghatwals. The failure to realize the debts due to the Babhandih (L.B. Singh) estate delayed payments of its own debts in accordance with the provision in the scheme.

*Manbhum.*—The debts due by the Barabhum estate have been paid off in full, mostly from funds privately raised by the proprietor. The estate has since been ordered to be released. The Manbazar and Naro estates had to pay heavy arrears of rent and cesses, and hence there was no balance for payment of debts due by them. In three estates the payments exceeded the provisions in the schemes, and in two the deficiencies have been made up since the close of the year. In the Bharamahal estate the short payment is chiefly due to Rs. 1,000 having been set apart for the marriage of a sister of the proprietor.

*Singhbhum.*—In two estates the payments were in advance of the schemes. In the Kera (L. N. Singh) estate, a sum of Rs. 600 was kept in hand for works of improvement not provided in the scheme, and hence there was a deficiency in the payment of the debts. In two other estates the short payments are due to the increase in recent re-settlements proving less than was expected.

## WEATHER AND CROP REPORT.

*For the week ending the 20th November 1905.*

The mean pressure, temperature, etc., are deduced from the traces of the Barograph and Thermograph.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

## SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL, AND OF THE METEOROLOGICAL OBSERVATIONS TAKEN IN ASSAM, FOR THE MONTH OF OCTOBER 1905.

THE weather of the month of October was characterised by one long and almost complete "break" in the Rains, followed by a late and not very vigorous revival.

The general rain with which September ended all over the Province continued on the 1st of October, but practically came to an end on the 2nd when the pressure became nearly uniform over the Bay. On the morning of the 4th the barometer was lowest in the extreme south, so that the pressure gradient maintained a very gentle north to south slope for several days, causing northerly breezes and complete dryness over the Province. On the 8th the barometer rose in the extreme south of the Bay, and the area of lowest pressure then lay north-east of Ceylon until the 14th (giving heavy rain in Madras all the time), whence it travelled slowly northwards, but without at all deepening, until the 17th when it began to develop very slowly in the north-west quarter of the Bay. A shallow depression in the Andaman Sea had given a little rain on the coast of Burma since the 12th; but Bengal remained entirely without rain until the 17th when a few showers fell in South-East Bengal and the coast of Orissa. Precipitation became more general along the Orissa coast and spread all over the south of Bengal; and though sometimes heavy in Orissa did not increase much in intensity in Bengal until the 22nd when a stormy indraught from the south-east carried rain into every division of the Province. At this time the shallow depression was still moving slowly northwards in a direction nearly parallel with the coast. On the 24th the rainfall was again restricted to the southern half of Bengal and Assam, where it was, however, heavy. The path of the cyclonic storm curving round to the eastward, rain on the 25th was further confined to East Bengal. The centre of the depression passed inland just north of Chittagong at 4 A.M. on the 26th and rapidly disappeared in the Assam Hills. On this date the rains finally ceased in Bengal, an area of high pressure over the Central Provinces maintaining dry westerly winds. On the 31st of October the barometer was again practically uniform all over the Bay and Province prior to the setting in of the north-east monsoon.

*Summary of Pressure.*—The pressure which began by being below normal over the northern land area, while slightly above over the Bay, rapidly rose to far above normal on land, while remaining in nearly constant excess in the south. This abnormal distribution attained a maximum on the 8th and continued in the same sense until the 15th when the barometer fell again just below normal and continued increasingly so until the 28th when a gentle reversal began to set in. Integrating, the pressure for the whole month was just a little below its normal value over the Province.

*Summary of Temperature.*—While it was raining mean temperature was a little below normal, but the slight excess during the longer period of drought gives an average for the month generally about 1° above normal. Cuttack recorded the highest maximum for the month, viz.—94.° 4, and Daltonganj the lowest (excepting, of course, Darjeeling with 46° and Shillong with 43°), viz.—56.°

*Summary of Rainfall.*—The total rainfall for the month shows a considerable excess in East and South-West Bengal, a considerable defect in North Bengal and Orissa, and a very large defect in Chota Nagpur and Bihar. The total rainfall for the whole South-West monsoon period was thus brought very close to its average value in every division except Orissa where it was 20 per cent. less than proper.

East Bengal had four too many rainy days, the rest of Bengal just as many as ordinarily in October, while Bihar, Orissa and Chota Nagpur had two too few.

The following table gives a comparison between the actual monthly and total rainfall and the normal rainfall of the Province up to the end of October in the same form as has been employed in the previous monthly abstracts of the present year. The figures show the rainfall of each month of the present year expressed as a percentage of the normal rainfall for that month. The table thus gives a condensed summary of the rainfall data of the year

for each meteorological division. The first ten columns give the percentage amount of rainfall received in each month, and the last column the percentage rainfall of the whole period from the 1st of January to the end of October :—

| Meteorological Divisions | January. | February. | March. | April. | May. | June. | July. | August. | September. | October. | Actual rainfall of first ten months of 1905 expressed as a percentage of the normal fall for the period. |

damage to the railway at some future time, and that additional precautions are necessary to secure the safety of the line:

Now, therefore, the Lieutenant-Governor of Bengal is pleased to give notice, under section 13 of the said Land Acquisition (Mines) Act, 1885, to the said Kosoonda and Nyadee Collieries, Limited, to construct the following works within two months from the date of this notice for making safe the acquired land and the works thereon and preventing injury thereto:—

I. *Under the Kustore or Alkusa siding, No. 12 Seam.*—That the four galleries marked A, B, C, D in red on the plan be stowed full with material, and that on the rise and dip ends of the galleries good brick and mortar walls be built to support the stowing. The walls to be 3 feet thick from floor to half the height of the gallery and 2 feet thick in the higher part.

II. *Under the Damuda Branch line, No. 12 Seam.*—The galleries marked blue on the plan to be stowed full with material and to have walls similar to the above where necessary to retain the stowing

III. *Under the Damuda Branch line in No. 13 Seam.*—The galleries marked A and B on the plan to be stowed full with material and retaining walls similar to those required in No. 12 Seam, to be built at the ends of the galleries; and no more coal to be worked to the west of the vault shown yellow on the plan.

The plan referred to may be seen in the office of the Chief Inspector of Mines in India.

## SURVEY OF INDIA

### NOTIFICATION.

SURVEYOR-GENERAL'S OFFICE.

*No. 130.—The 27th November 1905.*—The following Rules and Regulations relating to the Mathematical Instrument Office are published for the information and guidance of public officers.

F. B. LONGE, LT.-COL., R.E.,—
*Surveyor-General of India.*

## SURVEY OF INDIA.

*Rules and Regulations of the Mathematical Instrument Office, 15, Wood Street, Calcutta.*

1. The Mathematical Instrument Office is a depôt for the supply, repair and adjustment of mathematical and other instruments, employed in various Government Departments and Offices. The instruments issued may be new or second-hand at the discretion of the officer in charge. As a rule new instruments are not supplied if serviceable second-hand ones of the class required are available. Instruments when no longer required are also taken into store, from Government Departments and authorised offices, at a valuation which is given for each instrument returned.

2. All transactions regarding instruments between the Mathematical Instrument Office and other Government Departments or offices are adjusted by "book transfer."

3. Instruments, when they can be conveniently spared, may be issued on "cash payment" to Municipalities and other similar bodies and also to individual officers. With the approval of the officer in charge, instruments may also be sent to the Mathematical Instrument Office "for repairs" on similar terms. All instruments issued to Commercial Departments or on "cash payment" will be charged at cost price *plus* a suitable percentage to cover all charges in connection with their storage and issue.

4. The Mathematical Instrument Office cannot undertake the supply or repair of any description of electrical or telegraphic instrument, nor does it issue type, stationery or drawing materials.

5. All correspondence and all instruments sent to the Mathematical Instrument Office should be addressed to the officer in charge, Mathematical Instrument Office, 15, Wood Street, Calcutta. Telegrams should be addressed to "Surveys, Inst," Calcutta.

6. All indents for instruments should be submitted on the annexed form O. 38, and every indent for instruments required on "book transfer" must be duly approved and countersigned, in accordance with the instructions printed on the back of the form, before the indent can be complied with. An indent sent by telegram should be subsequently confirmed by the submission by post of the usual countersigned indent, with a note on the form intimating that the instruments have already been indented for by telegram.

7. The nomenclature and cost of the different instruments, etc, generally kept in stock, are given in a price list which can be obtained *gratis* on application from the Mathematical Instrument Office. The lower prices are those of instruments which, although thoroughly serviceable, are not new. An indenting officer should enter the approximate price of each description of instrument required in the column of the indent allotted for that purpose, so as to enable the officer who countersigns and finally passes the indent to know the probable expense it involves, and also to guide the Mathematical Instrument Office in selecting instruments to meet the demand.

8. In order to prevent misunderstandings, indenting officers should invariably state, *on their indents*, the size and class of the instrument required, and when ordering a scale, particular care should be taken to note its length, how divided and the purpose for which it is required.

9. All instruments returned for repair or adjustment should be despatched *freight prepaid* and at the same time, under separate cover, a requisition "for repairs" should be sent on the annexed form, O 38a.

10. Indents should be submitted as early as possible to enable the office to make arrangements to meet the demand in case the articles are not in stock, and all instruments requiring repairs should be forwarded to the Mathematical Instrument Office *as soon as* they are available. It is particularly requested that, when a large supply of instruments is likely to be wanted for railway surveys or other large projects, the Mathematical Instrument Office should receive as long prior notice as possible of the probable number and description of articles required.

11. Indents and requisitions "for repairs" are *not* required in *duplicate*. The forms can be obtained on application from the Mathematical Instrument Office.

12. The mode of transit and address to which instruments are to be consigned by the Mathematical Instrument Office, as well as the address to which correspondence regarding the case is to be sent, must invariably be specified in full on the indent or requisition form; when instruments are to be despatched by post the name of the Post Office, as well as of the district in which it is situated, should be given and when by railway the nearest railway station should be distinctly stated. The forms should not be accompanied by forwarding letters unless more explanation is necessary than can be given on the face of the forms.

13 When issuing instruments, which are required on "book transfer" or despatching them after repair, the Mathematical Instrument Office sends an "invoice" in *triplicate* showing the amount due: one copy should be signed and returned without delay as it is required, for submission with the monthly accounts of the Mathematical Instrument Office, for adjustment by the Comptroller, India Treasuries; the other copies should be dealt with as laid down in article 96, volume I, Civil Account Code. In the case of instruments issued or repaired on "cash payment" *prepayment* is necessary, and, whenever it is possible, they, or the railway receipt for them, will be sent by V. P P.

14. All Government instruments, when no longer required, should be at once despatched to the Mathematical Instrument Office, *freight prepaid* A list of the instruments returned as "no longer required" should at the same time be forwarded by post to that Office It is particularly requested that surplus instruments may not be retained in any Government Office as they only deteriorate and become obsolete, while, if despatched as soon as they are no longer required to the Mathematical Instrument Office, they can be overhauled, put into serviceable condition and made available for issue to other officers requiring them. The Mathematical Instrument Office is, as a rule, unable to receive instruments as "no longer required" from Departments and officers who are not entitled to deal by means of 'book transfer," and it is essential before sending such to that Office to enquire if it will be convenient to receive them.

15. When Government instruments are received by the Mathematical Instrument Office as "no longer required" they are there valued according to their condition and a "valuation statement" is then sent to the officer returning them; the amount of this valuation is credited to his department or office in the monthly accounts of the Mathematical Instrument Office, for adjustment by "book transfer" through the Comptroller, India Treasuries.

16 When an officer considers that Government instruments are unserviceable and that their transit charges may nearly equal or exceed their actual value as material, a survey should be held on them by a committee of Government Officers, whose report should be forwarded to the Officer in charge, Mathematical Instrument Office, who will issue instructions as to which of the instruments should be forwarded to that Office and which should be sold

by auction locally or destroyed. Unserviceable chains, staves, tapes, etc., are seldom worth their transit charges.

17. As indents, requisitions "for repairs" and lists of instruments "no longer required" are dealt with in separate sections in the Mathematical Instrument Office, they should be kept *quite distinct* and should not be mixed up on the same form or list. In all cases reference should be made to any previous correspondence on the subject dealt with and, when instruments are forwarded to the Mathematical Instrument Office, it should be clearly stated whether they are "for repairs" or "no longer required."

18. The carriage of instruments is *not* paid by the Mathematical Instrument Office, consequently all consignments sent to it must be *prepaid* by the officer sending them and the freight on those despatched by that Office must be paid by the officers receiving them. Incidental charges for packing cases, etc., are included in the "invoices" or "bills." Owing to the very rough treatment which boxes, etc., often receive in transit particular attention is drawn to the importance of packing all instruments with great care.

19. The accounts kept by the Mathematical Instrument Office do not permit of "loans" or "exchanges" and instruments cannot be sent "on approval." When instruments are required on "Government Service" for a limited time, however short, two distinct "book transfer" transactions are necessary; the instruments must be properly indented for and, when finished with, they must be returned as "no longer required."

20. In all dealings with the Mathematical Instrument Office the official forms in use in that Office, which are supplied *gratis*, must be used. The Office is conducted under Civil rules and all references to Army Regulations, Equipment Tables, etc., should therefore invariably be supplemented by a clear statement of what is required.

## INSTRUCTIONS FOR REQUISITIONING OFFICERS.

1. All requisitions "for repairs," correspondence and instruments should be addressed to the Officer in charge, Mathematical Instrument Office, 15, Wood Street, Calcutta. Telegrams should be addressed to "Surveys, Inst.," Calcutta.

2. Owing to the very rough treatment which boxes, &c., often receive in transit, particular attention is drawn to the importance of packing all instruments with great care

3. The Mathematical Instrument Office cannot undertake the repair of any description of electrical or telegraphic instrument.

4. It is particularly requested that the nature of the repairs required should be entered, as far as possible, in column (3) instead of in a covering letter.

5. Especial attention is requested to the filling up correctly of columns (4) and (5).

6. The mode of transit and address to which instruments are to be consigned by the Mathematical Instrument Office, as well as the address to which correspondence is to be sent, must invariably be specified in full in column (7). (Abbreviations sometimes lead to mistakes.) When instruments are to be sent by post, the name of the Post Office as well as the District in which it is situated should be given, and when by Railway, the nearest Railway Station should be distinctly stated. Requisitions "for repairs" should not be accompanied by forwarding letters unless more explanation is necessary than can be given on the face of the form.

7. In the case of instruments repaired on "cash payment" *prepayment* is necessary and, whenever it is possible, they, or the railway receipt for them, will be sent by V. P. P.

8. The forms for indent, O. 38, and for requisition "for repairs," O. 38a., as well as the rules and regulations and the price list, can be obtained *gratis* on application from the Mathematical Instrument Office.

## NOTIFICATION.

*The 21st November 1905.*—The Calcutta Society for the Prevention of Cruelty to Animals has decided to award some prizes in the ensuing year for the best essays on the subjects mentioned below.

2. The competition will be open to students of European schools and of recognised High schools situated in Calcutta and its suburbs (including Howrah).

3. The competition is limited to the students of the following classes in such schools:—

(I) Students of Middle and High sections of European schools.
(II) Students in the Primary section of European schools.
(III) Students reading in classes I and II of High schools for Indians.
(IV) Students reading in classes III and IV of High schools for Indians.
(V) Students reading in class V and down of High schools for Indians.

4. The Head Master of each school from which essays are being sent in each of the above five classes is requested to read the essays written by the students of his school and to select the best two essays in each competing section which should then be forwarded to the Secretary to the Society (276, Bow Bazar Street, Calcutta) so as to reach him on or before the 31st January 1906. Not more than two essays should be sent by each Head Master for each section noted above.

5. The writers of the essays thus selected by the Headmasters will, if the essays are judged to be of sufficient merit, be rewarded with certificates, while the best among them may receive a gold, silver or bronze medal, which will be awarded at the general meeting of the Society in March 1906.

6. It is requested that the authorities of the schools concerned will co-operate with the Society in its laudable object and try to interest their students in the subject and submit essays for competition.

7. The following are the subjects for the essays:—

(1) Describe what you mean by the words "cruelty to animals."
(2) State the claims which domestic animals have on man, especially cats, dogs, fowls, birds, goats, sheep, cows, bullocks, donkeys, horses.

(3) Select two animals and state how to make them happy in a domestic state.
(4) State objections against taking the nest of birds.
(5) State objections against throwing stones at birds, frogs and other small animals, and state the good services to mankind performed by these animals.
(6) State what reasons justify mankind in taking the lives of animals, including noxious animals.
(7) Give reasons why you should not cause pain to animals, but should try to make them happy, and show in what way this would tend to our happiness and the formation of a good character.

## PRISMATIC COMPASS AND CHAIN SURVEYING.

1. The map will afterwards be plotted by the candidate on a scale of not less than 1 inch to 100 feet.
2. The candidate will inspect his task and decide whether chain or prismatic compass survey is the more suitable, as he may use whichever he likes.
3. If he selects to conduct a chain survey, he must, as an additional check, record the bearings of all lines.
4. The field-book will be given up on the completion of the task.
5. No pages may be torn out of the field-book.

### PLANE-TABLE TEST.

The candidate may be directed to run a circuit with the plane-table and to fill in selected details in the interior both by direct measurement and the method of intersection; the scale of the work should be as large as possible.

### LEVELLING TEST.

The candidate may be directed to run a line of levels between two field stations and to check his work.

### PLOTTING TESTS.

The candidate will have his field-book of the chain and compass survey and his level-book returned to him for plotting. Detailed instructions will be given at the time of the examination.

### USE OF THEODOLITE AND ADJUSTMENT OF INSTRUMENTS.

The candidate will be required to read horizontal and vertical angles, observe the three angles of one triangle and make the usual adjustments, temporary and permanent, of a level and theodolite.

A. PEDLER,
*The 3rd November 1905.* *Director of Public Instruction, Bengal.*

## INSTRUCTIONS FOR CARRYING OUT THE PRACTICAL TESTS.

A candidate having communication with any one except his own coolies is liable to summary expulsion from the examination.

2. Each candidate will conduct a separate survey test with the assistance of three coolies only. No candidate will be allowed to bring his own coolies.

3. Each candidate will be provided with an Index map on which the extent of his task is shown and other necessary instructions will be noted.

4. Each candidate will be provided with—

| | |
|---|---|
| A Prismatic Compass ... ... | These must be returned intact on the completion of the task. |
| A Plane-table with Index Rule ... | |
| A Level and Levelling Staff ... | |

| | Total | ... | 26,400 | 26,400 | 52,800 |

The following are the conditions of sale:—

1. The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2. The opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which, provision is made by clause 13 of these conditions of sale. The bids must advance by Rs. 5 at a time.

3. The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M., but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of Board of Revenue, be resumed on the next day following not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4. Each lot shall contain five chests.

5. A Promissory Note for a sum, calculated according to the scale, noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this office by Bank of Bengal receipts or by substitution of other public securities of the Government of India, on or before 3-30 P.M., in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

DEPOSIT.

When the amount bid is less than Rs. 1,200 per chest, Rs. 200 per chest.
On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.
On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.
And so on, Rs. 100 being added to the deposit for every bid additional to the extent of Rs. 400.

6. The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7. The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale or 1-30 P.M., if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8. No tender of money, Bank of Bengal receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale, will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9. The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and, in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10. Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less, than the number of lots or chests ordinarily required to be included in each certificate or order.

11. No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12. The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand render at the time a deposit either in Government of India Notes, Bank of Bengal receipts, or Government securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13. With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually by Rs. 5 at a time until a bid is obtained; and the first *bonâ fide* bidder for a lot, after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16. The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—

No 1, Certificate of the opium advertised for sale;

No. 2, Report of the examination of such opium.

17. The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazipur Factory for the year 1904-1905, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug, when packed at the Patna and Ghazipur Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18. Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

*No. 2523L.S-G.—The 25th November 1905.*—It is hereby notified for general information that the Lieutenant-Governor has been pleased to make the following rules under clauses (i) and (t), section 138 of the Bengal Local Self-Government Act, III of 1885, in addition to those published under Notification No. 2009T.M, dated the 9th November 1901, at pages 217-273, Part IB of the *Calcutta Gazette* of the 4th December 1901.

---

*Account Rules for the Joint-Committees constituted under section 64 of the Bengal Local Self-Government Act, III of 1885.*

PRELIMINARY.

In the following rules, unless there be something repugnant in the context:—

(*a*) the term "Joint-Committee" means the Joint-Committee constituted under section 64 of the Bengal Local Self-Government Act; and

(*b*) the term "President" means the President or Chairman of the Joint-Committee, and includes a Vice-Chairman, Vice-President and Secretary, where one has been appointed, in respect of the powers assigned to them by the President in writing, provided that the President shall not delegate to the Secretary any authority to sanction expenditure.

2. In all matters not expressly provided for by these rules, the rules, forms, registers and returns prescribed for, or in force for the time being in Government Educational institutions, shall, so far as they are consistent with these rules and with the Act, apply to Educational institutions under the management of the Joint-Committee. Similarly and under the same conditions, the rules, forms, registers and returns prescribed in the Civil Account Code or in force for the time being under the orders of Government or other competent authority, shall apply to the accounts of the Joint-Committee and shall be observed, used, kept and submitted by the head of the Educational institution concerned, or other officer specially appointed on this behalf by the Joint-Committee.

3. The following books and forms in addition to those referred to in rule 2 shall be maintained:—

I.—Budget Estimate.
I(*a*).—Details of estimates.
II.—Challan.
III.—Cash-book.

XIIIA.—Detailed statement of new names, leave, &c.

GENERAL.

4. All the accounts and registers of the Joint-Committee shall be kept in English. All books of accounts and registers shall be substantially bound and paged before being brought into use, and no accounts shall be prepared on loose sheets of paper or in loosely-bound volumes.

5. All corrections and alterations in accounts shall be neatly made in red ink and attested by the initials of the President. All corrections and alterations in a voucher shall be attested by the payee. *Erasures shall on no account be permitted in registers, statements, vouchers or accounts of any description.*

6. After the budget estimates for the year, or supplementary estimates, have been sanctioned, the Joint-Committee, acting in the exercise of the powers conferred on them by section 32 (*e*) of the Act, or the rules made under the said section of the Act, may from time to time, by a general or special Resolution, authorise the President or other executive officer of the Committee to expend any sum, or a part of any sum provided in such estimates, for the purpose to which it has been therein assigned.

7. No expenditure shall be incurred for which provision has not been made in the budget estimate for the year, or in a supplementary budget estimate, and which has not been duly sanctioned by the Joint-Committee, or by the President or other executive officer of the Committee acting in exercise of the powers conferred on him by the rules made under the Act.

8. The President shall cause to be kept a register of establishment in Form No. X, showing, in respect of all establishment whatsoever employed by the Joint-Committee, the particulars specified in the form. A separate page or section shall be allotted to each class of establishment. All changes made by competent authority from time to time in the numbers,

nomenclature, or salaries of the establishment shall be immediately entered in the register with the number and date of the orders authorizing the change. A space should be left under each name for the entry of alterations, and a fresh corrected list should be written up annually or as often as required. No entries regarding officiating incumbents, or grant of leave, should be made in this register.

9. At the close of every year the President of the Joint-Committee shall submit to the Commissioner of the Division a list of those records of the Joint-Committee's office which may properly be destroyed. In giving sanction to the destruction of such records, the Commissioner shall be guided by the general rules issued by Government from time to time on this behalf.

### LOSS OF MONEY BY EMBEZZLEMENT, THEFT OR OTHERWISE.

10. Whenever any loss of money by embezzlement, theft or otherwise is discovered, the fact shall be promptly reported by the President of the Joint-Committee to the Accountant-General, Bengal, and to the Commissioner of the Division through the District Magistrate. When the matter has been fully enquired into, he shall submit a further and complete report showing the total sum of money lost, the manner in which the money was lost and the steps taken to recover the amount and punish the offenders, if any. No money lost by defalcation, theft or otherwise shall be written off from the accounts, except with the sanction of the Commissioner of the division. When the amount of the loss exceeds Rs. 500, or when the loss is due to any defect in the system of accounts, collection, etc., the sanction of Government is necessary.

### BUDGET ESTIMATE.

11. On or before the 1st September each year the Joint-Committee shall, in consultation with the Inspector of Schools, prepare a budget estimate, showing the probable receipts and expenditure of the institution under its charge for the ensuing official year, and shall forward copies of the same to the Magistrate through the Municipality and the District Board concerned, and one copy to the Director of Public Instruction also. The Magistrate and the Director of Public Instruction shall forward the estimates to the Commissioner of the Division with their remarks on or before the 1st October. Copies of the estimates, as sanctioned by the Commissioner, shall be forwarded to the Joint-Committee, the District Board and the Municipality, through the Magistrate.

NOTE.—At the preliminary stage, the Inspector shall act as an adviser, and if after the budget is finally adopted by the Joint Committee, there is something in it not approved by him, he may represent matters to the District Board; and if his views are not accepted, he may refer matters to the Commissioner, who shall settle the matter in consultation with the Director of Public Instruction.

12. The procedure laid down in the last preceding rule shall be observed in every case where the Joint-Committee may find it necessary to amend the budget estimate at any time after it has been sanctioned.

13. In preparing the budget estimates the Joint-Committee shall show on the receipt side the contributions by the Municipality and the District Board and the receipts of the institution from fees, endowments and other sources, and on the payment side the establishment, contingent and other charges which have been sanctioned by competent authority. The budget estimate shall be supplemented by a statement, giving details of the estimated receipts from school fees and other sources and of the establishments and works provided for on the expenditure side.

### TRANSACTIONS WITH THE TREASURY.

14. The funds of the Committee shall be lodged in the Government Treasury and placed to the credit of a Personal Deposit Account to be opened in the official name of the President of the Joint-Committee.

15. Remittances to the Treasury should in all cases be accompanied by chalans in duplicate (Form No. II). The first part shall be retained by the Treasury, and the counterfoil, duly receipted by the Treasury officials, should be returned to the Committee's office for record.

16. All moneys remitted to the Treasury to credit of the Joint-Committee and all payments made by the Treasury on cheques or otherwise on account of the Joint-Committee shall be entered in a pass-book; the pass-book shall remain in the custody of the President, and it shall be sent to the Treasury on the 10th and also on the last working day of every month and on any other day on which the Joint-Committee may require the posting to be done. On receipt of the pass-book by the Treasury officials, the receipts and payments up to date and credits referred to in rule 21, shall be entered therein, and (when the book is received on the last working day of the month) the accounts shall be balanced and signed by the Treasury Officer, the amount being entered in words as well as figures. The book shall then be returned to the office of the Joint-Committee, as soon as the entries prescribed in this rule have been made in it, *i.e.*, on the day of receipt or the next upon day at the latest.

17. The pass-book will be supplied by the Treasury. It is not a Joint-Committee, Fund account-book, but is simply a copy of the account kept in the Treasury of the money paid into the credit of, and disbursed on account of, the Joint-Committee and must

therefore always be written up *only by the Government Treasury Department* by whom the original account is kept.

18. No entries or marks shall under any circumstances be made in the pass-book by any one connected with the Joint-Committee's office.

19. The President shall examine this pass-book from time to time, and shall immediately call the attention of the Treasury Officer to any discrepancy that may appear between the credits and debits shown in the pass-book and those shown in the accounts of the Joint-Committee's office.

20. The form of the pass-book is as follows:—

Dr. *The Treasury or Bank of . . . . . in Account Current with the Joint-Committee's Fund . . . . . Cr.*

| 1 | 2 | 3 | 4 | 5 | | | 6 | 7 | 8 | 9 | 10 | | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|---|
| Monthly consecutive number of item of receipt. | Date. | No. of chalan. | Initials of Treasury Officer. | Amount. Rs. | A. | P. | Monthly consecutive number of item of payment. | Date | No. of cheque. | Initials of Treasury Officer. | Amount. Rs. | A. | P. |
| | | | | | | | | | | | | | |

21. When a grant is made to the Joint-Committee's Fund from Provincial revenues, either as a general grant-in-aid, or for expenditure on any specific object, the Accountant-General shall, in the first case, at the beginning of the year, or in the second case, on receipt of orders, instruct the Treasury Officer to credit the amount of the grant to the Joint-Committee's Fund. The credit shall be made by book transfer; no bill or cheque shall be drawn, and no money shall be paid out of the Treasury.

## PAYMENT OF CLAIMS.

22. For the payment of petty charges, the President shall hold a permanent advance of such amount as the Joint-Committee may fix from time to time; provided that, without the sanction of the Commissioner, the Joint-Committee shall not fix the amount of the permanent advance at more than Rs. 50.

23. The permanent advance shall be recouped as often as may be necessary in the manner prescribed in rules 51 and 52 below.

24. Payments of not more than Rs. 20 shall be made from the permanent advance, provided that no charge on account of the salary of any employé of the Joint-Committee shall be made otherwise than as prescribed in rules 25 and 30.

25. All payments exceeding Rs. 20 shall be made by cheque, unless there are special circumstances rendering payment in cash desirable; provided that all payments of sums above Rs. 10 on account of salaries of employés of the Joint-Committee shall be made by cheque.

26. Cheque-books will be supplied by the Treasury Officer only, and no other form shall be used. The cheque-books and the counterfoils of used cheques shall be kept in the custody of the President.

27. On receipt of a cheque-book from the Treasury, the officer to whom the duty of signing cheques is allotted shall count the cheques, and shall record on the back of the cheque-book that "this cheque-book contains forms."

28. Cheques for sums not exceeding Rs. 100 shall be signed by the President. Cheques for sums exceeding Rs. 100 shall be signed by the President and the Vice-President or Secretary or, in the absence of one or other of them, by the officer present and a member of the Joint-Committee.

29. No cheque shall be signed unless required for immediate delivery to the person to whom the money is to be paid, nor until the bill, which it will discharge, has been presented in a complete form, examined and passed for payment in accordance with rules 36 and 38.

30. Every cheque shall be drawn in English in favour of the person to whom the money is actually due. Payment shall not be made to any other person, except on production of a written authority from the creditor to receive it on his behalf. The rule does not apply to cheques issued for a sum of money distributable as pay or wages among a number of Joint-Committee Fund employés, or for recouping the permanent advance. Whenever money is paid to persons who are illiterate and unable to sign their names in acknowledgment, the payee shall make his mark; the fact of the payment shall be certified to by the officer who pays, and by a witness of respectability.

31. The amount of every cheque shall be written in words as well as in figures, both on the cheque itself and on the counterfoil, and the counterfoil shall be initialled by the person or persons who sign the cheque. The word "only" shall always be inserted after the amount written in words in the body of the cheque.

32. Every cheque drawn for a sum, whether exceeding Rs. 20 or not, shall bear a receipt stamp of the value of one anna, and such receipt stamp shall be affixed before the cheque is signed.

33. When a signed cheque is cancelled, it shall be enfaced or stamped "cancelled" by the President, and shall be destroyed and the necessary adjustment shall be made in the cash-book.

34. The fact of cancellation shall be noted in red ink under the initials of the drawer of the cheque upon the counterfoil and also across the passing order which has been enfaced upon the voucher.

35. Cheques are current for three months only. After the expiration of that period, payment will be refused at the Treasury, and the person in whose favour the cheque was drawn will, therefore, have to bring it back to be re-dated. No fresh cheque should be issued; the lapsed cheque shall simply be redated and the alteration initialled by the President or official whose duty it would be to sign the cheque under rule. A note of the fact of re-dating shall be entered in the cash-book against the original transaction. The alteration will in no way affect the accounts, and no further entries shall be made.

36. Every bill or other claim for payment from the Joint-Committee Fund shall be presented in the first instance to the Head of the Educational Institution who shall check and examine it, and if it be found correct and in order, shall submit it for orders to the President. If payment of the bill so presented is to be made, an order for the payment shall be endorsed upon it. The order for payment shall run as follows:—"Pay Rupees only (Rs. )," the amount being written in words as well as in figures, and shall be signed by the President.

37. If payment is to be made from the permanent advance the procedure laid down in rules 49 to 53 shall be adopted.

38. If payment is to be made by cheque, the President shall cause the bill to be endorsed with the words "paid by cheque No. ," and shall then sign the endorsement, and cause the cheque to be drawn out, signed and issued. The payee or person taking delivery of the cheque on his behalf shall give a dated acknowledgment of the receipt thereof on that bill. Whenever necessary and convenient to the Treasury, cheques issued from the Joint-Committee's office may be enfaced at the district treasury for payment at a sub-treasury.

39. When any payment is made either by cheque or in cash from the permanent advance, it shall be immediately entered in the accounts of the Joint-Committee. In the former case it shall be entered in the cash-book (Form No. III). In the latter case, it shall be entered in the permanent advance account (Form No. VII).

40. Every payment made, either in cash or by cheque, shall be covered by a receipt, stamped if necessary, signed by the person to whom the money is due and to whom it has actually been paid. A receipt signed by another person for the creditor, or with a stamp, is invalid.

41. Bills and vouchers that have been paid by cheque shall be numbered consecutively for the year in order of payment, and shall be pasted in a guard-book. But sub-vouchers which have been paid in cash out of the permanent advance shall be separately filed, together with the recoupment voucher covering them. A memorandum instead of this voucher shall be pasted into the guard-book mentioned above, viz.,—

MEMORANDUM.

Voucher No. , dated , for Rs. in recoupment of the President's permanent advance, will be found in the separate file.

CASH-BOOK.

42. The cash-book shall be in form No. III and shall show on the receipt side all sums realised in cash as soon as they are received. Sums credited in the pass-book direct should be similarly shown as soon as intimation is received either direct or through the pass-book. Expenditure shall be entered day by day as cheques are issued (*vide* rule 39 of these rules). All sums received in cash must be remitted to the Treasury at once, or within three days at the latest.

43. The cash-book shall be closed and balanced at the end of every month and shall be signed by the President. The difference between the closing balance of the cash-book and that in the Treasury arising from uncashed cheques or short credits shall be reconciled in the following manner:—

| | Rs. |
|---|---|
| Balance as per cash-book ... ... ... | |
| *Add*—Uncashed cheques ... ... ... | |
| *Deduct*—Short credits ... ... ... | |
| Balance as per pass-book ... ... ... | |

### PERMANENT ADVANCE.

44. On first receiving or taking charge of the permanent advance, the President shall sign and file an acknowledgment in these terms:—"I acknowledge to have in my possession a permanent advance of Rupees (Rs. ), which sum is due from me to the Joint-Committee, and I am personally accountable for the amount."

45. A similar acknowledgment shall also be given by the President on the first working day of each year.

46. The permanent advance when first drawn shall be charged in the cash-book to the head "Advances," and shall be debited to the President's account in the advance ledger.

47. There will be no further operations upon the ledger account until the advance is finally repaid It need not be repaid at the end of each year. If the amount originally fixed for the permanent advance is subsequently increased or decreased by the Joint-Committee, the original advance shall be repaid and a fresh advance drawn.

48. The President shall make payments from his permanent advance from time to time as may be required, and for each payment he shall obtain and hold a bill receipted by the payee, or, in the case of petty office expenses, a written detailed statement of the sum spent.

49. These bills or statements shall be numbered consecutively, enfaced or stamped "paid in cash," and entered in the register in Form VII, the classification of the charges being carefully entered in the columns provided for the purpose.

50. The permanent advance may be recouped whenever necessary, and it must always be recouped on the last working day of the month, except when the expenditure falls below Rs. 10, for which no cheques can be drawn upon the Treasury.

51. The procedure of recoupment is as follows:—The President shall compare the sub-vouchers with the entries in the permanent advance account; he shall deface them by stamping them "cancelled," so that they cannot be used again. He shall total and initial the column "Amount of sub-voucher" in the permanent advance account, and also the amounts in the classification columns, the cross total of which should agree with the total of the column "Amount of sub-voucher," and shall rule a red-ink line across the page, immediately above which in the last two columns, the number, date and amount of the voucher for recoupment shall be shown.

52. The voucher for recoupment shall be drawn out in Form No. VIII, and it shall be enfaced with the usual payment order. The President shall draw out a cheque in his own favour for the amount, and sign the certificate in the voucher and the entries in the last two columns of the register.

### MONTHLY, QUARTERLY AND ANNUAL ACCOUNTS.

53. As soon as possible, after the end of a month, the entries on the receipt side of the cash-book (Form No. III) shall be posted in the register of monthly receipts (Form No. IV) against the heads concerned. In cases in which there is more than one item classifiable under the same head, the total only should be posted against the head in the body of the accounts, the details being posted at foot in the column for the month concerned. All the payments entered in the cash-book should be posted in the monthly register of payments (Form No. V). For this purpose the classification of the charges should be noted in red ink on each voucher. The vouchers should then all be arranged in the order of the heads in the monthly accounts. If there are more than one voucher under any heads, the several items with the numbers of the vouchers should be posted at foot of the monthly account in the column for the month concerned, and the total only posted against the head in the body of the account, the two entries being connected with each other by indicative letters. In such cases the numbers of the vouchers should not be posted on the body, but only against the details at foot. The monthly accounts of receipts and payments should then be totalled and the balances reconciled.

54. An extract from these accounts, showing the figures for the month and the progressive totals to the end of it, should be forwarded to the Accountant-General, Bengal, not later than the 15th of the month following that to which the accounts relate.

55. The annual account of the school should be compiled from the monthly accounts and subsidiary registers in the form prescribed by the Educational rules, and copies of this account should be forwarded to the Accountant-General, the Director of Public Instruction, and the District Board and Municipal Office.

### ADVANCES AND DEPOSITS.

56. All sums advanced to officers or employés of the Joint-Committee or to contractors or other persons, whether as permanent advances or otherwise, shall be charged in the accounts at once to the head "Advances" and be entered at the same time in the register of advances in Form No. IX, in which recoveries or adjustments of the advances should also be entered as soon as they are effected.

### AUDIT.

57. The accounts of the Joint-Committee's Fund shall be examined and audited by the Examiner of Local Accounts in Bengal as far as possible not less often than once in twelve months.

58. In auditing the accounts. the Examiner shall see that they have been kept and are presented in proper form, that the particular items of receipt and expenditure are stated in sufficient detail, and that the payments are supported by adequate vouchers and authority. He shall examine whether all sums received, or which ought to have been received, are brought into account, and also whether the expenditure is in all cases such as might lawfully be made. He shall also reduce such payments and charges as are exorbitant; and shall surcharge moneys not duly accounted for, or lost by negligence, upon the person who ought to account for the same, or whose negligence or improper conduct has caused the loss, and shall disallow and strike out such payments as are not authorized by law or competent authority.

59. Copies of the reports of such examination shall be forwarded by the Accountant-General, Bengal, to the President of the Joint-Committee and the Commissioner of the Division. The President shall be bound to remedy any defects or irregularities that may be pointed out by the Accountant General or the Examiner, and within three months of the date of the receipt of the report, he shall submit a statement, giving particulars of the action taken thereon to the Commissioner, who shall forward the same with his remarks to the Accountant-General.

### RECORD OF SERVICE.

60. A service-book in Form No. XII printed in English and the vernacular shall be supplied at his own cost to every employé holding a substantive appointment on the permanent establishment of a Joint-Committee It shall be kept in custody of the President, whose signature as well as that of the employé on the first page shall be attested every five years.

The service-book is a contemporary record of the employé's official life, including leave of every description, every period of suspension from employment, and every other interruption of service, with full details of its duration. Every entry relating thereto shall be written across the page and attested by the President or Vice-President, or the Secretary.

61. The President or Vice-President is primarily responsible that every necessary entry is made, especially in regard to leave or suspension, but it is also the duty of each employé to remind the President, Vice-President, or Secretary, when any entry is necessary, and to see that his own service-book is properly written up and attested. It should be carefully explained to each employé that, unless he does so, there may be a difficulty hereafter in verifying his service when his claim to pension shall come to be investigated and considered. Service-books shall be introduced and kept up, whether rules for the grant of pensions and gratuities have been framed or not.

At the time of preparing the pay-bill for March in each year, a detailed statement of the permanent pensionable establishment existing on the 1st April should be prepared in Form No. XIII and transmitted to the Accountant-General direct not later than the 15th April. In preparing the statement the following instructions should be carefully observed:—

(*a*) The name, designation, and pay of every officer, clerk, or menial servant holding a permanent appointment, whether on duty, or absent on leave or deputation, or under suspension should be distinctly shown.

(*b*) The date of birth, of appointment to present post, and of promotion to present pay of each person should be entered in the appropriate columns of the statement; the date of birth by Christian era should be given, and if the exact date is not known, the approximate date or year should be stated.

(*c*) The name of any person acting in an appointment, as well as the acting allowance paid to him, should be shown in the column "Name of incumbent" beneath the name of the absentee for whom he is officiating.

(*d*) If the acting incumbent holds a permanent appointment upon another establishment, the fact should be stated.

(*e*) A detailed statement in Form XIIIA should be given at foot of the original return, Form XIII, showing new names of officers which are not found in the return of the previous year, and when these new names include those of persons who have entered the service of the Joint-Committee for the first time, their age and health certificates should be attached to the statement. Columns are also provided in Form XIIIA for information required in regard to the names of officers which appeared in Form XIII of the previous year, but are now omitted, as also regarding officers who have been on leave, other than privilege leave, or under suspension, during the previous year. In the case of any who have been under suspension, a note is required stating whether it has been expressly declared that the period of suspension shall count as service qualifying for pension.

(*f*) If any person on the establishment is a Government pensioner, or is not the servant of the Joint-Committee solely, the fact should be noted in the statement. If he be an officer transferred from the pensionable service of Government, for whose pension contribution is paid, a note should be entered against his name to the effect "contribution paid to Government for pension."

When completed in accordance with the preceding instructions, the statement should be carefully checked with the service-books, as it will be the authority by which hereafter pension claims will be tested by the Accountant-General.

Hooghly Collectorate, the 8th November 1905

K. N. MITRA, *for* Collector.

## Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government to the undermentioned estates situate in the district of Hooghly will be sold by public auction subject to the conditions specified below at the Hooghly Collectorate on the 18th December 1905, corresponding with 3rd Pous 1312 B.S.:—

*Conditions of Sale.*

*1st.*—The estate is to be sold to the highest bidder above the upset price, viz., Rs. 44. The purchaser of the estate will be registered as the proprietor of the estate, and the entire proprietary right of Government will be transferred to him subject to the payment of revenue fixed in perpetuity of Rs. 22 as per schedule given below.

*2nd.*—The sale is to be subject to existing leases and the rights conferred by the settlement proceedings and by the laws in force, and purchasers are to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

*3rd.*—If the amount of purchase-money does not exceed Rs. 100, the whole of the amount is to be paid down at once.

*4th.*—If the amount of purchase-money exceeds Rs. 100, one-fourth of the amount of bid is to be immediately deposited. If the balance be not paid by the noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by the noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate is to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement, as in the case of original sale.

## Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates, situate in the district of Hooghly, subdivision Howrah, will be put up to sale at the Howrah Collectorate on the 5th January 1906, corresponding with 21st Pous 1312 (B.S.).

The purchasers will be subject to the following conditions of sale:—

*Conditions of sale.*

*1st.*—The estates to be sold to the highest bidder above the upset price which will be fixed by the Covenanted Deputy Collector at the time of sale. The purchasers of these estates will be considered as the proprietors of the estates, and the entire proprietary right of Government in such estates will be transferred to them subject to the revenue fixed in perpetuity.

*2nd.*—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

*3rd.*—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

*4th.*—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited, if the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale.

# THE INDIAN LAW REPORTS.

*Published in FOUR SERIES, viz.:*

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,
or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

## NOTICES TO MARINERS.

THE following Notices are published for general information.

W. A. INGLIS,
*Secretary, Marine Department.*

CALCUTTA, *the 25th November 1905.*

### BAY OF BENGAL—ORISSA COAST.

*Balasore anchoring buoy adrift.*

*No. 450 (first publication).*—A telegraphic communication has been received from the Port Officer, Cuttack and Balasore ports, stating that the Balasore anchoring buoy has gone adrift, and will be replaced as soon as possible

### BAY OF BENGAL—MADRAS COAST.

*Port of Madras.—Date of exhibition of South Breakwater end light.*

*No. 451 (first publication).*—The Deputy Conservator, Madras, has given notice, dated the 9th October 1905, informing Masters of vessels, Pilots and others that, on and after 1st January 1906, the present red fixed light at the South Breakwater end will be exhibited at an elevation of 45 feet instead of 37 feet above high water, and visible in clear weather 8 miles instead of 6 miles all round the compass.

### AUSTRALIA, SOUTH—GULF OF ST. VINCENT.

*A cheese-shaped buoy placed on the east side.*

*No. 452 (first publication).*—The President of the Marine Board, Port Adelaide, has given notice (No. 26 of 1905), that a cheese-shaped buoy, painted red, has been placed on the east side of St. Vincent Gulf, to mark the supposed position of a rock which has been reported, having on it 5 feet at L.W.S., with 9 feet all around it.

The position of the buoy is as follows:—

Port Parham houses bearing E. by S, distant three miles, in 9 feet at L.W.S. tide.

Approximate lat., 34° 26′ 10″ S.; long., 138° 19′ 10″ E.

*This affects Admiralty Chart No. 2389B.*

### CEYLON—SOUTH COAST.

*Gindurah Rock.—The buoy marking its position has been replaced.*

*No. 453 (first publication).*—With reference to Notice to Mariners No. 375, dated the 23rd September 1905, issued by this Office, the Master Attendant, Galle, has given notice, dated 3rd November 1905, that the Red Beacon Buoy marking the position of the Gindurah Rock has been replaced. It is laid in 18½ fathoms water, coarse sand and shell, about 3½ cables S.

by W. from the rock, with Edward's Pillar midway between Galle Lighthouse and Elephant Rock, and the Haycock nearly over the Gull Rock.

The attention of Mariners is called to the remark in page 84 of West Coast of Hindostan Pilot.

*Caution.*—Too much reliance must not be placed on the buoys marking the outer dangers near Point-de-Galle, as they are liable to break adrift.

---

JAPAN—North west coast, Honshu.

*Nanao, north harbour.—Shoal in entrance.*

*No. 454 (first publication).*—The British Admiralty has given notice (No. 1077 of 1905) of the existence of a shoal, with a depth of 2¾ fathoms over it at low water, about 2 cables to the southward of Fudou saki, in the entrance to Nanao North harbour, situated in a position from which the northern extremity of Oshima bears S. 52° W., distant 12¼ cables, and Ushiga hana N. 47° W.

Approximate position, lat 37° 10¾′ N., long. 136° 59¾′ E.

The S.S. *Ranju Maru* touched on this rock.

AFRICA, SOUTH-EAST COAST—Port Natal approach.

*Green point.—Light established.—Aliwal shoal.—Lights discontinued.*

*No. 455 (first publication).*—With reference to Notice to Mariners No. 276, dated 15th July 1905, issued by this Office, the British Admiralty has given further notice (No. 1078 of 1905) that, on 16th October 1905, a *white group flashing* dioptric light, showing groups of two flashes *every fifteen seconds*, would be established on Green point: it would be elevated 282 feet above high water, and visible in clear weather from a distance of 23 miles from the bearing of N. 40° E., through north and west, to S. 57° W., being obscured by the land in other directions. A *red fixed* light, elevated 248 feet above high water and visible over Aliwal shoal between the bearings of N. 68° W. and N. 38° W., would also be established. These lights are shown from the same building, which is an iron conical tower, 68 feet high, and painted in red and white bands, erected in the position of the western-most beacon on Green point, which beacon was removed for this purpose. The group flashing light has a light power of 240,000 candles, and the red fixed light is of the 4th order. The lights formerly shown at Umpambinyoni and Amahlongwana river entrances would be discontinued.

Approximate position, lat. 30° 15 ¼′ S., long. 30° 46¾′ E.

The above lighthouse in line with the beacon on Green point marks the position of Aliwal shoal.

## NEW ZEALAND, SOUTH ISLAND.

*Otago harbour entrance—Alteration in lights—Buoy replaced by beacon light.*

*No. 457 (first publication).*—The British Admiralty has given notice (No. 1080 of 1905) that the following alterations would be made in the lighting and buoyage of Otago harbour entrance:—

(*a*) The green fixed light on the mole head would, on October 1st, be altered to *white occulting*, visible in clear weather from a distance of 8 miles.
Approximate position, lat. 45° 46½′ S., long. 170° 44½′ E.

(*b*) The black buoy formerly situated at a distance of 3 cables S. 84° W. from Maori kaike jetty (Black point) will be replaced, on 1st November, by a pile beacon, painted black, exhibiting a *white fixed* light, erected on the southern side of the channel at a distance of 630 yards S. 84° W. from Maori kaike jetty.

(*c*) The light-vessel exhibiting a white fixed light, formerly situated at a distance of 4 cables N. 73° W. from Maori kaike jetty, will on 1st November be withdrawn.

## CHINA SEA.—Flat Island.

*Reef to the westward.*

*No. 458 (first publication).*—The following Notice to Mariners (No. 1082 of 1905) issued by the British Admiralty is republished:—

Information has been received through the Board of Trade that the British barque *West York* was, on July 17th, 1905, wrecked on a reef in the China sea, situated about 41 miles to the westward of Flat island, in approximately lat 11° 6′ N, long. 115° 1′ E.

No reliance can be placed on this position, as it is entirely dependent on dead reckoning, no observations having been obtained for seven days.

## JAPAN.—Kuril islands—Shimushu.

*Shiro iwa (Kokskar rock).—Shoal in the vicinity.*

*No. 459 (first publication).*—The British Admiralty has given notice (No. 1095 of 1905) of the existence of a shoal, which breaks in the approach to Paramushiru strait, situated in a position from which Shiro iwa (Kokskar rock) bears S. 30° W., distant about 4½ miles. It has been placed on the Chart as a rock awash in this position.

The rock awash, situated 2 miles N. 20° E. from Shiro iwa, is apparently connected with Shiro iwa, as breakers have been observed extending about one mile to the north-eastward from the latter rock.

Approximate position, Shiro iwa, lat. 50° 30¾′ N., long. 156° 28½′ E.

## CHINA SEA.

*Flat, Nanshan, and West York islands—Positions and particulars given.*

*No. 460 first publication.*)—The following Notice to Mariners (No. 1105 of 1905) issued by the British Admiralty is republished, in continuation of this office No. 458, dated the 25th November 1905.

Further information, dated 24th August 1905, has been received through the Board of Trade that Mr. W. D. Prideaux, commanding U.S. naval collier *Nanshan*, sent from Manila to relieve the crew of the British barque *West York*, wrecked on a reef south-eastward from North Danger reef in the China sea, makes the following report respecting some islands and dangers between North Danger reef and Palawan:—

(*a*) Flat island was found to be a flat low sandy island about 250 yards across A reef extends in an easterly direction from it for a distance of 2 to 3 miles, and several discoloured patches were observed to the N.N. Eastward. The position of the island was ascertained to be lat. 10° 48′ 15″ N., long. 115° 50′ 30″ E., or about 16 miles to the south-eastward of the position shown on the Charts. The position formerly given, lat. 11° 3′ N., long. 115° 42′ E., was passed over without any sign of land being observed.

(*b*) Nanshan island. An island (now named Nanshan) covered with small trees, and about 600 yards across, was observed to be situated about 6 miles S. 12° W. from Flat island, in approximately lat. 10° 42′ 30″ N., long. 115° 49′ 30″ E.

(*c*) West York island. This island is about one mile long and half a mile broad, covered with grass and trees, some of which are cocoanut palms; it is fringed with a reef which extends from it a quarter of a mile on the eastern side to fully 2 miles on the northern side, on the latter reef the ship *West York* was wrecked. An anchorage was found in 14 fathoms, coral with the north point of the island bearing S. 25° W., distant 2½ miles. Signs of former Chinese habitation were found, and it is apparently visited every year by fishermen from Hainân for the purpose of collecting Trapang, &c. The position of the island was ascertained to be lat. 11° 5′ 45″ N., long. 115° 1′ 30″ E.

## PACIFIC OCEAN.—New Guinea, north-east coast.

*Maty and Durour islands—positions of.*

*No. 461 (first publication).*—The British Admiralty has given notice (No. 1107 of 1905) that the Master of the S.S. *African Monarch* reports that, during the passage of his vessel from Newcastle, N.S.W., to Manila, he passed between Maty and Durour islands on the north-east coast of New Guinea at a distance of 7½ miles from Maty island, and found the position of that island practically correct. The remark on the Chart to the effect that its position was 8 miles to the eastward has therefore been erased.

The approximate position of Durour island was ascertained to be N. 30° E., distant 19 miles from Maty island, which places it in lat 1° 26′ S., long. 142° 57′ E., or about 16 miles to the westward of its present position on the Chart.

## BAY OF BENGAL—Chittagong coast.

*South Patches—A red conical buoy placed.*

*No. 438 (second publication).*—The Port Officer, Chittagong, has given notice, dated 7th November, that a red conical buoy with red cage has been placed on the south-west edge of the South Patches in 6 fathoms.

Approximate position, 21° 30′ N., 91° 39′ E.

The buoy should be seen six miles in clear weather.

## BAY OF BENGAL—Burma coast.

*Baragua flats—Floating light-vessel temporarily replaced.*

*No. 439 (second publication).*—A telegraphic communication has been received from the Principal Port Officer, Rangoon, stating that the floating light-vessel at the Baragua flats will be temporarily replaced on or about the 25th November 1905 by the *Martaban*, which will show the prescribed light for the station.

## PACIFIC OCEAN—Philippines—Kalamion or Kulion island.

*Port Kulion—Beacons established.*

*No. 440 (second publication).*—The British Admiralty has given notice (No. 1046 of 1905) that three beacons have been erected to mark reefs situated in or near port Kulion, Kalamion or Kulion island.

Each beacon consists of a concrete base surmounted by a post carrying two square boards one above the other and at right angles. The boards are painted white with a black centre, the upper one being 15 feet above high water. They are situated as follows:—

(*a*) On the centre of the reef lying in the approach to port Kulion, with the summit of Inlulukit island bearing N. 30° W., distant one mile, and fort Kulion light S. 85° W.

(*b*) On the northern point of the reef on the eastern side of the entrance to the harbour, with fort Kulion light bearing N. 68° W., distant $2\frac{8}{10}$ cables.

(*c*) On the north-eastern edge of the reef extending from the western entrance point to the harbour, with Kulion light bearing S. 35° W., distant 150 yards.

Approximate position, fort Kulion, lat. 11° 54′ N., long. 120° 01′ E.

(*Variation 1° Easterly in 1905.*)

*This Notice affects the following Admiralty Chart:—Port Kulion on sheet No. 944: Also China Sea Directory, vol. II, 1899, page 294.*

## EASTERN ARCHIPELAGO—Java—Sunda Strait.

*Arnemuiden bank—Beacon established.*

*No. 441 (second publication).*—The British Admiralty has given notice (No. 1048 of 1905) that an iron screw-pile beacon, surmounted by a black cone, has been erected on the western side of Arnemuiden bank, in the northern approach to Sunda strait.

Approximate position, lat. 5° 12¾′ S., long. 106° 44½′ E.

*This notice affects the following Admiralty Charts:—Eastern Archipelago, western portion, No. 941a; Gaspar and Banka straits, No. 2149; Sunda strait and approaches, No. 2056; Also Eastern Archipelago, Part II, 1904, page 62.*

## CHINA SEA—Borneo—North-West Coast.

*South Natuna islands—Reefs near.*

*No. 442 (second publication).*—The British Admiralty has given notice (No. 1049 of 1905) of the existence of the undermentioned reefs near the South Natuna islands, China sea:—

(*a*) A reef 4 cables long, in a N.W. and S.E. direction with a least depth of 8 feet over it and from 12 to 16 fathoms around, is situated to the westward of Sumpadi island in a position from which the north extreme of that island bears N. 64° E., distant one mile, and the south extreme of the island S. 64° E.

Approximate position, lat. 2° 35½′ N., long. 109° 9′ E.

(*b*) A reef 9 cables long, in a W.N.W. and E.S.E. direction and 3 cables wide with a least depth of 8 feet over it, is situated to the southward of Subi island, in a position from which Latu rock in line with Kordu (Kerdau) islet bears S. 54° E., distant 2½ miles.

Approximate position, lat. 2° 46½′ N., long. 108° 47′ E.

(*c*) The reef charted to the eastward of the northern end of Subi island has a least depth of 3½ fathoms over it, with 18 to 20 fathoms around, and is situated in a position from which Ria rock bears N. 76° W., distant $7\frac{2}{10}$ miles, and Tumbalo rock S. 30° W.

Approximate position, lat. 3° 1¼′ N., long. 109° 0½′ E.

(*Variation 2° Easterly in 1905.*)

*This Notice affects the following Admiralty Chart:—South Natuna islands, No. 2104: Also China Sea Directory, vol. II, 1899, pages 82 and 83.*

## CHINA, EAST COAST—Wusung river

*Shanghai—Intended alteration in system of weather signals.*

*No. 443 (second publication).*—The British Admiralty has given notice (No. 1059 of 1905) that, on the 1st January 1906, the flags of the International Code will be substituted for the Marryat Code in making the undermentioned weather signals at the Storm-signal station, Shanghai:—

I.—The 9-30 A.M. signal, indicating the direction and force of the wind at Gutzlaff at 9 A.M, will be made as follows:—

The direction by the flags N., S., E., W., and V. (variable) of the International Code, and the force by the numeral signals 0 to 11.

Letter U flag signifies calm, and a blue pennant that fog prevails.

This signal is lowered at 10 A.M. In case of any delay it will be hoisted from 11-30 to 1 -50 A M.

At 3-30 P.M. a similar signal shows the direction and force of the wind at Gutzlaff at 3 P.M. In case of delay it will be hoisted from 4-15 to 4-30 P.M.

II.—The signals indicating the probable direction and force of the wind on the coast, and at Shanghai within the next 24 hours, will be made as follows:—

Special Flags.

1 2 3 4 5

Flag No. 1 hoisted over any of the flags N., S., W., E., U., or V. of the International Code indicates the probable wind along the coast south of the 30th parallel.

Flag No. 2 hoisted over any of the flags N., S., W., E., U., or V. indicates the probable wind along the coast north of the 30th parallel.

Flag No. 3 indicates that fair weather is probable at Shanghai.

Flag No 4 indicates that unsettled and threatening weather is probable at Shanghai.

Flag No. 5 indicates that rainy weather is probable at Shanghai.

III.—The 4 P.M. signal, indicating height of the standard barometer at Zi ka wei Observatory, will be made in the same manner as at present, except that numeral signals of the International Code will be used in the place of those of Marryat's Code.

Note.—Signals I and III are repeated at the storm-warning semaphore of the Imperial Maritime Customs near the Inner bar and from the Outer bar signal flagstaff near the Wusung lighthouse.

Approximate position, Shanghai storm-signal station, lat. 31° 14¼′ N., long. 121° 28½′ E.

*This Notice affects China Sea Directory, vol. III, 1904, pages 422, 423 and 424.*

## COAST OF CHINA.

*Intended alteration in system of Typhoon and Storm signals.*

*No. 444 (second publication)*—The British Admiralty has given notice (No 1060 of 1905) that, on the 1st January 1906, the undermentioned system of Typhoon and Storm-warning signals will be substituted for that now in use at the semaphores of the Imperial Maritime Customs at Canton, Amoy, Fuchau (Pagoda anchorage), Gutzlaff island, Wusung, Shanghai (Storm-signal station), Chifu, Chinkiang, Taku and Newchwang:—

The signals are made by means of shapes used as symbols having numbers corresponding to them as follows:—

1. 2. 3. 4. 5. 6.

These shapes are hoisted at the yard-arms of the signal mast and have the following general characteristics:—

| | |
|---|---|
| Typhoon and Continental depressions ... ... | 3 shapes at one yard-arm, showing the position of the centre.<br>2 shapes at the other yard-arm showing the region threatened. |
| Gale signals ... ... | 2 shapes at one yard-arm showing the general direction of the wind.<br>1 shape at the other yard-arm showing the region threatened. |

Sugarcane-pressing is going on in some districts of Bihar. *Rabi* sowing is nearly finished in Bihar; in Lower Bengal it is still going on in places. Prospects on the whole good. Cattle-disease continues in eight districts, including the districts of the Chota Nagpur Division. Fodder and water sufficient. The price of common rice has risen in four and fallen in eight districts. The price is still somewhat high in parts of Khulna, Purnea and Darjeeling.

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

† Audited up to week ended 23rd September 1905.
‡ Increase in mileage is due to the opening of Lalgola station on the Ranaghat-Murshidabad Branch.
*N B.*—The increase under coaching is chiefly due to movements of passengers owing to Rash Jatra festival and that under goods is chiefly in jute and tea traffic and also the amalgamation of B. C. Ry. has contributed to the increase in earnings.

## REVENUE DEPARTMENT.

### NOTIFICATIONS.

*No. 3261L.R.—The 30th November 1905*.—In exercise of the powers conferred by sections 101 (2) (*c*) and 101 (2) (*d*) of the Bengal Tenancy Act, VIII of 1885, the Lieutenant-Governor of Bengal is pleased to direct that a survey shall be made and a record-of-rights prepared in respect of all lands included in Government estate Bichitrapur, tauzi No. 1370, in the district of Balasore.

**Balasore.**

The particulars to be recorded in the survey and record-of-rights shall be the following:—

(*a*) the name of each tenant or occupant;

(*b*) the class to which each tenant belongs, that is to say, whether he is a tenure-holder, raiyat holding at fixed rates, settled raiyat, occupancy raiyat, non-occupancy raiyat or under-raiyat; and, if he is a tenure-holder, whether he is a permanent tenure-holder or not, and whether his rent is liable to enhancement during the continuance of his tenure;

(*c*) the situation and quantity, and one or more of the boundaries, of the land held by each tenant or occupier;

(*d*) the name of each tenant's landlord;

(*e*) the money-rent payable at the time the record-of-rights is being prepared; or if the rent payable is a produce-rent, the fact that a produce-rent is paid, and the customary terms according to which such rent is paid;

(*f*) the mode in which that rent has been fixed—whether by contract, by order of a Court or otherwise;

(*g*) if the rent is a gradually increasing rent, the time at which, and the steps by which, it increases;

(*h*) the special conditions and incidents, if any, of the tenancy;

(*i*) if the land is claimed to be held rent-free,—whether or not rent is actually paid, and, if not paid, whether or not the occupant is entitled to hold the land without payment of rent, and, if so entitled, under what authority;

(*j*) the customs of the villages regulating the methods of irrigation, and the duties and rights of both landlords and tenants with respect to the use and maintenance of the means of irrigation.

*No. 3282L.R.—The 30th November 1905*.—In exercise of the powers conferred upon him by section 101 (1) of the Bengal Tenancy Act, VIII of 1885, as extended to the Chota Nagpur Division, excepting the district of Manbhum, by Notification No. 721L.R., dated the 9th February 1903, published at page 172 of the *Calcutta Gazette* of the 11th idem, the Lieutenant-Governor of Bengal is pleased to direct that a record-of-rights shall be prepared in respect of all lands in the Porahat Estate and its allied tenures of Anandpur, Kera, Bandgaon and Chainpur, and also in villages Setahaku, Sinmidiri, Samrai and Dalki, the property of the Chief of the Kharswan State in the district of Singhbhum.

**Singhbhum.**

The particulars to be recorded in the record-of-rights shall be the following:—

(*a*) the customary rights, powers and duties of the zamindar or tenure-holder and in particular his right—

(*i*) to levy Dalkati, Tantkar, Kamarkar, Dolkar, Lahkar, Mahuakar, Patta Salami, Dashahara and Jantal goats, Jangalkar, Ghanikar, Mahalikar, Shadikar, Kulikar and other dues of a like nature and the rates at which he is by custom entitled to levy such dues;

(*ii*) to exact Bethbegar or forced labour;

(*iii*) to cut fruit-bearing and other trees and to obtain jungle produce either for his own use or for sale;

(*iv*) to grant or refuse permission to headmen and tenants to make bandhs and tanks;
(*v*) to dismiss and appoint headmen;
(*vi*) to eject tenants;
(*vii*) to grant or refuse settlement of waste or vacant lands to tenants;
(*viii*) to fisheries;
(*ix*) to accept or refuse relinquishments of their holdings by tenants;
(*b*) the status, rights, powers, and duties, according to custom, of the village headmen (known by the name of Mundas, Ganjus, Pradhans or Thikadars) and in particular—
(*i*) whether they are entitled to hold at fixed rates as khuntkattidars;
(*ii*) whether they have a right to be re-appointed at the next settlement if they have observed the conditions of the patta and the record-of-rights;
(*iii*) their powers as regards the settlement of waste and vacant lands;
(*iv*) their power to grant or refuse permission to tenants to make tanks and bandhs;
(*v*) their power to accept or refuse relinquishments of their lands by tenants;
(*vi*) their power to eject tenants for non-payment of rents;
(*c*) the customary rights and duties of tenants and, in particular, their right—
(*i*) to hold homesteads, fruit groves, water-shores, threshing floor and manure-pits rent-free;
(*ii*) to sublet their holdings,
(*iii*) to settlement of waste or vacant lands according as they are aborigines or non-aborigines, resident or non-resident;
(*iv*) to reclaim lands and to convert uplands into embanked rice lands and to hold newly reclaimed lands at special rates;
(*v*) to the fruit, leaves and timber of fruit and other trees according as they stand within their holdings or on village waste land or were self-sown or planted by themselves, their ancestors or others;
(*vi*) to cut or otherwise use trees in *jahirs* or *saruas*;
(*vii*) to obtain timber, firewood, bamboos, leaves, stone and other jungle products for their own use or for sale, either raw or manufactured, from the jungles in their own or other villages;
(*viii*) to rear lac and silkworms;
(*ix*) to graze cattle in their own or other villages;
(*x*) to fisheries;
(*xi*) to make tanks and bandhs;
(*xii*) in mango and other groves;
and their duties as regards—
(*i*) repair of tanks and bandhs;
(*ii*) performance of labour free or at special rates for the zamindar or tenure-holders;
(*d*) nature and extent of the rights of Government and of private persons in or over the forest produce or waste land as referred to in Notification No. 3586Forest, dated the 17th July 1894, published at page 779, Part I of the *Calcutta Gazette* of the 18th idem, and as provided by section 28 of the Forest Act;

## BABU BRAJAMOHAN DUTT'S PRIZE ESSAY FOR NATIVE LADIES.

THE following subject has been selected for Babu Brajamohan Dutt's Prize Essay of Rs. 45 (forty-five) for the year 1904-1905 :—

"Woman's place in a Bengali home."

The conditions for the award of the prize are :—

(1) That the competition be open to all educated women, being natives of Bengal (including the districts which now form part of the New Province), without regard to age.

(2) That the prize be given for an essay, to be written in either Bengali or Sanskrit.

(3) That the essays be sent to the Central Text-Book Committee for adjudication within six months of the date of advertisement.

(4) That each essay be accompanied by the written declaration of the husband, parent or guardian of the competitor that to the best of his belief she has received no assistance of any kind, direct or indirect, in writing the essay.

Candidates are requested to send their essays, not later than the 30th June 1906, to the Secretary to the Central Text-Book Committee, Office of the Inspector of Schools, Presidency Division, at 12 Dalhousie Square, Calcutta. The envelope containing the essay should be superscribed "Brajamohan Dutt Prize Essay." The name of the successful competitor will be published in the *Calcutta Gazette.*

The winner of the prize in any year may, if she pleases, again compete. If she is adjudged to have sent in the best essay in such subsequent competition, her name will be published in the *Gazette*, but the prize will be awarded to the next eligible candidate.

No prize will be awarded if, in the opinion of the judges, the best essay sent in is not such as to deserve a prize.

## NOTIFICATION.

*Annual Examination of Pleaders in Surveying.*

1. The next Survey examination for pleaders will be held in February 1906.

2. Applications for admission to appear at the examination should in the first place be submitted to the District Judge in whose Court or in Courts subordinate to whom the pleader ordinarily practises. The District Judge will require evidence from all applicants that they have undergone some training in practical surveying. He will not countersign the application of a candidate who fails to satisfy him on this point; nor will such a candidate be permitted to appear at the examination.

3. Candidates whose applications have been countersigned by the District Judge must submit their applications to the Director of Public Instruction, and these must be received on or before the 15th December 1905 After this date no more applications will be received.

4. The application should state the centre at which the candidate intends to appear, and all particulars as to the length of time the applicant has practised in the Court and the full address, &c., necessary to secure that letters will reach the applicant.

5. Each application should be accompanied by the prescribed fee of Rs. 30,* which will in no case be refunded.

6. Only pleaders practising in one of the Courts of the Province of Bengal will be eligible for the examination.

7. The examination will be held at four centres, viz., Dacca, Patna, Cuttack, and Sibpur.

8. The subjects for examination are noted below:—

(1) Paper on General Elementary Surveying, including Theodolite and Levelling.
(2) Practical examination in the field in—
  (*a*) Chain, and chain and compass surveying.
  (*b*) Plane-tabling.
  (*c*) Plotting.
  (*d*) Levelling.
  (*e*) Use of Theodolite and the permanent and temporary adjustment of instruments.

9. Candidates are required to secure 40 per cent. of the marks in the paper on surveying and 50 per cent. in the practical portion of the examination.

10. The rules regarding the Pleaders' Survey examination were published in the *Calcutta Gazette* of the 28th September 1904.

11. The programme for the examination will be published in the *Calcutta Gazette*.

A. PEDLER,
*Director of Public Instruction, Bengal.*

*The 15th November 1905.*

* The fee must be deposited in the Bank or local treasury, and the receipt for the same should accompany the application. On no account cash or money-order will be received.

## PRISMATIC COMPASS AND CHAIN SURVEYING.

1. The map will afterwards be plotted by the candidate on a scale of not less than 1 inch to 100 feet.
2. The candidate will inspect his task and decide whether chain or prismatic compass survey is the more suitable, as he may use whichever he likes.
3. If he selects to conduct a chain survey, he must, as an additional check, record the bearings of all lines.
4. The field-book will be given up on the completion of the task.
5. No pages may be torn out of the field-book.

### PLANE-TABLE TEST.

The candidate may be directed to run a circuit with the plane-table and to fill in selected details in the interior both by direct measurement and the method of intersection; the scale of the work should be as large as possible.

### LEVELLING TEST.

The candidate may be directed to run a line of levels between two field stations and to check his work.

### PLOTTING TESTS.

The candidate will have his field-book of the chain and compass survey and his level-book returned to him for plotting. Detailed instructions will be given at the time of the examination.

### USE OF THEODOLITE AND ADJUSTMENT OF INSTRUMENTS.

The candidate will be required to read horizontal and vertical angles, observe the three angles of one triangle and make the usual adjustments, temporary and permanent, of a level and theodolite.

A. PEDLER,
*The 3rd November 1905.* *Director of Public Instruction, Bengal.*

## INSTRUCTIONS FOR CARRYING OUT THE PRACTICAL TESTS.

A candidate having communication with any one except his own coolies is liable to summary expulsion from the examination.

2. Each candidate will conduct a separate survey test with the assistance of three coolies only. No candidate will be allowed to bring his own coolies.

3. Each candidate will be provided with an Index map on which the extent of his task is shown and other necessary instructions will be noted.

4. Each candidate will be provided with—

| | |
|---|---|
| A Prismatic Compass ... ... | These must be returned intact on the completion of the task. |
| A Plane-table with Index Rule ... | |
| A Level and Levelling Staff ... | |

| | Total | ... | 26,400 | 26,400 | 52,800 |

The following are the conditions of sale:—

1. The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2. The opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which, provision is made by clause 13 of these conditions of sale. The bids must advance by Rs. 5 at a time.

3. The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M., but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of

Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4. Each lot shall contain five chests.

5. A Promissory Note for a sum, calculated according to the scale, noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this office by Bank of Bengal receipts or by substitution of other public securities of the Government of India, on or before 3-30 P.M., in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

DEPOSIT.

When the amount bid is less than Rs. 1,200 per chest, Rs. 200 per chest.
On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.
On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.
And so on, Rs. 100 being added to the deposit for every bid additional to the extent of Rs. 400.

6. The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7. The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale or 1-30 P.M., if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8. No tender of money, Bank of Bengal receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale, will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9. The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and, in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10. Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less, than the number of lots or chests ordinarily required to be included in each certificate or order.

11. No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12. The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand render at the time a deposit either in Government of India Notes, Bank of Bengal receipts, or Government securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13. With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually by Rs. 5 at a time until a bid is obtained; and the first *bonâ fide* bidder for a lot, after it has been offered

for sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16. The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—

No. 1, Certificate of the opium advertised for sale;

No. 2, Report of the examination of such opium.

17. The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazipur Factory for the year 1904-1905, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug, when packed at the Patna and Ghazipur Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18. Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

### UNIFORMITY OF TREATMENT IN THE SPELLING AND ARRANGEMENT OF INDIAN PERSONAL NAMES IN OFFICIAL PUBLICATIONS.

Nos. 3842—3874, dated Calcutta, the 30th November 1905.

### RESOLUTION.

THE question of prescribing greater uniformity of treatment in the spelling and arrangement of Indian personal names in official publications has recently received the careful consideration of the Government of India Their action in the matter is the natural sequel of the discussion of somewhat similar questions in the past. In 1872 rules were laid down for the transliteration of names of places, and lists were prepared, which were revised in 1900. A proposal was made as early as 1875 to adopt a systematic spelling of personal names in the Army List, but no steps were taken to carry this out for some years, and it was not till 1884 that a hand-book by Mr (now Sir) C. J. Lyall was published under the title 'Guide to the transliteration of Hindu and Muhammadan names in the Bengal Army.' Subsequently, a manual of Hindu names peculiar to the Madras Presidency was prepared. Burmese names are transliterated according to a special system and need not be referred to here.

2. Although the adoption of a uniform system in the case of the names of places has affected to some extent the transliteration of personal names, neither this nor the publication of corrected lists of names entered in the Army List has been found in practice to be sufficient to secure reasonable uniformity in the spelling of the large number of personal names which are identical or closely similar in form Further anomalies and diversities arise in the process of determining what portions of certain names should be treated as surnames for the purposes of official publications. The result has been that the spelling and the arrangement of names in civil lists and histories of services are inconsistent and confusing. These defects are reproduced in the India List, which is compiled in England from the provincial histories of services. As this work deals with the whole of India and is frequently consulted by persons who are not familiar with Indian vernacular names or languages, it must be prepared on uniform principles.

3. On these grounds local Governments were invited to consider the advisability of introducing in official publications a closer approach to uniformity both in the matter of spelling and as regards the recognition of certain classes of names as virtually equivalent to surnames. Their replies indicated a general consensus of opinion that a uniform system of spelling was both practicable and desirable, and with this view the Government of India were thoroughly in accord. The treatment of surnames presented more difficulty, as it was doubtful whether certain appellations should be treated as surnames, and whether in the indices priority should be given to personal names or to surnames. In order to obtain material for a decision on the general questions raised, local Governments were asked to prepare a list of all vernacular names in their current civil lists showing the arrangement of each name in full and the system on which it should be shown in the index.

4. The complete lists have been received and examined by the Government of India, and it is now possible to issue general orders on the subject. The final decision has been greatly facilitated by the careful manner in which the lists have been prepared, especially those sent up by the Governments of Bengal (where the question was considered by a special committee of which the Hon'ble Mr. Justice Mukherji was a member), Madras and the United Provinces.

5. To take the question of surnames first, it seems to the Government of India that use of these is fully established in Bengal and Assam and in the case of most Hindu names in Madras and Bombay In other parts of India the practice is less clearly defined. The generic appellations affixed to individual names differ in origin, being sometimes sectarian or territorial in character, and sometimes referring to distinctions of caste or tribe. To their treatment as surnames the objection has been taken that they do not form an essential part of an individual's designation and are not invariably used in signatures; while in so far as they denote membership of a religious sect it is argued that they cannot be regarded as distinctive of particular persons. Apart, however, from the question whether these appellations really represent surnames in the European sense, the Government of India are satisfied that in most provinces their use is frequent enough to justify their treatment as surnames for the purposes of civil lists and similar publications. Whether priority should be given to them in indexing depends on local usage. Thus in Madras, where almost every Hindu uses a name of this sort, and the names are invariably known, they should be employed as the main entries. Where, on the other hand, as in the case in the United Provinces, they are used less frequently and are not commonly known, the personal name should form the principal entry in the index, but the caste-name or title used should also be indexed, with a cross reference to the personal name.

6. The question of spelling is complicated by various linguistic and phonetic difficulties, and no single criterion can be entirely relied upon as conclusive. There are many cases in which the pronunciation differs from the written form, and the combined lists have shown that the same name may be spelt in half a dozen different ways. To prescribe absolute uniformity of spelling for all Hindu names of identical or cognate origin would conflict too sharply with popular usage, but in revising the lists prepared by local Governments it has been found possible to reduce the variant forms in each case to two or three for the whole of India. In the case of Muhammadan names, which have been less affected by dialectic changes, consistent methods of transliteration are clearly appropriate.

7. Such are the general principles which the Governor-General in Council has decided to adopt in dealing with this intricate question. Their application in detail will be explained separately to local Governments in letters dealing with the several lists of vernacular names submitted, and so far as the official treatment of all names occurring in such lists is concerned, the Government of India think it important that no deviations from the standard form should be admitted. In conclusion the Government of India would remind local Governments that the question of securing a reasonable degree of uniformity in the treatment of native personal names is of wider import and larger interest than the mere convenience of persons who have occasion to refer to official lists. It is highly desirable on all grounds that incorrect, variable, and debased spellings should disappear from written usage throughout India in favour of accurate and consistent forms. The present orders relate only to a special and limited class of publications, but the Government of India hope that local Governments will endeavour to extend the standard forms of spelling now prescribed to all classes of official documents. They would be glad also to see the influence of high judicial authorities throughout India exerted in the direction of giving wider effect to the reforms now instituted. Native usage in these matters is naturally conservative, and there will doubtless be a tendency for private individuals to adhere to some of the inaccurate variants now current, but the success which has attended the standard system of transliteration for place names encourages the Government of India to hope that the example of a system of spelling calculated to preserve the historical character and associations of Indian personal names will in course of time commend itself to the feelings of the people.

ORDER.—Ordered that a copy of this Resolution be forwarded to all local Governments and Administrations, all Departments of the Government of India, and offices subordinate to the Home Department, for information and guidance.

ORDERED also that the Resolution be published in the *Supplement to the Gazette of India* for general information.

## Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government to the undermentioned estates situate in the district of Hooghly will be sold by public auction subject to the conditions specified below at the Hooghly Collectorate on the 18th December 1905, corresponding with 3rd Pous 1312 B.S.:—

*Conditions of Sale.*

*1st.*—The estate is to be sold to the highest bidder above the upset price, viz., Rs. 44. The purchaser of the estate will be registered as the proprietor of the estate, and the entire proprietary right of Government will be transferred to him subject to the payment of revenue fixed in perpetuity of Rs. 22 as per schedule given below.

*2nd.*—The sale is to be subject to existing leases and the rights conferred by the settlement proceedings and by the laws in force, and purchasers are to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

*3rd.*—If the amount of purchase-money does not exceed Rs. 100, the whole of the amount is to be paid down at once.

*4th.*—If the amount of purchase-money exceeds Rs. 100, one-fourth of the amount of bid is to be immediately deposited. If the balance be not paid by the noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by the noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate is to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement, as in the case of original sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates, situate in the subdivision of Narail of the district of Jessore, will be put up to sale at the Narail Deputy Collectorate on Monday, the 8th January 1906, corresponding with the 21st Pous (Bengalee).

The purchasers will be subject to the following conditions of sale:—

*Conditions of Sale.*

*1st.*—The estates to be sold to the highest bidder above the upset price which will be fixed by the Collector at the time of sale. The purchasers of these estates will be considered as the proprietors of the estates, and the entire proprietary right of Government in such estates will be transferred to them, subject to the revenue fixed in perpetuity.

*2nd.*—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force; and the purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

*3rd.*—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

*4th.*—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estates to be again put up to sale at the risk of the defaulting purchasers, after issue of advertisement, as in the case of original sale.

## Noitce.

DRUGGISTS AND CHEMISTS dealing in morphia are hereby informed that, in consequence of the spread of the morphia habit in Rangoon, action has recently been taken by the Government of Burma to restrict dealings in the drug in that province. The result of this action is that the drug may now be imported otherwise than by Government by the following persons only:—

(*a*) A medical practitioner, if the morphia is produced out of India and is imported by sea. A medical practitioner is defined as a person who has been registered under an English Medical Act or who has received a medical diploma from an Indian University and who practises medicine according to European methods.

(*b*) Any pharmacist duly authorised by the Financial Commissioner to import morphia in such quantities and on such conditions as the Financial Commissioner may prescribe. A pharmacist is defined as a person who deals in European medicines and drugs as a means of livelihood and who has been licensed to sell morphia retail.

It has been decided for the present to grant only one license for import by a pharmacist, namely, to the firm of Messrs. E. M. DeSouza and Company, Rangoon, and to limit the quantity of morphia which can be imported by them at one time to 100 oz.
